Both Ready to Strike.

London, Sept. 29.—Indications this evening lead to the belief that, in view of the cabinet message, the Boers will probably commit an overt act, which will bring on hostilities before the assembling of parliament. All the latest dispatches from the Transvaal show the liveliest activity on the part of the burghers.

BURGHERS START FOR VOLKSRUST.

London, Sept. 29.—A telegram received today from Pretoria says two batteries of field artillery and 500 burghers have started for Volksrust, and that another 500 will go there today.

The streets at Pretoria present a scene of great military animation. Armed burghers and artillerymen are riding about, the field cornets being engaged in warning the burghers to be in readiness at a moment's notice.

BOERS MAY STRIKE MONDAY.

London, Sept. 30.—It is reported that the Indian contingent has sealed orders to land at Delagoa bay.

Rumors are current this morning in Johannesburg that the Boers will take the initiative Monday on the border east and west of Charlestown.

Prisoners Given Up.

Manila, Sept. 30.—Fourteen American prisoners, all enlisted soldiers, have been delivered up by the Filipinos. It is reported from Ilo Ilo that the insurgents have arrested Viarayan, a general, charging him with being a traitor. Tribal discord, it is added, is growing. Many rebel soldiers have revolted. Many European prisoners are escaping in the meanwhile.

Captain Carter Sentenced.

Washington, Sept. 30.—Captain Carter is sentenced to five years' imprisonment and to pay a fine of $5000. This sentence was approved by the president today. Carter is now at Governor's Island under arrest, and the sentence will begin immediately.

The Linnton smelter, near Portland, which has been closed for some time, has been purchased by the English Development Company of London, and will reopen in a short time. The company will put $500,000 into the works. Southern and eastern Oregon have been granted by the railroads special rates on ore and the English company expects to make a success of the plant.

Albany Herald: Chas. Parsons, who lives about five miles southeast of town, hunted Chinese pheasants yesterday and Deputy Game Warden A. J. Miller was in the vicinity. He brought Mr. Parsons and pheasant to Albany. Parsons presented J. P. Freeksen with $15 and paid other incidental expenses. The pheasant was dead and was duly provided for.

"You can usually tell a business house that doesn't advertise," remarked the man about town. "There is always some sign or other to give it away. I was in one this morning making a small purchase and they had a dog that actually barked at me. I suppose he was surprised to see a new customer."

Miss Della Scovel, daughter of E. K. Scovel, of Nehalem, disappeared on Tuesday of last week from her home. On Thursday her body was found in the Nehalem river with a stone tied to her neck, indicating foul play.

Good Enough to Take.

The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough it is not equaled by any other. It always cures, and cures quickly. For sale by R. S. Knowlton.

FOUL MURDER AT GOLD BEACH.

An Aged Pioneer Lady Killed for Her Money.

Mrs. Edson, better known to the pioneers of the coast as Mrs. Christine Geisel, an old lady residing at Gold Beach, was the victim of a foul marder at Gold Beach last week. Mrs. Edson, who lived alone, possessed a neat, comfortable home at Gold Beach and was known to have considerable money. Early Tuesday morning it was discovered that her house had been destroyed by fire. An investigation followed and the charred skeleton of the old lady was found on the springs of the bed in her room. It is the supposition that the assassin or assassins had been secreted in the house on the previous evening, or entered in some quiet manner during the night and killed her, by some means, whether while she was asleep, or whether there was a struggle is not known. The murderer then secured what money there was in the house, brought a can of coal oil into the bed-room, poured it over the victim and started the fire.

In speaking of the deceased, the Port Orford Tribune says: "Mrs. Edson was quite aged, and a highly respected pioneer resident of Rogue River. On the 22d of February, 1856, her husband, John Geisel, and her three sons were murdered at their home a few miles north of the mouth of Rogue River, in her presence, by Indians, the house being set on fire and the bodies of her loved ones being consumed with the house, while herself and two little daughters, one an infant, were made captives. And now, after 43 years of mourning for her dead, always faithful in attending and watching over their last resting place and seeing that their graves were kept green, she meets an identical fate equally as savage and fiendish as that of which she was a helpless spectator so many years ago."—Myrtle Point Enterprise.

(Bandon Recorder.)

The telephone company will soon begin putting in a local exchange system at this place.

Evan Morgan has gone to the Umpqua, where he will take charge of the engines on one of the river boats.

Last week the government steamer Manzanita anchored a buoy off the bar in place of the one which went adrift some time ago.

