LOCAL ITEMS.

Additional locals on 2d page. The Marshfield schools open on the 18th. The Herald is prepared to do job printing in the best style. Dress goods in piece and pattern lots, just received at Hawkins' New Store. Mrs. Ohman, of Marshfield, was a visitor in Coquille a day or so last week. Our primary department teacher, Miss Pearl Fetter, will board at Mrs. Messer's. Rev. R. A. Reagan, now a resident of Texas, is visiting old time friends at Roseburg. Mrs. Hersey would like those owing her to call and settle. The money is much needed at present. Ducks are on the wing. The closed season is between March 15th and September 1st of each year. Special lines of ladies' misses' and children's underwear, at bed-rock prices at Hawkins' New Store. Ed Bunnell lately sold his place near Fairview and bought another near Myrtle Point, to which he will move at once. It is a great rush at J. J. Lamb's closing out sale. Such bargains were never offered before, and the people realize the chance. Phil Drane took over to the bay last Tuesday about 50 hogs, which he sold to McDermott, the San Francisco troyer, at the bay. Geo. Martin got in from Roseburg yesterday, nearly a day behind, owing to the heavy roads by the hard rains of several days past. Johnson Bro's creditors have forced them to close their books against all creditors. But don't you forget it, they are in the market for cash. Attorney S. H. Hazard came over from the bay Saturday on the extra train, on legal business, returning home the same day by special conveyance. Mrs. B. R. Myratt and children returned from a visit to her old home in Camas Valley Sunday of last week. Miss Lydia McCullough, her youngest sister, accompanied on a visit. Mrs. John Johnson and sister, Miss Rhoda Coon, of Camas Valley, came down from the North Fork yesterday, stopping with the Johnson Bros.—Sam and Dad—a day or two. Young Mrs. Sam Johnson is also visiting from Myrtle Point. The New Store—Prof. Hawkins'—will receive another large and select stock of new goods tomorrow. Mrs. Messer is in charge, during the proprietor's absence, and will astonish you with the handsome new styles and low prices. In Carry circuit court, before Judge Hamilton, in the case of the State of Oregon vs. Charles Strahan, charged with assault, defendant was convicted and sentenced to pay a fine of \$500, and was committed to the county jail until such fine was paid. The pain of a burn or a scald is almost instantly relieved by applying Chamberlain's Pain Balm. It also heals the injured parts more quickly than any other treatment, and without the burn is very severe does not leave a scar. For sale by R. S. Knowlton. We find our citizens generally agree with the Herald for supporting a steamer or two between the city and this river, being not unwilling to pay a good freight rate, but they do kick at the toll exactions at Bandon for wharfage, and at being forced to pay it even when they could lighten their goods and forward them promptly without use of storage. Now, neighbor Green, work up this reciprocity for the general good and dispense with middle-men and unnecessary handling or brief storage fees. Our friends at Bandon will fare better to have the boats running than a toll-gate in operation. Rev. E. L. Fitch, of the M. E. south church, will leave for annual conference at Grants Pass next Monday. His services next Sunday and Sunday night will close his conference year at this place, but we are sure most of his people and our citizens generally wish to have him and his charming wife and children returned. He has only been with us one year, coming directly to us from the east, and now has his special work well in hand, knows our people and their wants, is social and public spirited, well liked, and just getting the parsonage and church in comfortable shape, so we think it is due to the community, to his family and himself to have him returned.

