

Church Directory.

M. E. church, south-regular services each Sunday morning and evening, by the pastor, E. L. FROST.

LOCAL ITEMS.

The market firm of Curran & Gass drove in a few head of cattle, bought from C. D. Mael, near town, last Friday.

Miss Dora Hayer has been visiting her sisters, Mrs. Knowlton and Mrs. Alvy Lee, at this place for several days.

Henry Clemens, an old and prominent lower-river dairyman, has been in this place frequently of late on business.

Gov. Geer issued a proclamation on the 2d inst. designating Thursday, Nov. 30, as a day for Thanksgiving—the same day set apart by President McKinley.

Rosburg Review: The dry goods store of Wollenberg Bros. in this city was burglarized Friday night, and probably not less than \$500 worth of goods carried away.

The schooner Mayflower discharged her merchandise and general freight at this place last week, and on Wednesday was towed to Parkersburg to receive lumber for the city.

W. J. Tenneson and W. M. Tucker, of near Riverton, were in town Saturday. Mr. Tucker and Miss Nina Tenneson had just returned a few days before from a visit of several weeks in Marion county.

Rev. T. J. Owen, Baptist minister, has rented the Quick dairy ranch at Lamprey creek and will conduct the same. The necessary machinery is at hand, and Mr. Owen has two sons of age and experience enough to help run the ranch and creamery operations.

Several delegates to the Y. P. S. C. W., which held at Marshfield last Wednesday and Thursday, returned on Friday's train, notably Bro. T. J. Perkins, of Parkersburg, Secretary Rev. M. C. Miller, of Dora, President Clarence Edmunds, of Bandon, E. Abernethy, of Dora, and E. P. Macy, of Coquille.

Coos Bay News: Will Eickworth, a member of Co., M., 20th Kansas, returned home on the Aranta. Will saw lots of fighting in 16 months' of service, and looks well, notwithstanding a severe wound, having been struck by a Remington bullet in the right shoulder, the ball passing through the lung and coming out under the left shoulder blade.

J. H. Timon, who is opening a coal mine on the bay, a few days ago moved the hoisting engine and machinery from his mine at Riverton to his new mine. James Wall conducted the moving operations, which were by scow up Beaver slough, thence by wagon. We regret to lose Mr. Timon from this side, but glad that he has not given us up totally.

Myrtle Point is also called to mourn another the departure from its roll-call of good and pioneer citizens that of Peter Wise and family, whom all will regret to lose. Mr. W. was the old-time "Village Blacksmith" at that place, was honest, skilled at his trade and held the respect of everybody who made his acquaintance. They moved to Pasadena, Cal.

Mr. Hemingway, the secretary of the Jersey Cattle Club, says that "Biggie Cow Book is a most comprehensive little volume—one of the best things on the cow question I have ever looked into." Mr. Hemingway ought to know. Biggie Cow Book is advertised in this week's issue of the HERALD. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

Mr. and Mrs. J. W. Bean, of Parkersburg, visited in this place several days last week and included a pleasant call at our sanctum. Mr. Bean is employed at the mill at Parkersburg and praises its present prosperity and management to a high degree. John Kronenberg is a model manager, now having the mill in first-class order as to capacity, safety to employes and grade of lumber supplied. Manager Kronenberg has added important machinery and helps, strengthened and improved the wharf and platforms, particularly as to safety, strengthened his force to the necessary demands of operating, pays satisfactory wages and holds the confidence and esteem of his men. The mill turns out 35,000 to 45,000 feet of good lumber per day, and boats cannot be had fast enough to ship it.

The schooner Mizpah sailed Tuesday for San Francisco with a cargo of lumber and 1700 cases of salmon. She was commanded by Capt. E. B. Owen, well known in this and the Atlantic coast.

A. R. Cangen, of Whisky Run, caught a fine, large bear last Monday. The fat was four inches thick all around the body. The bear had been living on J. A. Morrison's sheep for some time past.

During the rough weather last week and when the heavy seas were beating against the lighthouse, a large stick of wood was violently thrown through one of the windows. The stick went through the window endways with such force that it only made a hole just large enough for it to go through.

Coos Bay News.

Inspectors Edwards and Fuller arrived on the bay last week and inspected some of the bay boats.

Miss Sussie McGraw received the sad news by wire yesterday that her sister, Miss Isadore, had died at Oakland, Cal.

Manley Roberts is an engineer on a small steamer used in towing, etc., on San Francisco bay. Mrs. Roberts and daughter Flossie will leave for the city in the near future.

