Church Directory.

M. E. church, south-regular services each Sunday morning and evening, by the pastor, E. L. Fitch.

LOCAL ITEMS.

W. M. Lafferty, now a resident near Myrtle Point, was a visitor in Coquille last week, and made us a pleasant call.

The Vowell property is being improved and prepared for our new fellow-citizens, Fred Sanderson, and family, who temporarily occupy the Danham property.

Coos Bay News: The Democratic county central committee is called to meet on Friday, February 16th, at 10 a. m. at Coquille City, J. J. Lamb, chairman; John F. Hall, secretary.

Dave Carey came up from his Curry county home last Tuesday, and on Wednesday extended his trip with his partner, W. H. Thomas, to their logging camp near Fairview.

Henry Sanford, wife and daughter, Miss Maud, of the bay section, have been visitors at this place several days with his cousin, K. D. Sanford, and friends. Mr. and Mrs. Joel Patterson.

Mrs. Ethan McDuffee and little son returned from Los Angeles, Cal., last Thursday forenoon, coming up from the city to the bay on steamer Arcata. Ethan appeared to be the happiest man in town.

Harry Kribs, our hardware man of the firm of J. A. Lamb & Co., returned last Thursday from a business trip to San Francisco. He left California just as soon as he had "fixed" Dan Burns for the senatorship.

Hugh L. Gray and E. T. Schroeder, young gentlemen from Myrtle Point, are doing some scenery painting, including a large drop-curtain, for Band Hall. The young men are making a very satisfactory job, we learn.

Tillamook county has been building county roads with a portable sawmill owned by the county. They have just completed seven miles of road, including two or three bridges and nearly a mile of trestle at a cost of \$4,582.28.

H. A. Todd, our energetic broom-factory man at Round Hill Farm, near Arago, brought down several dozen of that useful article for our merchants last Wednesday. The brooms are superior in material and finish to any shipped here from the outside, and we are glad to mention that his enterprise is growing in appreciation.

In talking of gray foxes, we saw a large, live specimen last Thursday morning, exhibited by George Collier on Front street. Mr. Collier had captured the animal the night before, put him in a box and placed him on exhibition. Among the oldest settlers, this was the first specimen of the gray fox they had ever seen here, and in connection with our item of a week before, noting the fact that McQuigg's had killed one at that date, and one some months before, came to the conclusion that that animal was immigrating to our section and would abide here. This was a very pretty specimen and quite an attraction.

Hon. J. H. Upton, of Langlois, supplies the following interesting and singular circumstance of a birth in northern Curry to the Port Orford Tribune: Four weeks ago, twins (a girl and a boy), were born to the wife of C. M. Brown, who lives on Floras creek; but the remarkable feature of the matter is yet to be disclosed. Three or four days after the birth of the babies, it was discovered that the girl had absolutely no exit for the contents of the bowels, the part being grown over perfectly. The child lived on for four weeks, when finally a doctor was secured who operated upon it, and now, a week later, it is still alive. The case seems to be a most remarkable one.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale R. S. Knowlton.

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

Port Orford Tribune.

Call for meeting of Republican central committee in this issue.—Feb. 24th.

Cattle-buyers are circulating in Curry county. Among them we notice Taylor Dement, of Myrtle Point, and Isam Walker, of Floras creek. Cattle command good prices and it is prophesied that stockmen will reap a bountiful harvest from sales of cattle during the coming summer, as the tendency of the market continues upward.

Coos Bay News.

Several parties left Marshfield on Sunday for the headwaters of South Coos river, to take up timber claims.

A party of eastern men came over the road from Roseburg last week to examine the timber resources of this section.

A slide occurred at the rock quarry on Coos river, Tuesday evening, slightly injuring one of the men employed there.

The barkentine Joseph L. Evison had her mast put in at North Bend, and was towed back to Marshfield on Sunday evening, to be rigged.

The steamer Empire arrived from the city February 4th. It was exactly 26 years ago on that day (Feb. 4, 1874) that she arrived in the bay on her first trip. She is a pretty good boat, and her timbers below the water line are all sound.

The new steamer, Santa Ana, was successfully launched at the Pleasant Point shipyard on Thursday afternoon, and was towed to Marshfield by the tug Columbia. Miss Jennie Ross christened the new vessel. The steamer is 136 feet over all, 36 feet 10 inches beam and 12 feet depth of hold. She will carry nearly 1,000,000 feet of lumber on her first trip, and will carry 750,000 feet when her machinery is in, on a draft of 17 feet. The Santa Ana is a remarkable fine vessel, well built in every particular, and bears evidence that Capt. Hans Reed, her builder, is a thorough mechanic, and holds a front place among the shipbuilders of the coast.

Captain Harts inspected the jetty work at Coos bay and found it making very satisfactory progress, says the Oregonian of the 2d. The tramway has been extended 115 feet, and the delivery of stone is very satisfactory. The stone is brought from the government quarries and an adjoining new quarry, 20 miles up the Coos river, and about 500 tons, in fine, large blocks, some weighing eight tons, is delivered daily. It is impracticable to deposit the stone on the jetty directly from the barges, so it is carried out on the tramway on trains of five cars at a time, and dumped, and thus the enrockment proceeds rapidly.

McDUFFEE, (Seal) Recorder for Coquille City, Oregon.

The Oregon wide tire law is now in force. The law provides that the county court of each county is authorized to make a rebate annually for four years on the road tax of each person within its county who shall own and have in habitual use on the highways, wagons or other vehicles for the transportation of heavy articles, the tires of which are not less than three inches in width, or \$1 for each wheel of such vehicle having tires of not less than four inches in width, upon which there is a difference of at least eight inches in the front and rear axle, so constructed that the front and rear wheels will not come in contact with the road surface while the vehicle is moving in a straight line, and shall receive a further rebate for four years, on his or her road tax, of \$2 for each and every year during said period that vehicle is habitually used on the highway.

Albany Democrat: The Eugene Journal has started a humorous column. It refers to Congressman Tongue as a statesman.

Every voter who registers must give the section, township and range in which he lives, and those living in an incorporated town must give the lot and block. Study out just where you live and then register at once. Unless registration progresses more rapidly a great many voters are going to get left.

A darkey and a white man, tramps, were arrested while drunk in a saloon at Albany, charged with holding up Chas. Dawson, of the Wells-Fargo office, late Thursday night near the depot and taking \$16.35 from him. They had \$10 over the division of which they had been quarreling.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. The Wonderful Quaker Folding Bath Cabinet

ALL SPRING STEEL FRAME, CHEAPEST AND MOST CONVENIENT FOR USE. On exhibition and sale at COQUILLE PHARMACY, or at my residences near old school building. NORA A. McEWEN, Agent.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peacetime, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"

New York World (Thrice-a-Week Edition)

ALMOST DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in a dollar a year journalism: It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 21 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service. The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on. The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all. We offer this unequalled newspaper and the Coquille City Herald together one year for \$1.90. The regular subscription price of the two papers is \$2.50.

No Other Paper Gives the clubbing offers that you can get with the Herald. Now it is the OREGONIAN which we will give for 1 year as a premium to Herald subscribers.

Pay up arrears and send in \$2 for 1 year in advance to the Coquille City Herald and we will send you the Weekly Oregonian for 1 year as a premium, fully paid up.
