Carries a Banner that Asks for Honest Work.

Too proud to receive alms, too ambitious to sit down and starve, and weary of the fruitless pursuit of a job, a volunteer of the late First California regiment yesterday walked the streets carrying a banner on which he had lettered an appeal for work.

It was John A. Rogers, of 414 Jackson street, late of company C, who abandoned traditional methods and sought employment in this novel way.

"Here is a dime," said a passerby. "Here is a quarter," said another. "Thank you, gentlemen, but you'll have to take your money back; I'm asking for no charity," replied the stalwart carrier of the banner.

For more than an hour Rogers stood at Post and Market streets, where he attracted a crowd. Finally he went to various addresses to which he had been referred for work, but came back every time unsuccessful.

"I'm a carpenter, and I understand concrete work and other things," he said; "but I'm willing to do any honorable work; all I ask is a chance. I am only asking whether there's anything on God's footstool that honest man can get to do in this town. Here's letters from the Citizens' Committee, and here's my honorable discharge—but they don't get me a job. I'm strong now, though I came back from the Philippine campaign in broken health. God only knows what would have become of me but for the kind ladies of the Red Cross. They gave me food and lodging and bought me clothes—and I haven't the heart to go to them again."

The banner was addressed "To whom it may concern," and concluded with the appeal, "Who will give me work?"

Rogers is a large, muscular man and he says he would rather starve than to ask for or receive alms. He firmly declined donations of money, carried his banner without finding work and went home tired and hungry.

"This is quite a change," he said, "from the ringing of bells and firing of guns with which they welcomed us on our return from Manila, but I suppose it's all a part of life, and we've got to take it as it comes—but I'll not be in a hurry to go to the next war."—Examiner, Jan 5.

[So much for the private soldier, who may be allowed to starve, while the General Lawton fund is now reported to have reached the handsome sum of \$72,990. A living hero doesn't show up beside a dead general.—Ed. HERALD.]

The citizens of San Francisco spent just 60,000 in a display of welcome to the soldier, John Rogers, and his California comrades, a few weeks ago, and now he goes tired and hungry for a whack at prosperity's reign in this "land of the free and home of the brave."—Ed. HERALD.

The Transval authorities have refused to allow Mr. Hollis, the American representative at Pretoria, to care for British interests.

Both the schooners Mayflower and Albion, loaded with lumber at Lyon's mill last week, were towed down the river last Saturday.

Stock Inspector R. M. Johnson, of Gilliam county, estimates the decrease of sheep in that county in the past year at 45,000, there being now about 30,000 head.

Last week, at Heppner, Editor Shutt, of the Times, was hailed before a justice of the peace and fined \$10 for using language unbecoming an editor, to the great annoyance of a tailor, who was the complainant.

The Chronicle of La Grande reports that 65 men, who had been working on the Weiser branch railroad to the Seven Devils, passed through that town, westward bound, on the 5th. They claimed that they were unable to get their pay from the contractors.

Grants Pass Courier: Lieutenant J. C. Gilmore of the gunboat Yorktown, who was captured last April by the Filipinos and recently rescued by Colonel Hare, speaks warmly of Aguinaldo, saying that he experienced the best of treatment from the rebel chief, but after he was placed under the jurisdiction of General Tino, he experienced many hardships. Tino put Gilmore and his companions under the charge of a subordinate officer with instructions that they should all be shot, but the officer had a conscience and left them instead, in a wilderness to starve or get away as best they could. While they were floating down the river, they were discovered and rescued by American troops.

POLICE STOPPED WARFARE.

San Juan Hill Fought by Chicago Boys With Serious Results.

Chicago, Jan. 8.—Little Charles Hosworth tooted a tin horn Sunday afternoon on the prairie at Western and Wabasha avenues, and immediately 100 boys sprang "to arms" at the improvised bugle call. A great battle had been arranged, and the two armies of 50 boys each advanced toward each other in military fashion. A neighborhood feud started the matter, and under the truce of a white flag the boys had agreed to fight "the battle of San Juan hill."

Many of the boys had rifles and shotguns, most of them unloaded, fortunately. Those who could not get guns had brooms or sticks. Some of the boys had revolvers. The two armies threw themselves upon one another with a fury little short of a real engagement. While the battle raged, the patrol wagon from the police station came to the scene. Big policemen charged the combined "American" and "Spanish" forces, and when the smoke and dust of the battle had lifted, the fleeing forms of the youthful warriors could be seen disappearing toward all points of the compass. On the battle-field, wounded and moaning, lay several boys.

The worst injured was "Lieutenant" Harry Johnson, 11 years old, and a "Spanish" officer, who was shot in the back. The "Spanish" commander, "General" Artie Standt, had a bullet wound in his left leg. Others had slighter injuries, but none of the boys were seriously hurt. They were taken to their homes. Later, the police arrested Ed Gustafson, aged 15, who they claimed fired the bullets which hit the two "Spanish" officers.

Great Impatience—British Public Censures the Government.

London, Jan. 10.—(Wednesday, 4:30 a. m.)—The war office has not contributed the least particular as to what is taking place in Natal since Sunday. Neither has it allowed dispatches of correspondents to get through. Consequently, the facts of the situation are replaced by conjectures, and the impatience of the public pours into the discussions of the conduct of the war, and of what might have been done or what ought to be done.

