A Mr. Garrison and family, just from Humboldt county, California, occupied Hark Dunham's fine home property last Tuesday.

ESTEY ORGAN FOR SALE.—Nearly new; high top, fine parlor organ. Only used about two months. Apply at the HERALD office.

A heavily freighted train came from the bay last Friday morning and the passenger service was crowded to its utmost, many getting off here.

A Mr. Farham and family, from California, last Wednesday occupied the Long property (formerly Henry Nichols', in the Spurgeon addition), and will look around for a home.

At Wilson, after an absence of about two years at various points along this coast, returned last Wednesday. He is looking well, but has not yet decided if he will stay or make another trip.

A high wind storm reached this section last Wednesday night, accompanied by heavy rain. Telegraph and telephone wires suffered, considerable timber has been blown down, had roads begin to offend, vessels were delayed, but the real damage resulting will come later.

Melville Stine, formerly of this place, but now a resident of Yreka, Cal., after a visit of a few weeks with his parents, Rev. Mr. and Mrs. Stine, and other relatives and friends here, returned home last Wednesday via the bay and San Francisco. Melville is prospering, holding a responsible position in a large mercantile establishment at Yreka. We wish him success.

A pleasant wedding took place at the home of Mr. and Mrs. Wm. Hall, on the North Fork, Sunday, 15th inst., at which their charming daughter, Miss Bertha, was a participant, being wedded to Leland Minard, a prominent and promising youth of the Dora community. Rev. Thomas Barklow officiated. The HERALD joins the many friends with well-wishes.

The HERALD thanks the U. S. department of agriculture, division of forestry, for a copy of bulletin No. 24, "A Primer of Forestry: Part I—The Forest," by Gifford Pinchot. It is a compilation of a vast amount of information regarding our native forests, the various kinds of woods, their growth, habits, enemies, values for manufacture, etc., etc., and handsomely and extensively illustrated by beautiful photo plates in all these lines of information.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. BAYS, Pastor Christian Church, Neodesha, Kan. For sale by R. S. Knowlton.

The Oregon synod of the Presbyterian church closed its session at Salem with the night services on the 15th inst. Among the Coos county ministers attending we see Rev. Geo. Gillespie, of Marshfield, placed on the foreign missions board; Rev. A. S. Foster, of Myrtle Point, on the board of education (being also moderator of the synod); Rev. Robert Ennis, of Bandon, on colleges; Rev. J. E. Blair and Rev. T. Brouillette, both formerly of Myrtle Point, are on the board of church erection and Sabbath observance respectively; and Elder E. A. Adams, of Myrtle Point, is on the committee on narrative.

Our friends, Mr. and Mrs. J. P. Stember, of Dora, visited in Coquille City Thursday and Friday of last week, both looking well. Mrs. S. came to have some dental work finished. Mr. Stember just returned the Friday before from a protracted visit in Washington, with his son, Herbert, at Seattle, and at other points in a prospective capacity. We should dislike to lose as prominent and clever people from citizenship here, and we learned, not without satisfaction, that the inducements were hardly sufficient to cause him to sever the ties that have been formed here. Mr. S. prospected much attractive country, but it hardly met the void between the experience and knowledge of this and the expectancy hoped for in a change.

Special Term of Circuit Court Desired.

Having been informed that Judge Hamilton was willing to hold a special term of circuit court about the first of January, for the purpose of bringing to trial Coleman Gillespie, charged with the murder of Mrs. Edson, provided the people favored the proposition, we have taken occasion to consult many of the leading citizens whom we have met, in Gold Beach, Wedderburn, Ophir and Port Orford precincts, and we find that all favor a special term at the earliest date possible. The expense of a special term will be but little if any more than that of holding the prisoner until the next regular term, in August, while the feeling is general that the sooner the matter is disposed of through the regular course of law the better for all concerned, and the sooner will the nightmare with which the terrible tragedy has enshrouded the community disappear. We believe from all we have learned, that the intense nervous strain caused by the first discovery of the bloody work of the inhuman monster—a strain which would have defied law and order, had the fiend been within reach—has subsided to the extent that the people are only anxious that the law take its course, and that prompt and speedy justice be dealt out. The crime was the blackest, most diabolical, ever perpetrated in the state, even by the most bloodthirsty savages of pioneer times, and there is hardly a man, woman or child in the county who can think of it without a shudder; yet all they now ask is that there be no more delay than possible in establishing the identity of the guilty party or parties, and meeting out the vengeance of the law to the fullest extent.—Port Orford Tribune.