E. J. Curson and W. A. Maxwell of Albuquerque, New Mexico, intend returning to the bay as soon as their business matters are adjusted, and will develop coal properties in this section.

Dr. M. M. Murphy, who formerly practiced on the bay, but who has been at Roseburg for several years past, arrived in town last week. He has changed considerably in appearance, and a number of his former acquaintances failed to recognize him.

John Erikson, a fireman on the steamer Ruth, committed suicide at San Francisco, last week, by jumping overboard from the deck of the steamer. He was about 35 years old.

The fruit dryer received a carload of apples from the Coquille last week, and H. L. Burleson informs us that he has a large supply engaged, and the dryer will be kept busy for some time.

[Roseburg Review.] L. D. Smith, a Coos county pioneer, was a welcome caller at the Review office today.

Messrs. Fisher & Moore, of Albany, passed through Roseburg yesterday with over 100 head of calves and a less number of fat cows which they had brought out from Curry county.

Marriage licenses have been issued to J. H. Bledsoe, of Coquille, and Mrs. Hattie Stowers, of California; Samuel L. Floek and M. Chaney, of Canyonville.

Roseburg is certainly becoming a city. Railroad wrecks, burglaries, hold-ups and fatal accidents are following upon each other's heels so rapidly that our reporters hardly find time to write them up.

Saturday evening about 6 o'clock D. H. Quilhang, who has been a resident of Roseburg for many years past, was instantly killed by a train in the yards in this city. It is the general supposition that he was crossing the tracks and in the darkness and confusion caused by several trains in motion at once, was accidentally struck by a car which literally disembowled him, and left him horribly mutilated beside the track.

[Port Orford Tribune.] Petitions are being circulated in the county asking Judge Hamilton to call a special term of the circuit court, the object being to ascertain the sentiment of the taxpayers on the subject.

The old Elk river bridge has been torn down and the false work for the new bridge is in place. If one wishes to cross the river now, they must provide their own means of transportation.

John C. Miller and three children, who left this county in September for Viola, Illinois, where they expected to make their home, returned to Curry last week.

The Bandon Recorder says: "Coquille is to have a match factory." There must be something of that nature in Coos county already in operation, judging from the number of matches that are being made. Several weddings are reported in that section during the week.

[Bandon Recorder.] Mrs. J. H. Roberts arrived from Myrtle Point last week and will make her home here this winter.

Miss Pearl Hoyt and Miss Maggie Lamont went to Marshfield Tuesday to attend the Y. P. S. C. W. convention.

Miss Birdie Walker closed her school for the term at Lamprey creek last Friday.

Last Monday Albert Dyer caught a black bear in a steel trap. The animal was about two years old and the hide was a fine one.

R. Pomeroy is moving his farming implements, etc., to the Perkins ranch, which he has rented for five years. He will move his family to the place next week.

The schooner Mizpah sailed Tuesday for San Francisco with a cargo of lumber and 1700 cases of salmon. She was commanded by Capt. E. B. Owen, well known in this and the Atlantic coast.

A. R. Cangen, of Whisky Run, caught a fine, large bear last Monday. The fat was four inches thick all around the body. The bear had been living on J. A. Morrison's sheep for some time past.

That Match Factory

Is now in operation. H. P. Duffy, of whom we recently made mention as about to establish the business of manufacturing matches, distributed a sample of his first output to our merchants and citizens generally some days ago, and there has been considerable favorable comment and a desire expressed to have the enterprise made successful. Mr. Duffy left a block of his matches with us for inspection and trial, and we are much pleased with them, not only as to uniformity and neatness of appearance, but also that they are so thoroughly serviceable and useful. Mr. D. can make other kinds of matches as well, but these are the usual commercial stock, and they will be his specialty, of the best grade and standard reputation, so that when Coquille matches are introduced into the market, they will be inquired for and the purchaser have no other.

It is estimated that we use annually in the United States over 90,000,000 matches. These indispensable little articles were first used in this country less than 70 years ago. At that time a box containing twenty-five were sold for 25 cents—or 1 cent each. Today we buy a thousand for 5 cents. The industry is now controlled by a gigantic trust, the only competition coming from Japan, which, strange to say, is exporting many matches to this country. The trust holds its control through a monopoly of the patents on the machines for making matches. A new machine has been invented, however, which will greatly reduce the cost—about to one-half—and the inventor assures the public that he proposes to keep control of these machines and lease them to independent factories, not controlled by the trust, and while it is hoped he will adhere to his good intention our local expert has long experience using his own machinery and qualified to improve or invent as his necessities may require, and we hope yet Mr. Duffy may succeed in this enterprise despite the octopus that would throttle genius, mechanism, experience and labor. If he succeeds, Mr. Duffy expects to have the largest match factory on this coast at Coquille City.