Trunks and Telescopes, cheap, at Berlin Store. A bank for this place is being canvassed. We need one. Big stock of wheat for chicken feed—also at cut prices to close out—at J. J. Lamb's. Mr. Gallier is improving his property near the confluence, chiefly in placing a new fence. A new line of ladies' and children's shoes, as also gentlemen's Slippers, at Hawkins' New Store. New and nice lines of Worsteds, reasonable Dress Goods and Crepones just opened at Hawkins' New Store. William Willard was down from Fishtrap this morning. He thinks damage by rain will not result to standing crops. W. Albee, of the Arago shingle-mill firm, visited town yesterday. They have heavy orders for shingles and are busy. Rev. E. A. Ross was to begin a two weeks' series of revival meetings in the M. E. church, south, Ashland, last Sunday. ESTEY ORGAN FOR SALE.—Nearly new; high top, fine parlor organ. Only used about two months. Apply at the HERALD office. Capt. Boon was a visitor in Coquille from his Samner home last Saturday. The captain had not visited us since February last. Long & Son will receive a large stock of sole-leather and shoe findings by next boat, and include that line in their already large store. Mr. and Mrs. Sugg were in from the Pike logging camp at Sumner last Saturday. They brought their little daughter, Eya, to attend school. B. F. Parsons, the well-known Oculist and Optician will be at Coquille City soon. He will make you glasses that will give you rest and sight. Tex Robison was doing town yesterday on business. The heavy and protracted rains were doing much damage in the Fishtrap and Arago sections. E. H. Bayers, of Sumner, came over last Saturday and brought with him his two younger daughters, Millie and Nettie, to attend school here this winter. Very heavy rains have fallen in this section since Saturday evening last, fearfully damaging the crops that are ripe or being harvested. Last night quite a thunder storm raged. FOR SALE.—In Bandon, one of the choicest locations, a pleasant home, new, unique in style, and with a splendid view of the town and ocean. Sheltered from the north winds. For particulars, apply to the HERALD. The Y. M. C. A. and the Y. W. C. A. at the university at Eugene tender their services gratuitously to persons desiring to attend that school by giving such information as they may need. See communication relative thereto. Miss Pearl Fetter, teacher of the primary department in our school, visited home a few days, since the close of her school at Lampey creek, and returned to this place Friday to be present at organization of school yesterday. We made mention, incidentally, recently, that our Bro. White, of the Salvation Army, was taking a hand in making guitars out of our handsome myrtle wood—occupying intervening time from his work in his shoeshop—and the result is he is receiving orders, and last Saturday shipped one abroad to a purchaser. Miss Kitty Johnson, who visited the beach last week with neighbors and friends, while out walking Saturday evening after dark, in Bandon, fell from a foot-bridge and injured her right ankle painfully. She was ministered to and came home on Sunday's boat, but it is thought one bone must be broken, or is very severely sprained. Wm. Baskirk and son, Vonie, began excavating and grading the sidewalk and lot on the south side of Front street, near the Fry grocery, last Friday. Marshal Way and Capt. G. W. Leneve will jointly put up a business house there. Thus we grow. Four business houses are now under headway, two large and well advanced structures and two just starting in. G. W. Wimer, jr., returned from Waldo, Josephine county, last Thursday, on a visit to his former home, near Arago, and fresh from the Wimer Bro's mines. He gives a good report of the late clean-up by the Wimer Bros., when they shipped sacks of dust to the City. George will return at once, taking with him a daughter he had left with friends on the upper river. Hon. B. Hermann last week returned to his duties in Washington, his visit to his friends and old home in this section being very brief and limited. Mr. H's duties as commissioner of the general land office are onerous and pressing, and he gives his interested personal supervision in all its departments, hence his short visit. His hosts of friends at this place and throughout the county would have been glad to have greeted him.

