Our old friend and former neighbor, W. P. Bovee, now living about 13 miles below Bandon, visited Coquille last week on business at the county seat. Mr. B. has not been back for several months and noted the improvements since his absence. Mr. B. is a pioneer of this neighborhood, dating back to 1854, and is now 70 years old. He has experienced little or no thanks for his services as a pioneer, but rather many trying hardships and oppressions, for, after an occupancy and improvement of a home for about 23 years, he was ousted by adverse litigants and now endeavors, at this age, to plant another.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by E. S. Knowlton.

A social party was given at the residence of Mr. and Mrs. W. T. Kerr last Friday evening, the event being a farewell to Mrs. Lester, a sister of Mrs. Kerr's, who departs for Sumner, Coos county. Quite a large and jolly crowd was present, and a pleasant evening was spent in playing games, dancing, etc. At midnight a palatable lunch was served, and, after another hour of social intermingling, the guests wended their way homeward, well pleased with the evening's enjoyment.

During the storm, Sunday morning, a large tree fell across the railroad track near the summit. A crew was sent out from the depot that evening and the obstruction removed.

An Appeal for Fair Play.

ED. HERALD: On behalf of the taxpayers of Coos county, I desire to call attention to the abuse and very doubtful legality of merchants going on the bond of the superintendent of our county infirmary. Supplies for that institution, as well as all other county supplies, should be subject to competition by all merchants. The county can't afford to pay a bonus to the bondsmen of its officials, and no official can afford to handicap himself by mortgaging his official position in that manner.

W. L. Kistner and wife, C. Pettigill, wife and two children, and G. G. Davis, wife and two children, arrived from Humboldt county, Cal., per steamer Blanchard, last week. We understand there were 9 head of horses and 26 head of cattle brought from Eureka with them. The first-named, Mr. Kistner, is the one who purchased the Collier farm on the edge of this place some weeks ago, and has come to occupy the same; while Mr. Davis, we believe, has leased the Dement place at Myrtle Point for a term of years and will reside there.

Paso Robles Independent: After Speaker Henderson gets all his aspirants for chairmanships satisfactorily placed, he should go out in the cloak rooms and ascertain the wishes of the hat hooks. There were days when a former speaker found those hooks very useful and interesting when he desired to count a quorum.

Clatsop county's liabilities exceed her assets by \$53,000.

Gravel Ford Uots.

Gravel Ford, Jan. 11.—We are having a fine winter thus far. Range has been good and stock looks well. No heavy frost to injure grass, as yet.

E. E. Weekly has quite a force of hands working on his new barn; he will also start a logging camp soon. Lyons' mill did so well on the last lot of logs run down, it induces other parties to log. The people are training horse teams to log with. Four good horses well trained will put in a good many logs in a day where timber is close to the river. They are so much quicker than cattle they make better time.

Mrs. Sweet, the evangelist preacher, is still holding meetings in the neighborhood of Gravel Ford. The body of the little boy drowned at Gravel Ford a fortnight ago has not been found, as yet.

James Hobson and Frank Harvish made quite a deal in cattle a few days back, dairy cows being traded for young stock. Mr. Harvish will milk between 20 and 30 cows the coming season for the Gravel Ford creamery.

I. M. Weekly will soon place 100 more sawlogs in the water. Logging on a small scale, as an offset with farming, pays well at the present prices of logs.

A packhorse on the mail route from Roseburg to Empire went over the Brewster grade and went dead way down in the creek.

MORE ANON. At a late meeting of French Canadians shows that thousands favor independence. Rebellion seems certain in the opinion of many careful observers.

Boys haven't always a great imagination, but most of them have a good deal of tenacity. A man, wishing to make himself pleasant to the little brother of his betrothed, told him to wish for something and he would give it to him. "A box of chocolates," said the boy. "What else?" asked the generous lover. "Another box of chocolates." "Oh, but wish for something else. Your little stomach couldn't hold all those chocolates." "Well, then, answered the boy, "another stomach."

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor sleeping headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"

New York World (Thrice-a-Week Edition)

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in a dollar a year journalism: It is issued every other day, and is to all purposes a daily. It receives every week subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly. Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—the New York World. Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on. The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all. We offer this unequalled newspaper and the Coquille City Herald together one year for \$1.90.
