

Church Directory.

M. E. church, south-regular services each Sunday morning and evening, by the pastor, E. L. FROST.

LOCAL ITEMS.

Comrade John Kowan, of Fish-trap, was a business visitor in town last Thursday.

Rev. W. Horsfall expects to conduct services next Sunday and Sunday night at St. James church.

J. H. Magill, a farmer living in the Fairview section, was a business visitor in this place last Friday.

Mrs. Joel Patterson, of this place, and Mrs. J. J. Baker, of Myrtle Point, visited a few days on the bay, returning last Wednesday.

Mrs. Mary Shepard came over from the bay on Wednesday train and went to Bandon, where Mr. S. is employed on the government work.

Uncle Bird Vowell came up from Bandon last week and spent several days in Coquille, where he seems as much at home as anywhere.

Mrs. S. S. Barklow, of Norway, returned home last Wednesday from a brief visit with her children and friends on the lower river and a call with friends here.

J. A. Pinkerton, of this place, lost a "medium-sized trunk, tin covered," from the Marshallfield depot on his late trip to the city, which he advertises for in the Coos Bay News.

W. A. Goodman and family, recently arrived here from Grants Pass, left last Wednesday for California. They are nice people, and we would have been glad to have them locate with us.

The schooner Volante was towed into the river last Wednesday morning and the Parkersburg Thursday morning. The depth of water, 24 feet, was maintained and gives much encouragement.

Our late townsman, A. C. Wilson, has located and will go into business at Thornton, Whitman county, Washington. We publish an interesting letter from him today. The letter gives information about the country, labor and wages.

Arrivals by Arcata, Jan. 30th: Miss Sanderlin, W. Ahlskog, J. T. Yarrington, A. Tyberg, Miss A. Butler, C. Nooske, A. Johnson, O. L. Albert, H. T. Adler, P. C. Baylis, Mrs. Tyberg, P. Pietro, O. Pietro, J. Quarano, G. Saxton, P. Saxton, A. Bind, V. Viddell, J. Porter.

We made mention last week that the postoffice at Grants Pass issued \$13,257.79 in money orders between November 1, 1899, and January 20, 1900. Our postmaster, B. E. Nosler, was prompted thereby to make a comparison for the same dates at this office, the result of which, passing over the figures in a hurried way, he found to be \$14,876.34—exceeding that at Grants Pass by over \$1600.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by R. S. Knowlton.

Coos county will hold an election on June 4th, for state, district, county and precinct officers, namely: Representative to congress, Oregon dairy and food commissioner, justice supreme court, district attorney, state senator 7th district Coos and Curry counties, representative 5th district Coos county, representative 7th district Coos and Curry counties, sheriff, county clerk, treasurer, assessor, school superintendent, surveyor, coroner, county commissioner, justices of the peace and constable for the several justice and constable districts, and a road supervisor in each precinct. The following amendments to the constitution of the state of Oregon will also be voted upon: Municipal indebtedness amendment, judiciary amendment, irrigation amendment, repealing amendment, and the equal suffrage amendment. The election will be held at 8 o'clock in the morning and will continue until 6 o'clock in the afternoon of said day.

Interesting Letter from Washington.

THORNTON, Whitman county, Washington, Jan. 27, 1900.

FRIEND HERALD: Please send my paper to the above address and oblige.

Well, Me., this is one of the greatest wheat districts I was ever in. This is a little town of only about 200, or perhaps 250, inhabitants, and yet there is stored in the warehouses some 100 or 150 carloads of wheat still belonging to the farmers, and God only knows how much has been shipped from here. There is a town in this county every 8 to 15 miles, and every town has its warehouses and all filled with grain, but the price is so low the farmers will not sell wheat. It is only worth 35 cents per bushel now.

The average crop of wheat here for the last 5 or 6 years has been 25 bushels per acre.

Farm wages per hand is \$1 per day and grub. Harvest wages are from \$1.50 to \$2.50 per day, owing to what they do. Threshing wages are from \$1.50 to \$2. Engineers, first-class with papers, get from \$3 to \$6 per day. Forkers get from \$2.50 to \$4. Separator hands get from \$3 to \$5 per day. The above is according to the way they happen to catch the hose, and the kind of a man they happen to be.

This is the most open winter that has been in this country in many years. There has been no snow, but lots of rain, and the ground has not been frozen to amount to anything yet. Most of the people look for lots of cold and snow next month.