At Roseburg, about 5 o'clock Sunday afternoon of last week, Taylor Beckley, assistant in Kolliggen's meat market, was seriously injured while jumping from or across a freight train at the passenger depot. He was struck on the back and side of his head by a lumber car, and his skull was broken back of the crown, exposing the brain. No blame attached to any one. He is a son of James Beckley and a native of Douglas county.

According to the opinion of a well-known Santiam valley farmer, the seasons in Oregon are every year more favorable to the cultivation of corn. Several fine fields are scattered up and down the valley this year.

Aaron Foster and Peter Fry, who were for a time unjustly suspected of being connected with Mrs. Edson's murder, by reason of having left Gold Beach for Coos county about the time of the murder, returned yesterday, having been at work in a logging camp.

Investigation has proven the confession of Coleman Gillespie, as to his movements, from the time he left Sixes river on his return to Gold Beach, to be true. The bed in the hay where he lay, and the place where his horse was hid was found as described; the particular boat he described as the one he used and turned adrift was found adrift. But his statement that he forced the old lady to sign the pension check is evidently false.

Humboldt people are buying farms in the Coquille valley. An electric light system was being put in at North Bend last week. J. D. Garfield has returned to his home at Oakland, Cal., from Alaska.

The work of dredging the Coos river channel will soon be commenced. J. D. Magee killed two bears near his place on Tenmile, last week. He also killed a fine buck.

Domestic coal, including the Coos bay product, was advanced \$2 per ton in San Francisco last week; so says the Examiner.

The tug Henter arrived from Gardner, Friday. The Umpqua bar is still about, the tug only finding 13 feet at high tide. On the Coos bay bar 26 feet was found at less than high tide.

Mrs. Fannie G. Dixon and Mrs. Brown, of Myrtle Point, visited in Coquille last Wednesday and Thursday. Mrs. Dixon is winding up some business matters prior to her departure for southern California. The Star—Elgin chapter, No. —, at her home—last Friday night gave her a farewell reception. A delegation of several members of our Beulah chapter participated. Mrs. Dixon is a native daughter of Coos county, and has lived at Myrtle Point all her life—since the winter of 1860, the date of her birth—and at departing now for a new home has to break many strong ties. Many friends join the relatives in wishing her good health and prosperity.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. Brief Report of Week of Prayer.

Observed by the Women's Home Missionary Society in Coquille City, Oct. 9-15, 1899.

Ed. HERALD: "The week of prayer and self-denial" closed with the Sunday morning's service. The meetings were all good and God's special power was manifest at many of them. We feel that it was a grand benediction to all who attended, and trust that it was the beginning of a great spiritual awakening among the ladies as to our duty and privilege to wait upon our Lord and Master; and when we consider the results of a small congregation, we are assured that this is true indeed. A ladies' prayer-meeting was organized, which will meet every Thursday afternoon at the parsonage, after which the local work will be considered. A number of the ladies resolved to give Thursday afternoon to the service of God, even if unable to attend prayer-meeting. And a large number gladly responded to the Twentieth Century Thank Offering and pledged themselves to give a dollar or more to this grand movement.

Oh, that every Christian woman would come into the ranks and do her part in this great work. Arrangements were made to care for the babies while their parents attend church.

Our self-denial offering was \$5; new subscriptions to Our Homes, \$7. And many resolves were made that we do more for our blessed Savior this year coming than ever before.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For so I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"
