W. H. Williams, of Beaver slough, who started south with Mrs. Williams a few weeks ago in quest of health, returned Saturday. They only reached a point in Douglas county, when it was manifest Mrs. Williams could not be safely carried any farther and they concluded to return to their home and abide the decision of the conscientious arbitrator. Mrs. Williams is very poorly, still while life lasts there is hope, and relatives and friends would rejoice at a change for the better.

H. C. Dorris and family, formerly residents of the Arago neighborhood, but for the past year making their home in eastern Oregon, returned a fortnight since and will be Coquille valley citizens once more. Mrs. Dorris and elder daughter, Miss Ada, dropped into our sanctum last Friday. The health of Miss Ethel is improved by their trip. We welcome these clever people back.

Among several other of our citizens we were the recipient of a delightful serenade last Friday night, Frank Emory and sister, Miss Annie, on guitars, Jim Whetstone, violin, and Ed Root, bass viol, the instrumental pieces being relieved by an occasional vocal selection, the solo part being given by Miss Annie Emory, with appropriate instrumental accompaniment, making a very acceptable visit from friends. Thanks, Misses Hattie and Rilla Dunham chaperoned Miss Emory.

On our first page today will be found an excerpt from the Oregonian giving the detailed working of the new registration law, which will govern at our next state election. Every citizen should be informed on so important a measure, or he may be "not in it" when it comes to casting a ballot. The hardship of having pure elections falls on the good, law-abiding citizens, because instead of protecting their rights, they in the past permitted, winked-at and sometimes even encouraged rascals for party advantage, and now they have to favor reforms at both expense of time and money and in some instances much trouble.

The Model Steam Bakery, of Marshfield, has opened a branch here in Coquille City under the supervision of Mrs. Rose, where fine bakery goods can be had at all times. Mr. Canning, who is the proprietor of the bakery, is an old, experienced baker, and during his recent visit east has thoroughly posted himself to the latest up-to-date bread and all kinds of cakes. He uses milled extract, which is recommended by all physicians of the country, and has the only brick oven in this county. In just one month's time he has established a business of over one barrel of flour per day. Call on Mrs. Rose, and try some of the bread and you will be delighted with it.

Robert Harrison, one of the Harrison Bros whose mining success the past season in the Sixes section has created so much interest in that portion of our country, came to this place yesterday to visit his sisters, Mrs. Charley and Mrs. Geo. Collier, and Miss Emma, who is stopping with them. We had a pleasant call this morning. Mr. H. is very enthusiastic regarding the mining outlook on Sixes and on Johnson's creek, on which work is now at a stand still till the rainy season. Mr. H. represents Seattle capitalists in tracing the mineral deposits there, and himself has become quite interested in the prospects for copper, tin, platinum and quicksilver, of which he has secured several very valuable specimens of wealth in those several lines. He will return to Myrtle Point tomorrow.

Goodman was nominated, but declined. J. S. McEwen was nominated, but declined. I. Hacker was nominated; the nomination was seconded, and on motion of W. H. The meeting of the Populist club last Wednesday evening was small, being interfered with by the absence of one or two of the officers. It occasioned the missing of a good talk from a prominent eastern man who was in town and could have been prevailed upon to give some words of encouragement.

We published an interesting communication today, descriptive of a late visit of our fellow-townsmen, R. D. Sanford, to the Rogue River valley—Grants Pass, Ashland, Medford and other portions of that section. Mr. Sanford is practical, experienced and a careful observer, and his letter is interesting reading throughout, but especially acceptable in its comparison in favor of Coos county soil and climate.

The Oregon Native Son is an illustrated monthly magazine of history published in Portland, and deserves the support of every patriotic resident of the Pacific Northwest. It is devoted to the history of the original Oregon, is well printed on glazed paper, is beautifully illustrated, and the subscription price is but one dollar per annum. Such a magazine has been needed in this country many years, and we hope it will receive the liberal support it deserves.

Parties just arrived on a steamer from Humboldt county, Cal., were driving an outfit from the bay to this section last Friday loaded with furniture, etc., and went through a bridge near the Southport store. They escaped miraculously with their lives and from serious damage. The bridge is said to be full 50 feet long, but it is said has no railings as required by the law. We missed interviewing the parties when they reached this place on their way to Arago, and give our understanding of the accident as reported by another.

