The steamer Alliance left San Francisco last Tuesday to resume her trips on the coast route.

Roseburg Review: Jerry Thornton has sold his farm, near Oakland, and will remove to Coos county to reside. He hopes to benefit his health by the change.

Mr. Lamb, having retired from merchandising, made a trip to his Fishtrap place and tried his hand at rebuilding his country home, recently destroyed by fire.

A special train came over Wednesday night last, returning next day with several carloads of cattle from Myrtle Point, to be shipped at the bay to San Francisco.

The unsold portion of goods bought from J. J. Lamb by Mr. Sanderson, were boxed and shipped to W. C. Sanderson at Bandon since the 1st inst., the date set for closing out.

W. H. Stewart, of the Earl Co., last week finished shipping 15 carloads of Bartlett pears from the orchards where they purchased near Medford and Phoenix. The fruit netted the growers \$1 per box.

The Woman's Relief Corps of Baker City has opened a bowling alley and reading-room. It is the purpose of the society to have a place of amusement where a man can take his wife, sons and daughters.

Roseburg Review: W. L. Goodman, of Looking Glass, was a pleasant caller at The Review office Friday. He recently returned from a business trip to Coos county, where he found business fairly good in all branches.

Fred Hockett, nephew of our J. J. Stanley, surprised the latter by coming to this place on a visit without being announced. Mr. H. is a promising young Iowan, and may become a citizen with us and grow up with Coos county.

Capt. H. L. Burleson, the fruit dryer and shipper at Marshfield, passed through this place to Myrtle Point last Wednesday and spent several days arranging to forward large quantities of apples and potatoes he had contracted for some time before.

In the supreme court, on 9th inst., the cases of Z. T. Siglin, respondent, vs. Coos Bay, Roseburg & Eastern Railroad & Navigation Co., appellant, and Coos Bay, Roseburg & Eastern Railroad & Navigation Co., appellant, vs. W. W. Endicott, et al., respondents; ordered on motion that mandate issue in these cases to the court below.

Coos Bay News: Robert Dunbar, a former resident of the bay, arrived on the last steamer, on a visit to relatives. Robert was one of the pioneer merchants of Port Orford, and made the discovery of gold-bearing quartz at Salmon mountain, in Coos county.—Ed. Port Orford Tribune.]

Small tracts of land in Roseburg district, Oregon, which are within the primary limits of the grant to the Oregon & California Railroad Company, are now covered by declaratory statements of Seneca S. Coston, Stephen B. Deming, James Turner and John P. Applegate, who have failed to make final proof and payment. Their filings have therefore been cancelled by the general land office.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Noddesha, Kan. For sale by R. S. Knowlton.

Mr. and Mrs. T. J. Perkins, of Parkersburg, spent a day and night in Coquille last week, having come this far on their way to Marshfield to attend the semi-annual meeting of the Y. P. S. C. W., but learned on inquiry here that it had been postponed—a fact which had not been published nor is it known by whom. These faithful workers were ready for duty, and at both unnecessary expense and trouble. The date set at the last meeting was for the 11th and 12th insts., and the Herald recently called attention to that fact.

Town Council Proceedings. The town board of trustees met last Tuesday evening, Oct. 10th; members present, J. H. Cecil, chairman; Trustees Strang and Balch; absent, Noster and Seed. Present, Marshal Goodman and Recorder McDuffee.

Minutes of last meeting read and approved. It was moved and seconded that the chairman be empowered to make deeds in the name of the town for lots sold when the lots are paid for. Motion carried.

The following report was received from the health officer: To the President and members of the Board of Trustees of the Town of Coquille City, Oregon:

We desire to call your attention to the condition of a drainage or sewer-pipe crossing First street from George Robinson's store, a drainage or sewer-pipe crossing the railroad, cut from the J. A. Collier residence, and a pig pen in the rear of the J. A. Collier residence, all of which are in a very unsanitary condition, and are a nuisance and menace to health to residents and passers-by of that locality and should be abolished.

J. Burr Moore, Health Officer. On motion, it was ordered that the marshal be instructed to give notice in writing to the parties to abolish the above described nuisances within the time prescribed in the charter.

Bill of Goodman, as marshal, two months allowed, \$25. No further business coming up, the board adjourned. Attest: W. E. McDuffee, Recorder.

The board of school directors met Thursday evening. New furniture was ordered for one of the vacant rooms in the school building, and Miss Susie L. McGraw, of Oakland, Cal., was elected teacher. Miss McGraw is a graduate of the Normal school, San Francisco, and comes very highly recommended.

John Noah, of Coos river, wants us to answer the following: "If a farmer raised 50 pounds of cabbage and shipped to Marshfield in a sack costing 4 cents; paid 50 cents for freight, and sold the cabbage for 1 cent a pound, how much would he have for his labor for raising the same? And what would he have left in ten years?" Well, if he remained in the cabbage business for that length of time, under similar conditions, he would probably have a mortgage and several grocery bills left.

The present generation is only now coming to understand the meaning of the word "work." It applies to all classes, rich and poor alike, and Mrs. Charlotte Perkins Stetson has undertaken to make this clear in her article, "What Work Is," which appears in the October "Cosmopolitan."

S. B. Colvin informs us that he has on his ranch at Clear Lake, a Royal Anne cherry tree, 5 or 6 years old that has borne two crops of cherries this year, says the Florence West. The second crop has just matured and the tree has more fruit this time than there was of the first crop.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peacetime, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"
