Republican Primary.

The Republicans of this precinct held their primary at Masonic hall last Wednesday afternoon. L. Harlocker was called to preside, and W. C. Chase to act as secretary.

After this preliminary, the chairman announced the object of the convention, and stated that this precinct was entitled to nine delegates to the county convention to be held in this city on Thursday, March 29th.

W. Sinclair moved that the convention proceed to ballot for nine delegates, those receiving a majority of the votes cast to be declared elected. Carried.

The chair appointed J. B. Dully and Charles Skeels to act as tellers.

A number of names were put in nomination with a view to harmonize the balloting, and a first ballot resulted in choice of seven, as follows: C. M. Skeels, L. Harlocker, W. Sinclair, Dr. W. Colfin, A. L. Nosler, W. H. Nosler and W. C. Chase.

Three being tied on 13 votes each, J. B. Dully, Thomas Krewson and J. T. Nosler were balloted for to secure two delegates, and J. B. Dully and J. T. Nosler were declared elected.

On motion the convention then adjourned.

It is well known that the best way to keep the lungs in good condition is by using Chamberlain's Cough Remedy. It is a sure cure for all coughs, colds, and bronchitis. It is a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by R. S. Knowlton.

An Infamous Bill.

The Loud "Bill to amend the Postal Laws," a copy of which has been received at this office, and which is too long for extended comment, is evidently meant as a direct blow at the country papers, and at that class of cheap literature which has done more to educate the common people than any one factor in American journalism. It also works to the great advantage of the express companies who now, to some extent, must compete with the mail service. If the news companies that are now using tens of thousands of dollars to defeat the infamous measure had spent a fraction of the amount in defeating Loud he would have been relegated to the cobbler's bench where he naturally belongs. It is no disgrace for him to have sprung from such a position, but when he shows no more brains than to take the methods of a cobbler into national legislative halls, he is thoroughly unfit for his job and should be sat down on very hard.—Paso Robles (Cal.) Independent.

ALL SPRING STEEL FRAME, CHEAPEST AND MOST CONVENIENT FOR USE

On exhibition and sale at COQUILLE PHARMACY, or at my residence near old school building. NORA A. McEWEN, Agent.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peacetime, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been bothered with them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"

WANTED—A case of bad health that R.I.P.A.S. will not benefit. They banish pain and prolong life. Use a few pills. Note the word R.I.P.A.S. on the package and accept no substitute. R.I.P.A.S. is a sure cure for all ailments, may be had of any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 12 Spruce St., New York.

The Great Presidential Campaign of 1900.

The policies of the great political parties are now being formed and the candidates discussed. Every citizen must study the great questions that are to come before the people. This can only be done through the medium of a great newspaper. Now is the time, therefore, for every voter to subscribe for the best and most reliable newspaper obtainable. The Semi-Weekly Republic, of St. Louis, covers the whole field of political news. While it is Democratic, it publishes the news in regard to all political parties without prejudice. Its telegraphic and cable news service is superior to that of any other paper, and its special features are the best. Attention is also called to the Republic's Sunday Magazine. Its half-tone illustrations are alone worth the subscription price. It is made up of special articles by the best literary talent, embracing a variety of subjects of current interest. News features of absorbing interest are illustrated and enlarged upon. For the benefit of the ladies the latest fashions are handsomely illustrated. The Republic Sunday Magazine is always interesting to every member of the family. The subscription price of the Semi-Weekly Republic is \$1 per year; the Republic Sunday Magazine, \$1.25 per year. Both papers are now being offered at the very low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

New York World (Thrice-a-Week Edition)

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in a dollar a year journalism: It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 22 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—"The New York World."

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and the Coquille City Herald together one year for \$1.90.

The regular subscription price of the two papers is \$2.50.

No Other Paper Gives the clubbing offers that you can get with the HERALD. Now it is the