The Morning Post demands that the forces afield, afloat and in preparation should be increased by 65,000 men. To this end it urges that all the trained men the country possesses—militia and volunteers—shall be called out, asserting incidentally that, although the attitude of the other powers is correct in the diplomatic sense of the word, an invasion, if attempted, would be sudden, and that now is the time to apprehend contingencies.

Daily Mail says it understands that the suppression of another general commanding in South Africa will shortly be announced. This may have relation to General Buller's hasty summons from Davenport. It is rumored that he came by special train to London yesterday, and held a long consultation with the headquarters staff. This seems to indicate that his advice, which only recently was in extreme disfavor, is about to be utilized. Criticisms up and down the entire field of the war transactions, finding fault especially with the lack of transports for troops who are ready to depart, and with the concealment of news, averring that the censorship in South Africa embraces mails, that the reports of correspondents are being suppressed, and entire letters suppressed, still continue.

The admiralty in seeking transports, is reported to have chartered the American liner St. Paul. Great Britain's loss since the war began is fast approaching 8000. The war office compilation of casualties, issued last evening, showed a total of 7213—1022 killed, 1675 wounded, and 2511 missing. These do not include the 140 who have succumbed to disease, nor the casualties at Ladysmith last Saturday.

Pettigrew's Sensational Statements Made in the Senate. Washington, Jan. 8.—During a discussion today of a resolution of inquiry offered by Pettigrew, of South Dakota, some sensational statements were made in the senate regarding the attitude of the United States toward the Filipino insurgents. Pettigrew declared that the government had attacked its allies, and thereby had been guilty of the grossest treachery. This statement was resented warmly by Lodge of Massachusetts.

The house today ordered two investigations as a result of resolutions introduced by Representative Lentz, of Ohio. The first is to be an investigation by the committee on postoffices and post roads into the charge that two federal appointees of the president—John C. Graham, of Provo City, Utah, and Postmaster Orson Smith, of Logan, Utah—are under indictment as polygamists, and whether affidavits to that effect were on file at the time of their appointment. The other is a general investigation of the military committee into the conduct of General Merriam and the United States army officers during the Wardner, Idaho, riots and subsequent thereto. The house adjourned until Wednesday.

Pro-Boer Meeting in Seattle. Seattle, Wash., Jan. 8.—A great pro-Boer mass meeting was held in the armory here tonight. Speeches were made by ex-Congressman James Hamilton Lewis, Colonel R. H. Lidsay and others. The feature of the evening was a fiery address made by Rev. Paul Kruger, of Hantsville, Wash., who claims to be a grand nephew of "Oom" Paul. Resolutions bitterly denouncing the course of the British in South Africa were passed with great enthusiasm.

The State Tax Levy Has been placed at 6.3 mills, by the state board sitting at Salem last week. The levy in 1898 for the state was 5.7 mills, and in 1897, 3.5 mills. The decrease in the assessed valuation in the state this year is \$13,250,598. This decrease in valuation is principally in Multnomah county, where the total taxable property for 1899, as compared to that of 1898, is \$11,210,793 less, as a result of which the outside counties will be compelled to pay the difference required by the state. This injustice will cause a storm of protestation from other counties. Who believes, after all the weight of prosperity which has been proclaimed as belonging to Portland and Multnomah county the past two years, that her valuations have decreased at all, let alone \$11,210,793? Coos county, among about twenty others, returned a reasonably fair increase.

Coos county's state tax levy, under the above action, is \$16,752.78. Curry county's state levy this year is \$3,543.20.

LETTER FROM G. W. PEEK. SAN FRANCISCO, Cal., Jan. 6, 1900.

EDWARDS ENTERPRISE: I will you out of the factory I propose to build in Myrtle Point, providing sufficient inducements are offered. We will manufacture in connection with broomhandles, trunk slats, hoops and doors and will employ between 50 and 75 men. Our work in your city (should we build) will be of great magnitude—in fact the largest broomhandle factory in the U. S.

I will have a company fully organized next week having a capital stock of \$50,000 with privilege of increasing to \$200,000, that will handle the products of my mill in Oregon. My intention is to encourage good men with families to locate permanently in Coos county, and also to influence men with capital to come and help open up the vast resources of mineral, coal, oil and timber.

Should my representative, Mr. J. L. Futrell, receive sufficient encouragement from your business men to justify me to meet your citizens at a public meeting in the near future, I would be pleased to go into my plans more fully for the establishment of the plant. Truly yours, G. W. PEEK.

Your doctor says take care of yourself and take plain cod-liver oil, but you can't take it. Only the strong, healthy person can take it, and they can't take it long. It is so rich it upsets the stomach. But you can take SCOTT'S EMULSION

It is very palatable and easily digested. If you will take plenty of fresh air, and exercise, and SCOTT'S EMULSION steadily, there is very little doubt about your recovery.

There are hypophosphites in it; they give strength and tone up the nervous system while the cod-liver oil feeds and nourishes.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's Swamp-Kool, the great kidney remedy is soon realized. It stands the highest for the wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have heard of the famous "Swamp-Kool" bottle by mail. Home of Swamp-Kool, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Englewood, N. Y.
