

Church Directory.

M. E. church, south-regular services each Sunday morning, and evening, by the pastor, E. L. FITCH.

LOCAL ITEMS.

Novie Landreth last week moved from this place to Sheriff Gage's farm on Coos river.

The annual school meeting will be held soon—Monday, March 5th—with very important work before it.

Our schools only took a half holiday last Thursday—Washington's birthday—owing to forgetfulness.

Mrs. Rock Robison was down from her home near Arago last week to do some shopping and visit her parents, Mr. and Mrs. Figg. She continues in poor health.

Lyon's mill has been shipping an immense quantity of lumber to the bay the past fortnight, first load of the new steamer Santa Ana. Her cargo will be about 1,000,000 feet.

Tex Robison was down last Thursday, slightly under the weather from taking a cold. Mr. R. took in the public sale at Norway last Tuesday, and was entertained at what he saw and heard.

WANTED—SEVERAL PERSONS FOR District Office Managers in this state to represent me in their own and surrounding counties. Willing to pay yearly \$500, payable weekly. Desirable employment with usual opportunities. References exchanged. Enclose self-addressed stamped envelope. S. A. Park, 320 Caxton Building, Chicago.

Comrade Z. T. Johnson, of Myrtle Point, was a visitor at the courthouse last Thursday. Mr. J. explained to us about the interference with the mail contractors by the authorities, and the consequent delay of the mails several times.

Mrs. Bryan and son, Arthur, of Bandon, joined Rev. Mr. Bryan at this place last week during the progress of the meetings here. Miss Emma, the daughter, has been present as organist and to assist in the music almost since the beginning of the meeting.

W. Gallier, notwithstanding his years, has most faithfully applied his personal work on grading his sidewalk and lot on Front street to comport with the ordinance and action of other property owners adjacent. Most of the weather has been fearfully bad, yet the old gentleman never "let up," and will soon have his business property in good order for occupancy.

It won't do to turn all the smiles on the "hayseeds" alone for being taken in by commission men in the cities of San Francisco and Portland, for we hear of other persons, experienced in trade and good business men, who have been bent by the same hand quite seriously. However, we learn that one refuses to be bluffed and will let the other fellows collect the shortage by law, if they dare.

J. S. Henry and family arrived early last week from New Whatcom, Wash., and occupied the house just vacated by Novia Landreth, on Second street, temporarily. Mr. H. had kept in touch with this section for several months through visits of the HERALD, and we welcome him. We dare only mention that we believe Mr. H. comes with qualifications, and partially in a representative capacity, to cast his lot with us and help develop our section.

The public sale of Messrs. Bonowitz and Van Dyke last Tuesday, at Norway, notwithstanding the very inclement weather, shows what intelligent and liberal advertising will do. The attendance was large, and with few if any exceptions were bidders, even if they went more from curiosity than any intention to purchase. J. B. Fox cried the sale, and he is "all right" on an occasion of that kind. Articles generally brought very fair prices, and sale occupied from 10 a. m. to 4 p. m. without intermission. The sales aggregated \$1060. Ordinary stock cattle averaged about \$40 per head.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and efficient cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the thick mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by R. S. Knowlton.

A school meeting will be held on Monday, March 5, to elect one director for three years and a clerk for one year.

The train made two trips a day, last week, bringing lumber from Coquille mills to load vessels at the railroad depot.

Wm. Palmer, of South Coos river, is laid up with a badly cut hand, the result of an accident while getting out shingles.

Work is progressing rapidly on the new vessel being built at North Bend, and it is thought she will be ready to launch in about a month.

The Santa Ana will be loaded by Thursday, and if she can obtain the lumber, will carry one million feet. She will be towed to the city by the Ruth.

The Homer, which arrived from Portland yesterday, brought 250 tons of freight for bay points. She takes on freight at Marshfield and Empire, and intends sailing tomorrow.

Peirce, died at her home on Edison creek last Saturday, Feb. 17th, leaving a large family and hosts of friends to mourn her loss. Mrs. Peirce, whose maiden name was Lowe, was born in New York City, Nov. 20, 1829, and has lived in Curry county since 1875.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of.—J. A. DODGEN, Alpharetta, Ga. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by R. S. Knowlton.

It is reported that a large band of Yaquis are marching on Guaymas, Mex., and will attempt to capture the town.

London, Feb. 20.—News has been received here that General Hart has occupied Colenso after a slight engagement.

His Farewell Shot.

"I won't hear you say a word against Harold Bicknell!" haughtily exclaimed Perdida Punnkyn-Hedde. "I think more of his little finger than I do of your whole body!" "I don't doubt it!" howled the mortified and indignant youth, grasping his hat. "But I want to tell you it isn't a diamond ring he wears on his little finger! I know what he paid for it and 'tis a paste!"

At It Still.

Full many a man hath set his bow, before he found he'd banded, to prove the twentieth century would come in 1900.

Lee Items.

Lee, Feb. 19.—Plenty of rain and mud now on the program of the weather. The rain makes the farmers look down their noses, as it is getting time to make garden and put in their crops.

Rev. Fitch, of your town, and Rev. Hansen, of Myrtle Point, are holding a protracted meeting at the Methodist church at this place, with large attendance.

Logging is all the rage in this neighborhood at present. Will Mast and L. Lawhorn are running a camp on the former's place. They have 200 or 300 cut ready to haul to the river.

Wm. Harman and D. W. Baker have got their logs in the river ready to run to the mill. James Hervey is getting ready to haul his logs. Bill Thomas is going to haul for him with his horse team.

A surprise party was given on the 11th of this month at the residence of Mrs. C. H. Mast, in honor of her son Webb, it being his birthday. Quite a crowd attended and all had a very enjoyable time.

Wm. Mast and Chester Lawhorn visited Coquille Saturday. There seems to be some attraction down there for Will.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times I could not work, and was always very prostrated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them formerly. I also don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?" WANTED—A case of bad health that R.I.P.A.S. will not benefit. They banish pain and bring the sleep-giving relief. Note the word R.I.P.A.S. on the package and accept no substitute. R.I.P.A.S. is not sold in loose packages for it is, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., 30 1/2 Spruce St., New York.