It was a 4-horse team, and on striking a weak place on the bridge, one horse went through, being suspended by a hind foot until much labor and care released him, escaping with an injured leg; another horse went over and was hung by the strong harness until he was released. The parties in charge had a close call for their lives.

Little Chester, 24-year-old son of Tom Krewson, fell from the porch at their home last Saturday and sustained a fracture of the left leg. The physician was summoned and the child is doing well.

Held For Murder.

The Roseburg Review notes the following regarding the arrest of Coleman Gillespie as the party charged with the recent murder of old Mrs. Edson near Gold Beach, in Curry county, a few days ago: "Sheriff Turner left this morning for Curry county with his prisoner, Coleman Gillespie, the suspected murderer of Mrs. Edson at Gold Beach. He is accompanied by Sheriff Gage, of Coos county, and his two guards who are just getting back from Salem where they placed White, Drew and Nosler behind the penitentiary bars. Gillespie will be taken to the first justice of the peace who can be reached in Curry county and bound over and then taken back to Coquille City and placed in jail, there to remain until circuit court meets in Curry county about ten months hence. Mob violence is feared if the prisoner should be taken back to Gold Beach, where the citizens are naturally very much worked up over the heinous crime. The officers are quite reticent in regard to the evidence, but assert that the conviction of Gillespie is absolutely certain."

Last Friday our sheriff took the prisoner to the justice of Langlois district, Curry county, where he waived examination and was remanded to Sheriff Gage's custody for safe keeping. The prisoner was returned Saturday evening to the jail at this place.

The Crescent Band, at Myrtle Point, and several persons of local talent in minstrelsy and comedy, came to this place and gave an entertainment at Band hall last Saturday evening. We learn that the patronage was not liberal, owing to a misunderstanding as to the price of admission, and the boys were not in the best of humor about it.

Little Chester, 24-year-old son of Tom Krewson, fell from the porch at their home last Saturday and sustained a fracture of the left leg. The physician was summoned and the child is doing well.

One night last week a seine boat containing a new seine and belonging to Jim Mars went adrift and over the bar. A few days later remnants of the boat and seine came ashore on the south beach. The boat was completely demolished and was strewn along the beach for several hundred yards. The seine was torn so it was useless, only the cork and lead lines being of any value. The loss amounts to about sixty dollars.

A man giving the name of Percy Allen was arrested and brought up from Bandon this morning by Sheriff Gage, on complaint of George Pope, of Fishtart, for a criminal assault on his 15-year-old sister, Hulda Pope, at their home last Saturday. On the arrival of the prisoner he was taken before Justice Cecil to plead, and was given till 1:30 to secure counsel, which puts the result of the hearing too late for this issue. The man is a stranger in this section.

LATER—On being arraigned Allen waived examination, whereupon Justice Cecil placed his bonds at \$2000.

Fishermen are throwing up the sponge and quitting fishing as they say they can't make "hash" at it. Never before was the run of salmon so light and the season has been most disastrous for both cannermen and fishermen.

A sad accident occurred Tuesday morning, which resulted in the death of Charles Noble's 10-months' old baby boy last evening. The baby was playing with his little sister, who in some way got hold of some matches and lighted the same, from which the baby's dress took fire. Mrs. Noble appeared on the scene shortly, and quickly put out the fire in her babe's garments. The little fellow inhaled the blaze, which was the cause of his death.

Stock ranges in Coos county are said to be in finer condition than ever before at this season of the year. The abundance of grass is accredited to the late rains and the few warm days we have had. Stockmen say that there is all the grass they want on the ranges and the prospects for carrying their herds through to spring could not be better. The ranges are not heavily stocked owing to the large shipments of late to San Francisco and the valley.

Revs. Irvine and Walsh, who have been conducting religious services at the Christian church for nearly three weeks past, closed the work last night. The services were evangelical, grew in interest throughout, but were almost void of results so far as professions of faith were concerned. Mr. Walsh is a very sweet singer, and gave several very pretty solos during the services, besides conducting the congregational music.

How they do sell—we mean those stylish new goods at Hawkins' New Store.
