Omaha, Jan. 8.—St. Jackson's day was appropriately celebrated in Omaha today by the Jackson club. Three separate functions were down on the program, and each was a distinct and gratifying success.

CLEVELAND'S DEBTS.

Chicago, Jan. 8.—The Tribune tomorrow will print the following letter from ex-President Cleveland. It was received in response to a request for a sentiment appropriate to Jackson day.

Have to Shift for Themselves.

The late General Lawton left but a small estate, although he has had a good salary for the past thirty years. We believe if these hero worshipers want to do charitable acts, and who are now trying to get the American public to contribute \$50,000 to his family's support, while the widow also will draw down a snug little pension every year, they can do a great deal more good by looking after the poor devils of private, who have to bear the brunt of battle, and when they get home from the war are mustered out and have to shift for themselves and families as best they can.

Receiver Appointed by U. S. Court

J. D. Spreckels Bro's Co., having exhausted all amicable means to get the board of directors of the Coos Bay, Roseburg & Eastern Railroad to call a meeting of the directors for the purpose of accepting the resignation of said board, which they refused to do, were consequently compelled to resort to more stringent measures, applying to the U. S. court, Portland, for a receiver.

American Prisoners.

Manila, Jan. 6.—The re-captured American prisoners rescued at Vigan yesterday, will arrive in this city tonight under escort.

Cargo of Opium.

San Francisco, Jan. 8.—The steamer Algoa from the Orient, today, brought 21,361 pounds of opium. The drug is valued at \$341,776, and the duty is \$128,166.

McRae's bill in the house seeks to give the Filipinos a free, independent and stable government, republican in form, and that the United States guarantees to said inhabitants protection against all foreign invasion.

(Continued on 2d page.) The Twentieth Century.

The "Sun" has received so many evidences of confused minds regarding the beginning of the twentieth century that it will present a proof that the twentieth century begins after the year 1900 is ended, in the shape of a little conversation: Question—What is a year? Answer—Three hundred and sixty-five days.

What is a century? One hundred years. When did the year No. 1 end? December 31st of the year 1. When did the year No. 2 begin? January 1st of the year 2. When did the year 99 end? December 31st, A. D., 1899. Did that complete a century? No. When was the century completed? At the close of the year following 99; or at the close of the 100. When did the second century begin? January 1st of the year 1 of the second century—that is, January 1st, A. D., 101. When did the nineteenth century end? At the close of the nineteen hundredth year or at the close of 1900. When does the twentieth century begin? It begins on day No. 1 of year No. 1 of the twentieth hundred years—that is, on January 1st, A. D., 1901. We must still see another Christmas before the twentieth century dawns.—New York Sun.

Having a Great Run on Chamberlain's Cough Remedy. Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of the gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by R. S. Knowlton.

Biggle Berry Book is an excellent little manual worthy of a place in every farmer's library. The book is condensed and practical, as valuable for the villager with his 10x12 berry patch as it is for the commercial berry grower with his twenty-acre field. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

Payroll for asylum at Salem is nearly as great as for supplies. Emperor William thinks England's steamer seizing is going too far. Boer mint has coined 140,000 sovereigns and machinery is still in full swing. France has given Santo Domingo only three days to pay a claim of 280,000 francs. Chinese and French fought a battle in which the former were victorious, killing 30 French. President Steyn has issued a decree for compulsory military service by every white man in the republic. Napoleon once said that the British army was an "army of lions led by jackasses!" Looks that way, now, in South Africa.

Mr. H. N. Warner, of Kearney, Neb., says: "In 1894 I was attacked with paralysis in my left side. You might stick a pin to the head into my left hip and I would not feel it. I was unable to do any kind of work, and had to be turned in bed. I fully made up my mind that I could not be cured, as I had used all kinds of medicine and had tried many doctors. At last I was advised to try Dr. Williams' Pink Pills for Pale People, and I very reluctantly commenced their use last September. Before I had finished my first box I began to feel much better, and by the time I had used six boxes the paralysis disappeared; and although two months have passed since I finished my last box, there has been no recurrence of the disease."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing remedy for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, senility, neuralgia rheumatism, nervous headache, the after-effects of a gripe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in males or females.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages of 50 pills, or Great Britain the 100 pill package. Sample of FARM JOURNAL, and circular describing BIGGLE BOOKS free. WILMER ATKINSON, Address, FARM JOURNAL, PHILADELPHIA, CHAS. F. JENKINS.