I have bought two lots in this town, and am building me a shop, and will put in two forges now. I am building 24x50 feet, and putting in a frame with the intention of putting in machinery this fall, it all turns out as I have a reason to believe.

I got back from Spokane, where I went to buy my tools and stock. I bought two good new sets of tools besides one set of wagonmaker's tools, and a nice little stock of goods. I found the people of Spokane pleasant people to deal with, only rather high in their prices.

I saw Martin Johnson, Coquille's former furniture man, in Spokane. He reports work plenty for good workmen, and wages good and 8 hours per day. He says he gets \$4.50 for 8 hours' work, and work every day in the week.

They have quite a smallpox scare in Spokane, and I guess they have some reason, for the British authorities at the line have stopped the mails from crossing without fumigation, and they say that there are mountains of mail waiting for a decision of the two governments. It is hard to tell how it will turn out.

Respectfully yours, A. C. WILSON.

More About Collins.

Harry C. Collins, whose criminal methods at "raising the wind" have been recently fully published in the Tidings, was arrested in Junction City, Lane county, Tuesday, on a warrant issued out of Justice Stewart's court, charging him with obtaining money under false pretenses, from I. L. Hamilton, of Medford. Collins has signed a bank draft on W. Waddle, of Roseburg, for \$25, in favor of Mr. Hamilton, which was cashed by the Medford bank and on its presentation to Waddle was repudiated and returned to the Medford bank, when Hamilton as endorser had to repay the amount. Collins was brought to Medford yesterday morning by Constable Wes Johnson and had his hearing before Justice Stewart, who held him to appear before the next term of the circuit court in the sum of \$500.—Astorian Tidings.

Jas. Averill, it is rumored, is an aspirant for the joint senatorship for Coos and Curry counties. As to the possible truth of the report, we are unable to say, but as Jim is now in Coos, it looks as if he may be looking after political fences.

W. W. Hart, of Portland, a government engineer, was in Port Orford last week taking a birdseye view of our excellent harbor, and it is presumed by some of our business men, conclusive of his remarks, that someone, be it Uncle Sam or some other enterprising, far-seeing, individual, is looking for a deepwater outlet on this coast.

Langlois is always up to date and when something comes along that is right in line with civilization and would be a benefit to the rising generation, the people of the above-named town grasp the situation at once. They have a Good Templars' lodge, which has a large attendance and meets every Tuesday evening, and dancing is in session every Saturday night.

The store at Beaver Hill has been renovated; the bunkers put in first-class shape; the mixing plant has been overhauled; gear changed and everything is being put in readiness for resumption of work in the near future. A new sidetrack has also been laid to the store, for convenience of passengers and freight.

A large panther, measuring 7 feet 10 inches, was killed last week near Elkhorn by Albert Gould. The panther was in a tree, and Albert shot him with a revolver. The death of the "varmint" will be a great relief to stockraisers on the upper North Fork of Coos river. The panther was in the habit of following travelers on the trail between Joseph Schaffer's and Loon Lake.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Sav, John, what are you doing to look so healthy?"

WANTED—A case of bad health that R.I.P.A.N.S. will not benefit. They heal pain and bring life. One given free. Note the word R.I.P.A.N.S. on the package and accept no substitute. The samples and one trial bottle will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 12 Spruce St., New York.

New York World (Thrice-a-Week Edition)

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in a dollar a year journalism: It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly. Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service. The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World. Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on. The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all. We offer this unequalled newspaper and the Coquille City Herald together one year for \$1.90. The regular subscription price of the two papers is \$2.50.

THE REPUBLIC, St. Louis, Mo. The policies of the great political parties are now being formed and the candidates discussed. Every citizen must study the great questions that are to come before the people. This can only be done through the medium of a great newspaper. Now is the time, therefore, for every voter to subscribe for the best and most reliable newspaper obtainable. The Semi-Weekly Republic, of St. Louis, covers the whole field of political news. While it is Democratic, it publishes the news in regard to all political parties without prejudice. Its telegraphic and cable news service is superior to that of any other paper, and its special features are the best. Attention is also called to the Republic's Sunday Magazine. Its half-tone illustrations are alone worth the subscription price. It is made up of special articles by the best literary talent, embracing a variety of subjects of current interest. News features of absorbing interest are illustrated and enlarged upon. For the benefit of the ladies the latest fashions are handsomely illustrated. The Republic Sunday Magazine is always interesting to every member of the family. The subscription price of the Semi-Weekly Republic is \$1 per year; the Republic Sunday Magazine, \$1.25 per year. Both papers are now being offered at the very low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.