SWAMP.—Is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. At druggists in fifty cent and dollar sizes. You may have a sample bottle of this wonderful new discovery by mail free, also pamphlet telling all about it. Address, Dr. Kilmer & Co., Binghamton, N. Y. Rev. John Bonewitz, of Norway, was down on business this morning. Attend the Populist club meeting at Gray's hall tomorrow evening. Mrs. Moon will leave for the city at once to select a stock of winter millinery. School Books and School Supplies of all kinds at the Coquille Pharmacy. Mrs. Shepard has been visiting in town, and will move to Beaver Hill this week. Closing out prices for men's and boys' Hats and Caps. All kinds, at J. J. Lamb's. Mr. and Mrs. J. W. Krewson, after a visit of about two weeks at Bandon beach, returned last Friday. Everything in the line of School Books, Tablets, Pens, Ink, Slates, Pencils, etc., at the Coquille Pharmacy. Miss Susie Oliphant, of Looking Glass, was a visitor at Mrs. Myratt's last week, later going to Beaver Hill. A big line of Shoes, for men, women and children, at the closing out prices at J. J. Lamb's. The best chance yet. If you are a Populist, or desire political reforms, attend the Populist club meeting in Gray's hall, over Berlin store, tomorrow evening. The steamer Barbara Hernster reached our river yesterday morning. Her cargo for this place came up in the evening per steamer Bismarck. Albert Johnson will return to the State University at Eugene the last of this month—and not "this week" as we said on our outside today. Ex-Attorney General Idleman, of Portland, had been a visitor in this section the past week, in the interest of some railroad matters, we understand. Buy one of the Ideal Steam Cookers from Mrs. Root, the agent. It will save so much household drudgery and labor, and will save its cost in a short while, besides doing such perfect work. J. E. Martin, who was hurt by a fall at Riverton a few days ago, while at work unloading ballast from the schooner Confianza, was in town last Saturday somewhat improved and still on the mend. San Jose woolen mill suits—all wool goods and guaranteed equal to the best in the market—for both men and youth, at J. J. Lamb's closing out sale. No such bargains were ever offered before. The prices are cut on the goods as on all the stock. Jas. L. Ferry, of the Blanco Hotel, Marshfield, passed through this place on summons to Riverton last week to visit his brother, Joseph, who had received severe injuries from a fall while at work on the schooner Confianza. The latter is improving, however, and James went home. H. I. Rees, head-chief of the late excursion from Johnson's mill to Bandon, was delighted with the outcome of their very pleasant trip, the pleasurefulness of the excursion and excellent behavior of the friends attending. There was nothing to mar the event and the weather was charming. Roseburg Review: The barn of Walter Laird, near Reston, burned last evening, with twenty odd tons of hay, considerable feed, six sets of harness and other contents. The insurance of \$400 will fall far short of covering the loss which falls very heavily upon Mr. Laird. There were several men at work around the place, which is a stage station on the Roseburg-Marshfield route, but the flames spread so rapidly that little could be saved. Probably the fire caught from a lamp which was in the barn, but this is only conjecture as its origin is unknown. The Baptists of Coos county held a council of ordination at Marshfield last week, delegates being present as follows: Deacon H. N. Black, M. T. Olivet and J. Quick, let Baptist church of Coquille; D. C. Bantleman, Bear Creek; also evangelist brethren T. Irvin, and Walsh. Rev. J. T. Hoye was made moderator and J. Quick secretary. T. J. Owen was the candidate for examination and ordination, the former of which he passed creditably as to the doctrines of the Bible as believed and taught by Baptist churches, and the council thereupon passed a motion to ordain him at night service to be held that evening. Rev. J. T. Hoye delivered the charge to the candidate, Bro. Thos. Irvine the ordination prayer, and the council then ordained by laying on of hands. The evening services were led by Bro's Irvine and Walsh. Our townsman, Mr. Quick, was a delegate and secretary of the meeting.

