### Republican Committee Meeting.

Philadelphia, Jan. 13.—The subcommittee of the national Republican committee today began laying plans for the work of the presidential campaign. Shortly after 9o'clock the committee visited Mayor Ashbridge. In the party were Senator Hanna, chairman, "Joe" Manley, H. C. Payne, of Wisconsin; Senator N. B. Scott, of West Virginia; Richard Kerans, of Missouri, and Charles Dick, of Ohio, secretary of the national committee. The committee went to the exposition to inspect the auditorium in which the convention is to be held. All visitors expressed their satisfaction at the selection of the hall. Senator Hanna, regarding the convention, said:

"Of course, President McKinley will be renominated, and without doubt he will receive every vote in the convention, but when it comes to choosing his running mate and deciding on the platform there is likely to be an abundance of excitement."

During the conference with Mayor Ashbridge, Senator Hanna made the first statement, which he has uttered in his capacity as national Republican chairman, on the issues and plans of the coming campaign. He said:

"First, the national issues will be the prosperity of the working people of the country; second, the retention of Philippines. The Republican party is in pressing and immediate need of funds to carry on the work of the campaign, and it must be begun without a moment's delay. The Democratic party has labor agitators at work throughout the west, and the Republican campaign committee finds it necessary to meet them at every point."

### The Bankwreckers' Friend.

A statement of President McKinley's use of executive clemency forthe past two years and five months of his term of office shows that he has pardoned 349 criminals and commuted the sentences of 129 more. This is a remarkable record. The federal courts do not have to deal with a very large proportion of criminals, and 478 interferences with judicial sentences make it look bad for the courts or for the president.

A singular feature of the exercise of clemency is found in the fact that sixteen bank-wreckers were pardoned, eight bank officers who betrayed their trust had their sentences commuted, sixty-one postmasters were pardoned and twenty-nine had their sentences commuted, although they had been convicted of embezzlement and kindred crimes.

President McKinley's tenderness for embezzlers has roused severe comment, and has even been criticised in bankers' conventions as likely to promote further crime of the same sort. Whatever the cause of the leniency, we can regard it onlyas a blot on the administration. —S. F. Examiner.

### One of Our Heroes.

That was not a very pretty sight that was presented on Market street yesterday, when an honorably discharged soldier of the First California tramped up and down for hours with a placard declaring that he had been unable to obtain employment and asking some one to give him work. There is no allegation that the man is dissipated or unworthy. In the meantime we believe there is a certain fund somewhere or other that was raised for the express purpose of caring for just such men. What has become of it?---Alameda Encinal.

Ask the proprietors of the Call and the Chronicle—but don't expect an answer. The $43,000 has evidently "gone glimmering" for clerk hire, rents, lights and "perquisites."—S. F. Star.

Times-Mountaineer: Carnegie says he will not contribute one dollar to the Republican campaign fund next year. Carnegie is ungrateful. He has made his millions through the workings of tariff on steel, a privilege given him by the Republican party. It would be a good thing if Hanna would retaliate and just to spite Carnegie for his ingratitude knock the tariff off steel. It would save millions so the consumers of this country.

S. F. Star: British soldiers, for wages and maintenance, cost $320 per year each, while Swiss soldiers cost $70. An American soldier, however, costs $1000 a year to pay and maintain. And yet people wonder why the American army contractors get rich.

S. F. Star: At last even such an "orthodox" Republican paper as the Chronicle has discovered that "competing roads do not compete; they combine." Everybody but the Chronicle writer knew that at least a quarter of a century ago.

S. F. Star: Conquerors are merely big bandits.

### How They All Died.

Colonel Bill Taylor, tourist printer, ran into our printing office and said that a man had just swallowed a two-foot rule and was dying by inches. The editor started out to learn the particulars of the death, and meeting a doctor told him about the case. He said that was nothing, that he had a patient once who swallowed a thermometer and died by degrees. A couple of bystanders then chipped in. One said it reminded him of a fellow down in Kansas who swallowed a pistol and went off easy. The other said he had a friend in New Jersey who swallowed a pint of apple-jack and went off in good spirits.—Exchange.

### We Are the People.

At an agricultural show in Dublin, a pompous member of parliament, who arrived late, found himself on the outskirts of a large crowd. Being anxious to obtain a good view for himself and some lady friends who accompanied him, and presuming that he was well known to the spectators, he tapped a burly coal porter on the shoulder, and peremptorily ordered:

"Make way, there!"

"Who are you pushin'?" was the unexpected response.

"Do you know who I am, sir?" cried the indignant M. P. "I'm a representative of the people!"

"Yah!" growled the indignant porter, "but we're the bloomin' people themselves."

## A Michigan Miracle

**Speech Restored after Nearly 13 Years.**

*The Ypsilanti Commercial, Ypsilanti, Mich.*

Many things appear miraculous that are really the result of natural laws, the workings of which can be accurately predicted. A striking example of this occurred in a prominent Michigan family recently, and there can be no question as to the truthfulness of the narrative since it is attested by Mrs. Harriet Begole, of Ypsilanti, Mich., a sister-in-law of Mr. Joshua Begole, who was Governor of Michigan in 1883-4. Mrs. Begole said:

"In 1886 I suffered from a severe illness; during which my voice left me and I did not speak above a whisper for nearly 13 years.

"I was treated by five local physicians and afterward consulted leading specialists of New York. They diagnosed my case as partial paralysis, stating that the left side of my throat was entirely paralyzed, the right side partially so. For nearly eight years I have suffered from a severe stomach disorder and about a year ago I decided to try Dr. Williams' Pink Pills for Pale People.

*Mrs. Harriet Begole.*

"My stomach trouble was relieved, my general health became greatly improved and to my surprise I regained control of my vocal organs. I have used five boxes of the pills and last November I spoke aloud for the first time in almost 13 years. I am now 71 years of age and have full control of my voice.

(Signed) MRS. HARRIET A. BEGOLE."

Sworn to and subscribed before me this 19th day of May, 1899, at Ypsilanti, Michigan. JOHN P. KIRK, *Notary Public.*
