J. N. Russell Pardoned and Now at Home. Joseph N. Russell, with whose trial and sentence to life imprisonment for the murder of his son-in-law, Andrew Carlson, at Randolph, in this county, in 1897, is familiar to all our people, was pardoned by Governor Geer Tuesday last week and arrived at this place last Saturday, about 10 a. m., in charge of his wife. They passed the time till noon at Capt. G. W. Leneve's, and then proceeded homeward on the boat.

Mrs. Russell seemed a most happy woman, and looked the younger of her frequent hard trips from here to Salem and return, and of the mental strain, anxiety and physical tension that attended her during so many months to secure petitions and letters to the governor from such a host of officials and citizens of Coos and Douglas counties, having been so greatly aided and encouraged by personal letters from Judge Fullerton, the trial judge, Prosecuting Attorney Brown, the names of the several jurors, etc., etc., besides personal appeals to the governor.

The old man stood the trip much better than had been expected. He was looking fairly well, his face being ruddy and flushed as with excitement attending a sense of relief, though his apparent corpulence was not natural, but dropsical. He was versatile, replied promptly to questions and plied questions. He wore his G. A. R. badge, being a veteran of two wars and a pioneer in the territory of Oregon. He served four months in the Rogue River Indian campaign of '55-'56, and three years in Co. G, 1st Oregon Cavalry, organized at Jacksonville by Capt. H. C. Small and 1st Lieut. Wm. M. Hand, from which he claims an honorable discharge.

Mr. Russell is 64 years old, quite broken down mentally and physically, and it is Mrs. Russell's aim to get him into the Soldiers' Home at Roseburg, so that he can get proper treatment, and if he should die relieve his family from the stigma and regrets that would attach had he died in the prison.

More Troops Landed at San Francisco.

San Francisco, Aug. 31.—At 9 o'clock this morning the officers and men of the Idaho, First North Dakota and First Wyoming regiments of volunteer infantry, and the battalion of Wyoming light artillery, who arrived yesterday from Manila, disembarked from the transport Grant and marched in a triumphant procession through the city to the Presidio, where they are to remain in camp until mustered out of service. The men wore regulation khaki uniforms, and were decorated with laurel wreaths, and a bunch of flowers was inserted into the muzzle of each rifle.

Filipinos Are Active. Manila, Aug. 30.—It is reported that Aguinaldo has ordered the rebel generals in the province of Cavite to close in on and attempt to take the town of Imus, and it is added the troops are concentrating around town from the lake country. The rebels, it is further said, have an outpost of 700 men on the Desamun road and an equal force in the town of Anabo. The Americans are intrenching the town, and have no fear of the result of any attack by rebels.

The Steam in Our Eye. Captain Carter stole between \$1,500,000 and \$2,000,000 from the government, and was guilty of several other offences "unbecoming an officer and a gentleman." He was unanimously adjudged guilty by a court of 11 officers, of whom General Ellwell S. Otis was the judge-advocate. This was over a year and a half ago. Yet Carter goes on drawing his pay and perhaps stealing other hundreds of thousands, while the attorney general takes months, running into years, to "render an opinion." An officer without a "pull," for some petty offense, would have been punished and disgraced long ago. And there is Egan, drawing his magnificent salary, and stinking of embalmed beef. When we criticize the French army officials they may well say: "You had better look at your own affairs." —Portland Telegram, (Rep.)

Presidential Party Leaves Canton. Canton, O., Sept. 1.—To the accompaniment of enthusiastic cheers from a large crowd that thronged the station platform the special train, bearing President and Mrs. McKinley, steamed out of Canton at 9 o'clock tonight. The president, from the rear platform, bowed his acknowledgments for the kindly demonstration. The train goes direct to Washington.

Ohio Convention. Zanesville, Aug. 30.—John R. McLean was nominated for governor by the Democratic convention on first ballot. The platform adopted reaffirms the entire Chicago platform and especially emphasizes the financial plank therein; renomination of Bryan demanded and unalterable opposition to imperialism in the United States is declared.