Oregonian: There are California apples, Roseburg and Medford apples, Coos bay apples and apples from many other places in Oregon in the market. Some are waiting for Hood River apples to come in, while others say the crop there is not so large or so excellent as usual. Persons in the Willamette valley who have fine apples, and there are not many of them, are holding for higher prices.

Several young men of Spokane have been arrested for stealing copper wire from a well-known corporation. It is estimated that the value of the wire stolen was about \$2000.

Enough beans were thrown at windows Halloween night to feed Boston for three days, says the Telegram.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all Druggists. Testimonials Free. Hall's Family Pills are the best.

Oregonian: There is a great variety of apples in the market at present, and a great variety of prices are asked for them. Retailers ask all the way from 75 cents to \$2.50 per box, and no two dealers quote the same prices. In a box of apples which can be bought for 75 cents, few will be found except wormy ones. Choice Oregon apples warranted sound are very scarce, and \$2.50 per box is asked for them by some retailers. The sale is slow for the best of apples at \$1.80 per box. Oregon and California apples, strictly fancy, at \$1.50, and Coos bay apples at \$1.25.

Coquille Collegiate Institute

WE have succeeded in inducing a Normal Teacher to assume principalship of the Institute. So there will be a NORMAL DEPARTMENT, Enabling all desiring to prepare themselves for teachers to do so without the extra expense of going away, also of supporting home institutions and helping to build up their own part of the country.

The Primary and Intermediate Departments correspond exactly with the public school grades, using same studies, but we hope for them to make better advancement.

Then there is the four years' College Course. Expenses—Tuition, about \$3.25 to \$9 per term. Board, about \$2.50 to \$3 per week.

SPECIAL COURSES. Bookkeeping, Ellis system—Elementary, \$7.50; Intermediate, \$10; Advanced, \$15. Short-hand, \$20. Loissette Memory Training, \$7. (This will be given as a premium on certain conditions, which will be made known.)

Some of these prices may be changed on arrival of the principal; until then, address, J. L. FUTRELL, Coquille City.

Great Clubbing Offer:

This paper (the Coquille City Herald) has made arrangements with the Cir. Mgr. of the "Vermont Farm Journal," which enables us to make the most remarkable clubbing offer ever before heard of in this section. Here it is: THE COQUILLE CITY HERALD 1 year,

- VERMONT FARM JOURNAL 1 yr.
San Francisco Weekly Post 1 yr.
American Poultry Advocate 1 yr.
The Gentlewoman 1 yr.
National Illustrated Magazine 1 yr.
Happy Hours, Family Magazine 1 yr.

All for Only \$2.30; Regular Price is \$5.50.

This great combination meets the wants of the entire household. The Herald gives all the local and county news; it is your home paper and no member of the household can do without it. The Vermont Farm Journal and American Poultry Advocate should be in the hands of every up-to-date farmer or poultry raiser. The Gentlewoman is the best paper we know of for the ladies, being very similar in size, make-up and quality to the Ladies' Home Journal. The National Illustrated Magazine, published at Washington, is the only publication that publishes the civil service news. Happy Hours is a large 28-page magazine, designed to amuse, entertain and instruct the whole family. The San Francisco Weekly Post gives the news of the world in good, clean, readable form; the market reports and lots of other interesting matter. If you wish we will substitute the Chicago Weekly News, Kansas City Weekly Star, New York Weekly Tribune, Denver Weekly Times, Toledo Weekly Blade, Twice-a-week Louisville Courier-Journal, or Montreal Weekly Gazette in place of San Francisco Weekly Post. No other chances allowed. Call on or address, with cash, Coquille City, Oregon.

From New Zealand.

Reefton, New Zealand, Nov. 23, 1896.—I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children. E. J. SCANTLEBURY. For sale by R. S. Knowlton.

ALL SPRING STEEL FRAME, CHEAPEST AND MOST CONVENIENT FOR USE. On exhibition and sale at COQUILLE PHARMACY, or at my residence near old school building. NORA A. McEWEN, Agent.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peacetime, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"

WANTED—A case of bad health that E.P.F. & S. will not benefit. They banish pain and restore life. Use give relief. Note the word E.P.F. & S. on the package and accept no substitutes. E.P.F. & S. 30¢ per bottle or twelve bottles for \$3.00, may be had at any drug store. Ten samples and one bottle sent free to any address for 5 cents, forwarded to the Ripans Chemical Co., 104 N. Spruce St., New York.
