Yaquina Bay News: It's an ungentlemanly act of the Boers to threaten to assault Ladysmith.

It is believed that the most ancient dictionary in the world is the Chinese lexicon, compiled by Recutshe, 1000 years before Christ.

During the month of October the state of Oregon furnished to the Loewenberg & Going Company 25,819 hours of convict labor, for which the state will receive $903.98.

The Oregon domestic animal commission has issued rules and regulations for the guidance of transportation companies to prevent the importation into Oregon and the spread of hog cholera.

A call for the biennial meeting of the state Republican leagues has been issued, together with the address of Claud Gatch, the president. The next meeting will be held in Portland, the first Tuesday in February, 1900.

Evening Telegram: Appeals to the courts, especially to federal courts, are far too easy, and are allowed on too trivial grounds. Justice is generally about as well done in the state circuit courts as anywhere, and a judgment there should end most cases at law.

Ten thousand cotton mill operatives in Massachusetts are to go on a strike because their wages remain at the rate fixed four years ago, in an era of great depression, while everything they have to buy, whether it be food, clothes or household furniture, has advanced from 15 to 50 per cent in price. They want an increase in wages in order to meet the extortions of the trusts.

Tillamook Herald: When it comes to gobbling up government land, the railroad companies not only want the whole earth, but the citizions who exercise their lawful rights are warned by the Northern Pacific that they are nothing but aliens, and must get off the land so that the railroad can snap it up. It's a wonder that the railroads can't furrage out a law making it treasonable for Americans to look at Uncle Sam's vacant lands.

Dr. Leyds, the diplomatic agent of the Transvaal in Europe, has issued a statement that the Boers have now nearly 100,000 men in the field, made up as follows: Boer regulars 35,000, artillery 1250, police 1750, Orange Free State troops 35,000, Natal Boers 3000, Bechuanaland and Rhodesia Boers, 8000, Foreign Legion 600, Americans 4000, Germans 6000, Dutch Belgians 2000, Irish 1000, Scandinavians 600, French, Swiss and others 500. The Jews, it appears, are doing police work.

The Oregonian and "Judge" Chester V. Dolph are at daggers' points over a criticism of the Oregonian wherein it charged that the state supreme court had reversed itself in a late decision—that it did "plumply repudiate its own opinion delivered in this very identical case a few months ago." Lawyer Dolph insists "No," and says naughty things to the Oregonian—as much as to say, "what do you know about law!"—and the Oregonian intimates there was no law at stake, but merely "a quibble," and "evasion of the facts."

Dora Items in the Enterprise: E. E. Weekly, of Dora, and James Laird, jr., of Sitkum, will leave next week for eastern Oregon. The former goes on a prospecting tour, while the latter goes for the benefit of his health.....Miss Minnie McCloskey closed a very successful term of school at Gravel Ford last Friday. Miss McCloskey is one of Coos county's best educators.....Mr. Lusk, the portable sawmill man, will soon move his mill to the Fairview section, where he has a large contract for the winter.....J. O. Stemler, of Dora, is engaged in hauling lumber from Rackleff's mill. It looks rather suspicious, Jake.....Wm. B. Abernethy will leave next week for Gate City, Wash., to visit his sister, Mrs. W. B. Starr.....Miss Alice Stemler will spend the winter in Coquille City.

ELECTIONS IN TWELVE STATES.

Results as Far as Known—Some Yet in Doubt, Others Ready to Fight Over.

Despite Democratic claims in Kentucky, Taylor, Republican for governor, has a plurality of 6000 or 8000. The returns are incomplete, but the counties to be heard from are strongly Republican. The Goebel people cling to their claim of 5000 plurality. A contest seems inevitable. The Democrats probably have the legislature, and, in the event of a contest, it will come before it. A fact to be reckoned upon, however, is the strength of the anti-Goebelites in the legislature, who may hold the balance of power.

Returns in Ohio are still incomplete. Unofficial Republican returns give Nash a plurality of 50,364 over McLean. The Western Union figures are 49,205. The Democrats claim a majority of 33 in the general assembly.

In Maryland, the Democrats will have a majority in the legislature of 45 on joint ballot. J. W. Smith, for governor, was elected by 11,000 majority, and the other Democratic candidates fared as well.

The New York assembly will stand 93 Republicans and 57 Democrats, a Repulican gain of 12.

Great Republican gains are shown in New Jersey, the pluralities running from 16,000 to 20,000.

With nine counties to hear from, Governor Shaw, of Iowa, has a plurality of 60,000. In the legislature, the Republians gain 17 votes on joint ballot.