W. S. Marshall has rented his dairy farm in Curry county to parties from California and will soon depart for Santa Rosa, where the family will make their home for some time.

A commission man from San Francisco who was in this section recently said that Coos bay apples are considered the best that reach San Francisco and bring the highest prices. The greater portion of apples known as Coos bay apples are raised on the Coquille river.

While being towed into the river last Saturday the schooner Lizzie Prien was considerably damaged and will be detained some little time awaiting repairs. The forward end of the centerboard dropped down and striking the bottom of the channel the planking and timbers were strained and broken and the centerboard broke and came out, going ashore on the rocks near the south jetty.

Last Saturday evening the steamer Reta arrived from Myrtle Point with about fifteen Masons and their families, who came here on a fraternal visit to the Bandon Masonic lodge. The visitors were royally entertained by the Masons of this place, and on Sunday enjoyed themselves on the beach. The Reta left here for Myrtle Point early Sunday afternoon.

Peter Loggie left yesterday for New Whatcom, Wash., where he will take charge of a large sawmill business. For a number of years Mr. Loggie has been a prominent factor in Bandon's interests and has numerous friends who will be sorry to hear of his departure, but the best wishes of all go with him and wish him success in his new home.

Last week word reached here that Mrs. Edson, an aged lady living at Gold Beach, Curry county, had been burned to death. She lived alone some distance from the town and her house was discovered on fire and in the ruins were found her charred remains. It is supposed that she was possessed of some money, and it is hinted that perhaps a crime has been committed.

Mrs. Mary Brooks, the first woman ever received at the Jackson, Mich., state prison, was recently married to Dr. Stuart, who was the complaining witness against her and who was largely responsible for her conviction of poisoning her husband. Dr. Stuart was the family physician.

Early closing of business houses in Oregon City began last week. It was brought about by the retail clerks' association.

Oregon's Weeds.

Prof. E. R. Lake, one of the botanists at the Oregon state agricultural college, is making a collection of the noxious weeds of the state. These will be mounted and sent out to the various county courts throughout the state so as to enable the county officers to determine whether weeds alleged to be those which come under the ban of the state law are in fact such, or not.—Salem Statesman.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get DR. INCLINATION, DR. EXPERIENCE and DR. REASON to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. LA GRIPPE

Is now reaping a rich harvest. It is drawing thousands within its relentless grasp. Medical statistics compiled by the best physicians of the world show that over 60 per cent of the cases of acquired CONSUMPTION are due to LA GRIPPE. The consumption develops owing to the weakened state of the lungs produced by the disease. There are also other points of weakness. Refer to the numbers on the chart. Study each one carefully. Familiarize yourself with them. If you have an attack of La Grippe begin the use of HUDYAN as soon as the acute symptoms have subsided. HUDYAN will bring about the restoration to perfect health.

THE PARTS AFFECTED ARE:

1. THE MUCOUS MEMBRANE LINING OF THE BACK PORTION OF THE NOSE—It becomes inflamed and thickened, and a Chronic Catarrh is the result. HUDYAN will reduce the inflammation, produce a perfect circulation of blood and leave the mucous membrane in a perfectly healthy condition.

2. THE EAR DRUM; THE MUCOUS MEMBRANE OF THE EAR—It becomes inflamed and thickened, giving rise to almost total deafness. Hudyan will prevent the spread of the inflammation. The drum will not be affected and hearing will be unimpaired.

3. CHRONIC TONSILITIS OR CHRONIC SORE THROAT—From the same cause as the two preceding. HUDYAN will prevent its coming on.

4. WEAKNESS IN THE HEART—HUDYAN will strengthen the heart nerves, equalize the circulation of blood and cause the heart-beats to become strong and regular.

5, 6. A WEAKENED CONDITION OF THE LOWER LOBES OF THE LUNGS, LEAVING THEM PRONE TO ATTACKS OF PLEURISY, PNEUMONIA AND CONSUMPTION—By its effect on the blood and nerves HUDYAN will cause the lung tissue to become strong and healthy and able to throw off the germs of the much dreaded pulmonary diseases.

7. LUMBAGO, OR WEAK BACK—HUDYAN will strengthen it almost immediately.

HUDYAN will cure all of the above symptoms and leave your whole system in a perfect condition of health. Go to your druggist at once and procure a package of HUDYAN for 50 cents, or six packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco, or Los Angeles, Cal. Remember that you can consult the HUDYAN DOCTORS FREE. Call and see the doctors.