Death of Provit Dean. Provit Dean, a pioneer of this section, died at the home of Mr. and Mrs. D. F. Dean in this place near 3 o'clock p. m. yesterday, after a long and distressing illness. Deceased was well known in this county as a peaceable and good citizen, certainly always with the best of intentions, however peculiarly he may have planned to carry out his theories. Provit Dean was born at Nashville, Tenn., Aug. 5, 1828, and died in Coquille City Sept. 4, 1899, being thus 71 years and 29 days old. He came with his family to Coos county in 1873. There are four living children—J. C. Dean and Mrs. L. D. Belieu in this county, Mrs. William Jackson at Etma Mills, Cal., and Mrs. O. O. Dickson of Edgewood, Cal.; also an older surviving brother, Robert Dean, and an extensive relationship in that place. Deceased had been an Odd Fellow for more than 40 years, and the brotherhood here took charge during the late sickness, and at 11 a. m. tomorrow will conduct the funeral rites from the hall and consign the remains in the Odd Fellows cemetery. Peace to his ashes. Our City Schools Opened Yesterday morning. The sweet-toned bell rang out at 8:30 and soon a host of pupils were on their way, giving quite a lively appearance to the streets leading schoolward. Part of the school board was present with the teachers—Chairman Collier and Mr. James (Mr. Fox being absent in the country); Mr. and Mrs. J. S. McEwen were also present. The enrollment up to morning recess was as follows: Miss Fetter's primary room, 53—every seat being occupied; Miss Beyers' 2d intermediate, 51; Mrs. Chase's 1st intermediate, 40; Prof. Nosler's department, 20—making a total of 172 scholars. Three rooms are full, another half full, and about 130 scholars yet to be heard from. Destructive Fire at Empire City. Monday morning, about 3 o'clock, an old building belonging to John Flanagan and occupied as the Bear Trap saloon, broke out in flames and was destroyed. The loss of that building was but a trifle, but the fire communicated with Sengstacken's store, a large double frame, good 2-story building, and carrying a large stock of general merchandise and occupied as the postoffice. The building was fully worth \$3000 and was totally destroyed; what proportion of the stock of goods or loss to the postoffice we have not learned, nor what insurance, if any, was carried. The Odd Fellows' hall, a good 2-story building, worth \$2500, was also destroyed. The fraternity also lost valuable furniture, books and papers, regalia, etc. The telegraph office and Schetter's shipagency also occupied this building, but we have no statement as to the loss nor insurance. Thomas H. Walker's machine-shop occupied an ordinary building, but carried much expensive machinery, was also destroyed and proves a heavy loss to Mr. Walker. While the fire was confined to these limits, the loss is quite heavy, notwithstanding, and will figure up to \$10,000 or more. To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money. A Stockholders' Meeting Of the Coos County Mercantile and Shipping Association was held in their hall, as per call, last Saturday afternoon. The attendance was not what it should have been, and among other late evidences goes to show what little interest some people take in important and essential matters, even of personal advantage, and the kick comes next without excuse or justification. The meeting was called to order by J. J. Stanley, secretary pro tem. On motion, J. P. Goodman was chosen chairman, in the absence of W. Drain. Secretary Stanley read the minutes of the last annual meeting and the proceedings of the board of directors, which were on motion approved. The secretary and treasurer were given further time to make up their annual reports, to be given at an adjourned meeting to be held Saturday afternoon, September 16th. Election of board of directors for the year was next in order, and resulted as follows: J. P. Goodman, Harvey James, J. S. McEwen, Mrs. Emma J. Hite and J. J. Stanley. The secretary gave some information asked for, and then on motion the meeting adjourned till Saturday afternoon, September 16, at 2 o'clock. A fine, nearly new Estey organ—best make on the market—for sale. Apply at this office. Miss Mary Quick is in charge of the school at Fairview this term, known as the Moon district. Mrs. Otilie Parker has been appointed postmaster at Parkersburg, vice Judah Parker, deceased. First-class San Jose mills suits for men and boys, at J. J. Lamb's. Everything goes at the closing-out prices.

Good impressions of a Late Visitor. Rev. M. M. Eshelman, of the German Baptist church, recently assigned as state evangelist of that body for Oregon with his home at Salem, lately officially visited our valley, and on his return to Salem included these complimentary words in a letter to us: SALEM, Or., Aug. 30, 1899. DEAR SIR: The visit to your beautiful valley by Mrs. E. and myself was greatly enjoyed. While the Coquille valley is almost a little world of itself, it has a people worthy of all the goodness found in every niche along its pretty streams and up by the hillsides. When every particle of brush shall have disappeared along the Coquille river, and orchards and lovely dwellings shall grace every section, a more beautiful region will be difficult to find. As a fruit and dairy and lumber region it leads—never follows. I was impressed with the wonderful fertility of the soil and the possibilities of the future. Climatically your summers are a joy. Energy, perseverance, economy and sound principles of husbandry will always bring the sure and gratifying reward. Yours truly, M. M. ESHELMAN. A Free Trip to Paris!