The Fusionists carried Nebraska by not less than 12,000.

The complete vote in Massachusetts for governor is as follows: Crane, Republican, 168,876; Paine, Democrat, 103,814; Republican plurality, 66,062.

In Pennsylvania, Barnett, Republican, for treasurer, has 109,465 plurality over Creasy, Democrat.

The Republican majority in South Dakota was 4070.

Outside of Denver and Arapahoe county, the Republicans made gains in Colorado.

Returns in Kansas show Republican gains.

The plurality of Phelan, Democrat, over Davis, Republican, for mayor of San Francisco, is 7756.

Admiral George Dewey Weds.

Washington, D. C., Nov. 9—At the rectory of St. Paul's Catholic church, in this city, shortly before 10 o'clock this morning, Mrs. Mildred Hazen became the wife of Admiral George Dewey, the ceremony being performed by Rev. James F. Mackin, pastor of the church. The ceremony was of the simplest character according to the rites of the Catholic church, and the only witnesses besides the officiating clergyman were Mrs. Washington McLean and Mrs. Ludlow, wife of Admiral Ludlow, mother and sister respectively of the bride, and Lieutenant Caldwell, Dewey's secretary.

Arrangements for the wedding were made with all the secrecy which attended the whole affair. As Dewey is not a Catholic, a special dispensation was required for the performance of the ceremony.

Before the ceremony Rev. Mackin addressed the contracting parties, saying: "The higher your position in life, the more incumbent upon you is the faithful fulfillment of your obligation, and the more rigorous the accounts that will be exacted. The neglect of these obligations will cast its shadow upon eternity."

Admiral and Mrs. Dewey left for Ney York at 12:45 p. m.

The Olympia Out of Commission for Awhile.

Boston, Nov. 8.—Admiral Dewey's flagship went out of commission today. All of the officers and crew assembled on the quarter deck, where captain Lamberton bade them good-bye. Retreat was sounded while the flag was being hauled down and this ended the cruise of the famous vessel.

Glad, Anyhow.

"I beg your pardon, I thoght this was Mr. Chucksley."

"I am Mr. Chucksley."

"Then I am glad to find that when I thought I was mistaken I was mistaken in thinking I was mistaken."

"Hey?"

"I say when I thought I was mistaken I was mistaken in thinking I was mistaken, and being mistaken in thinking I was mistaken when I wasn't mistaken I was glad to find I was mistaken when I thought I was mistaken, because I wasn't mistaken—or, rather, I was mistaken when I thought I was mistaken, and so I couldn't have been mistaken—well, at any rate, I'm glad. Looks as if we were going to have snow, doesn't it?"—Chicago Tribune.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by R. S. Knowlton.

TOO BIG TO BE BELIEVED.

British Regiment Loses 600 Killed and Wounded and 300 Horses Captured.

London, Nov. 10.—Another rumor emanating from Amsterdam sources says a British regiment was decimated Friday by the Free Staters. It is added that 600 British soldiers were killed or wounded and that 300 horses were captured.

BULLER'S FORCES LANDING.

London, Nov. 10.—With the arrival at Cape Town of the British transports Roslyn Castle and Moor, to be followed by a continuous succession of troop-laden ships, the real campaign in South Africa may be said to have begun, and the fact that the first ship named was expected to have arrived at Durban forthwith indicates at least a modification of the plan of advance.

It seems General Buller's first move will be to relieve General White, thus somewhat departing from the earlier plan of advancing through the level country of the Orange Free State and southwestern Transvaal. It has been apparent for some days that the situation at Ladysmith could not be indefinitely prolonged, which has led General Buller to prepare a counterstroke and endeavor to push the Boers back by a direct attack. Such an operation, if attempted, will necessarily entail a great expenditure of life, as during the month the Boers have occupied northern Natal, where they have fortified most of the passes and other positions suitable to their style of fighting.

CRONJE CALLED UPON BRITISH TO SURRENDER ON MONDAY LAST.

Barkely, West, Monday, Nov. 6.—A dispatch received from Kimberley says Dr. Cronje sent a message to Colonel Kekewich calling on him to surrender before 6 in the morning today, otherwise the town would be shelled, the women and children remaining at Kekewich's risk. The Boers, it was added, surrounded Kimberley in great force with heavy artillery.

UNCONFIRMED RUMOR

Brest, France, Nov. 11.—Rumors are in circulation here that a British transport has foundered off the island of Ushant on the coast of Brittany.