Shackelford Has a Majority in Missouri. St. Louis, Aug. 30.—Returns from four-fifths of the voting precincts in the Eighth congressional district and close estimates of the remaining one-fifth gives Shackelford, Dem., 19,830; Voshell, Rep., 16,891; Hale, Pop., 614.

The second city of the British empire in size is Calcutta. Forty-three popes reigned during the building of St. Peter's cathedral, Rome. A million dollars were spent in stipends to Presbyterian ministers in Canada last year.

It is estimated that about 400,000 acres of land in the United States are planted with yines. When first known to the Romans silk was so dear that it was sold weight for weight with gold. The fraternities of the United States have 6,090,000 members, the Masons leading with 768,500 members.

It is estimated that the consumption of beer in the entire world amounts to \$1,080,000,000 per annum. Half the ships in the world are British. The best of them can be converted into ships of war in forty-eight hours. Gainesville (Tex.) Hesperian: Uncle Lamb Mercer, a faithful old darkey, died yesterday afternoon and will be buried this evening. He was once the property of A. J. Thompson, who esteemed the old man very highly. Uncle Lamb was 70 years old.

Pardoned and Coming Home.

Mrs. Joseph N. Russell departed on last night's overland train for her home at Marshfield (?), Coos county. She was accompanied by her husband, J. N. Russell, who was yesterday released from the state penitentiary, having been pardoned by Gov. T. T. Geer. Russell was convicted of murder in the second degree in Coos county and was sentenced to the imprisonment, being received at the penitentiary October 21, 1897. The pardon was granted upon petition of many of the leading citizens of Coos county, including Judge Fullerton, the trial judge, and upon the recommendation of the prison officials and the physician, the aged man being in a dying condition, suffering from dropsy.—Salem Statesman, Aug. 30.

State Land Board Receipts. The amount received by General Odell in his department during the month of August, was yesterday transferred to the treasury department by check. The amount, \$107,129.91, being received upon the following accounts: School principal, \$75,376 71; School interest, 29,154 66; University principal, 100 93; University interest, 106 96; Agricultural college principal, 1,432 70; Agricultural college interest, 737 72; Swamp land, 220 85. Total, \$107,129 91.

Had to Cough Up. Chas. Nickel, the Democratic war horse and editor of the Jacksonville Times, arrived in Portland yesterday. He had been taking in the Astoria regatta and the beaches. It is reported on the rumor that Charley ran "up against" a preacher on the train from Seaside to Astoria, who compelled the Jacksonville editor and his banker friend, Mose Block, of Portland, to cough up transportation notwithstanding they both had passes. It appears the train was an excursion of the W. C. T. U., and the temperance people wanted him to put up the fare in cash.—Mercury.

The Pension Roll. Washington, Aug. 31.—The annual report of Hon. H. Clay Evans, commissioner of pensions, shows that during the year there were added to the pension roll 40,329 names, and 43,186 were dropped, 34,345 of these by reason of death. There was expended for pensions \$138,355,052. The roll is made up of 753,451 surviving soldiers, 237,145 widows and dependent relatives and 673 nurses.

To Welcome Dewey. San Francisco, Aug. 30.—Two 10-ton guns left Mare Island today for Vermont, where they will boom a salute from the hills surrounding Admiral Dewey's native town of Montpelier when the flagship is sighted off Sandy Hook.

Good Enough to Take. The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. How Are Your Kidneys? Dr. Hobb's Sarsaparilla cures all kidney ailments. Add: Sterling Remedy Co., Chicago or N. Y. Bandon Recorder: The gasoline schooner Barbara Herster has returned from her trip to Alaska and will now run to this river. This vessel makes a very good freighter and it is to be hoped that she will receive better patronage than she did before. Shippers on the river have gained a little experience since she was taken off this run, in the way of exorbitant freight rates and inconvenience in shipping and it is more than likely that she will receive a good share of patronage hereafter.

Roseburg Review: The following Coos county people were hotel arrivals in Roseburg Tuesday: Ben Figg and wife, Pinkston Laird, Coquille City; Ike Barklow, Myrtle Point. Sheriff Jessie Turner and Ezra Turner, of Curry county, also passed through town bound north.