London, Nov. 11.—The advance to the relief of General White can hardly start for a fortnight, and in the meantime, whatever happens at Ladysmith, little news is likely to reach London.

Pretoria, Tuesday.—The bombardment and attack on Kimberly started this morning.

Town Council Proceedings.

Coquille City, Nov. 13, 1899.—The town council met in regular session. Members present—J. A. Seed, chairman; Trustees, Nosler, Strang and Balch; Marshal Goodman and Recorder McDuffee.

Evening Telegram: Now it is stated that mules caused the British disaster. Strange how donkies figure in army matters. General Otis—but, maybe it's a coincidence.

He—Is this the first time you've ever been in love, darling? She (thoughtlessly)—Yes; but it's so nice that I hope it won't be the last.

Husband (off for a long journey)—Do you often think of me when I am gone? Wife—Indeed I do; it takes me a week to get the smell of smoke out of the house.

STILL ON THE RETREAT.

Wheaton, Lawton and MacArthur are Advancing.

Washington, Nov. 10.—The war department has received the following:

"Manila.—General Lawton experiences some difficulty on account of the continued unprecedented rains in that section of the country. He advanced the column at San Jose yesterday to Caranagtuan. Today a strong force was put through on the Aligoa route.

"Young captured yesterday considerable additional Cubanatuan arsenal property in transit north, among which were 144 two-inch and 22 boxes 1.65-inch ammunition for Hotchkiss guns, fifty projectiles for five and eight-inch breechloading rifle cannons, two boxes of grenades, considerable other ordnance property, and two tons of casting and arsenal machinery in parts. He is meeting with opposition, but the advance is not much impeded thereby.

"MacArthur is reconnoitering north of Mabacalat. Yesterday Slaven's scouts were directed to the front, and Smiths' Seventeenth infantry on the Magalang and Concepcion road. Beil, of the Thirty-sixth, with five of his officers and two privates of his regiment, mounted, one officer and 10 men of the Fourth cavalry, struck 100 insurgents in the mountains west of Mabacala. The Americans charged, killing and wounding 19, capturing six and 30 Mauser rifles.

"The railroad from Angeles to Bambam is destroyed. MacArthur will have 40,000 rations to the front today, and will take up the advance to Tarlac tomorrow.

"Wheaton reports 28 Spanish prisoners secured. Three hundred insurgent recruits escaped to the mountains from the enemy during the battle at San Fabian. These recruits were en route to Dagupan. Wheaton says everything is favorable to carrying out successfully his instructions, and that the cooperation of the navy is complete.

"OTIS."

A second dispatch from General Otis follows:

"Manila.—The report received yesterday concerning Wheaton's movement was erroneous. He did land at San Fabian, as directed, and drove the bulk of the enemy back in the desired direction toward Dagupan. Operations were completely successful in every particular."

Marshfield Sun: The steamer South Portland arrived Monday and took on a cargo of coal at the railroad bunkers. It has not as yet been definitely decided whether she will run here regularly or not, but R. A. Graham has an option to lease her for two years or he can buy her, and he will decide on one or the other when he reaches the coast. The South Portland is being fitted up with accommodations for 40 first-class passengers and an electric light plant is also to be added. She is just the boat for this trade, since her hatchways have been enlarged, and her capacity to carry large cargoes and being quite fleet add much to her favor.

The Great Presidential Campaign of 1900.

Millions.

A small boy was one day asked by a clergyman if he knew what was meant by energy and enterprise.

"No, sir, I don't think I do."

"Well, I will tell you, my boy. One of the richest men in the world came here without a shirt on his back, and he now has millions."

"Millions!" replied the boy. "How many does he put on at a time?"—Spare Moments.

The steamer Alice Blanchard is being fitted up in San Francisco in accordance to inspectors' orders. She has received new boilers and in the drydock where she is being refastened and strengthening keelsons and new waterways are being added. Captain Robert Dunham is to take charge of her when she is ready for sea, and reports say she will ply between this port and San Francisco.

For an Old Crime.

Omaha, Neb., Nov. 8.—A special to the Bee, from Lead, South Dakota, says:

Two detectives from Oregon today arrested a miner named Joe McArthur who has lived for fourteen years on Little Spearfish creek, northwest of this city. His arrest is for an alleged triple murder commited in Oregon, twent-four years ago. McArthur was working for an Oregon farmer. He got into a dispute with his employer and shot him dead, also killing the farmer's wife and five-year-old boy. McArthur escaped and fled to the Black Hills, wher he has since resided.

The detectives leave here tomorrow with their prisoner for Oregon.