A little girl, whose mother left her alone at night, after telling her the room was full of angels, was heard saying to her doll: "Now, dollie, you mustn't be afraid. The room is full of angels. It beats the devil how I'm afraid of angels." A little 3-year-old girl went to a children's party. On her return she said to her parents: "At the party a little girl fell off a chair. All the other girls laughed, but I didn't. Well, why didn't you laugh? 'Cause I was the one that fell off." "She frowned on him and called him Mr. Just because in fun he Kr. Then in spite, The following note, This naughty Mr. Kr. Sr."

Giles & Son have a large kiln of brick closed and another large one almost ready to enclose. T. M. Hermann left Sunday last for Washington, D. C., to resume his duties as chief of the western division of the pension bureau. L. L. Haines and sister, Hattie, of Eckley, were in town Thursday en route to Portland. Miss Haines will attend the state normal school at Monmouth.

Public school was commenced last Monday, with Prof. M. O. Hawkins as principal, and Misses Maud Deyoe and Lulu Walker as assistants. There are 90 pupils enrolled. One hundred and thirty-eight head of beef cattle, averaging in weight 1220 pounds, were shipped to Marshfield Tuesday by J. McDermott. From there they were shipped by the steamer Empire to San Francisco.

Thomas Guerin was down from Eckley Wednesday. He exhibited about \$150 in dust and nuggets, among them one of \$20, the result of a week's work for himself and two brothers in their south Sixes placer mine. The complaint is made by people from the Sixes country that hunters from the several towns in the county go there and have a sort of sporting contest to see who can kill the most deer, and carcasses by the score are in evidence. The game warden will be asked to interfere, and hunters will find themselves in the foils of the law if they do not call a halt.

F. H. Osgood and Robt. Harrison returned from the Sixes Thursday. Mr. Osgood was here negotiating for the Mountain Daisy and other mines in that section. He took specimens from several mines and has no doubt as to their richness. He left for Seattle Thursday evening, but will return in a short time and will purchase a number of claims in the Sixes and in the Johnson creek country and will put them in active operation.

(Bandon Recorder.) The woolen mills received 54 sacks of wool this week by schooner from San Francisco. The cannery crew for the Parkersburg cannery arrived on the river last week and are making preparations for this season's pack. It is understood that John Kierney, the contractor for the jetty work at this place, will be here to commence work early in September.

Some weeks ago a very large dead sea lion came ashore below the lookout, and Monday night another dead one drifted into the river and landed near the blacksmith shop. Joseph Ferry, of Riverton, was quite seriously injured last week by receiving a fall on account of the staging giving away while unloading ballast from the schooner Volante.

The government steamer Gen. Wright arrived in last evening and will survey the bar, entrance to the river and inside as far as the point above town. AN ACCIDENT AT PROSPER. Late Monday evening John Moore, watchman at the Prosper sawmill, met with quite a serious accident, which resulted in spraining both of his ankles, breaking one rib and other painful bruises. Mr. Moore had been in Bandon during the day and upon returning to the mill about the time to close work for the day he proceeded to attend to his duties around the building and in some way was caught by falling timbers, receiving injuries as above stated. Dr. Hayden was summoned and the injured man attended to. Although his injuries are quite severe Mr. Moore was very lucky in not being more seriously hurt, as the timbers were very heavy. He is getting along as well as possible under the circumstances.

Bandon Recorder: The following are among the campers at present: Misses Edna O'Connell, Mabel O'Connell, of Marshfield, Belle Rich, Josie Lyons, Marvin Lamb, Kittle Johnson, Mrs. J. S. Lawrence, Mrs. Bert Tuttle, W. H. Lyons, L. P. Maury and family, Mrs. W. W. Gage and family, Mrs. A. L. Nosler and daughter, Mrs. Burns and children, Mrs. John Kronenberg and daughter, Mrs. Owen, Mr. and Mrs. Krewson, Mr. Charles Skeels, Miss Birdie Nosler, Mrs. J. B. Fox and Mrs. Ed Dickson of Coquille.
