Timber Land Locater Arrested.

Albany, April 2.—H. G. McKinley, the well-known timber land cruiser who has been locating in the Cascades during the past several months, was arrested here today on a charge of defrauding the government by hiring men to take up claims with whom he had contracted to purchase their claims. He was arraigned before acting United States Commissioner L. H. Montague, and was held in $400 bonds to await examination April 16th. McKinley says it is merely the Northern Pacific trying to down him in their interest and that he will come out all right.

More Indian Lands.

Washington, April 2.—Under a suspension of the rules, bills were passed to open to settlement 481,000 acres in the Fort Hall Indian reservation, and 2,500,000 acres in Oklahoma, by satisfying agreements with the Bannock and Shoshone Indians and Kiowas, Comanches and Apaches.

Chief Joseph, of the Nez Perce Indians, located on the Colville reservation in Washington, has filed with the commsioner of Indian affairs a petition to remove his band to Oregon. Chief Joseph says that he desired to be located in the Wallowa valley, at the confluence of the Grand Ronde and Snake rivers, near the Seven Devils mountains. The commissioner of Indian affairs said, if the Wallowa district was not too thickly settled it might be practicable to grant Chief Joseph's request, but he feared that conditions would not permit this action.

Oregon Scout: In India 3,560,000 are at the point of starvation, according to an official report, and the famine is increasing. The poor natives are being taxed to death by the British aristocracy in order that the latter may riot and dissipate in luxury, and at the same time hire soldiers to "civilize" the Boers.

General Louis Botha has been appointed to succeed General Joubert as commander-in-chief of the Transvaal forces.

Aguinaldo in Singapore.

Chicago, April 3.—A special to the Record from San Francisco says: "News from the Philippines received by the transport Sheridan shows that Aguinaldo is in Singapore. Singapore papers make mention of the fact and publish a short interview with him."

Victoria in Ireland.

Dublin, April 4.—In spite of the rain that was falling, the arrival of Queen Victoria, in the royal yacht Victoria and Albert off Kingston, was the occasion for much enthusiasm. Although all political conditions are represented in Kingston, there was no attempt at a counter demonstration. In fact, the evening's fireworks, singing and cheering were not marred by any hostile note.

For St. Helena.

Cape Town, April 3.—General Cronje and 1000 Boer prisoners sailed for St. Helena today.

Gen. Bates' Work.

Manila, April 3.—General Bates has peaceably occupied Surigao, Cagayan, Iligan and Misamis, in the island of Mindanao. The insurgent atrocities in Cagayan and Camarines provinces continue. Spaniards, Chinamen and natives have been murdered.

Washington, April 3.—The war department has authorized General Otis to enlist competent Filipino musicians in the regimental bands.

The Canal Commission.

New York, April 3.—The canal commissioners, Rear-Admiral Walker, Samuel Pasco, Colonel Ernest and Emery H. Johnson, arrived today from Central America. Rear-Admiral Walker said:

"We have completed our portion of the work of investigating the possibilities of both the Panama and Nicaragua routes. We have spent three months in the bushes and have collected a great mass of data which we will put into shape for our report to be handed in to the president next December.

Absolute Control of the Coal Trade.

New York, April 4.—The Herald says: According to statements made by Wall-street interests in close touch with the Vanderbilt and Morgan factions, one of the first and most important results of the Vanderbilt-Morgan-Cassett alliance for the joint control of eastern railway systems will be the cementing of a new coal combination, which will include both the anthracite and bituminous companies and bind them together in a powerful trust that will have absolute control of the American coal trade.

The final step toward the completion of this project was, it is said, the aquisition by the Pennsylvania railroad of sufficient Norfolk & Western stock to make it a factor in the management of that property.

Dewey's Candidacy.

New York, April 4.—A Washington dispatch to the Evening Telegram says: It has developed that the announcement of Admiral Dewey's candidacy is part of a well-laid plan of eastern Democrats to head off Bryan's nomination.

Kansas City's Convention Hall Burned.

Kansas City, April 4.—The mammoth and superb auditorium in which the Democratic convention was to have been held on July 4, was burned to the ground by a fire that started at 1 p. m. Within a few minutes after it caught the whole structure, taking in a half block each way on Thirteenth and Central streets, was a mass of flames, and 20 minutes after the first alarm was turned in the mammoth roof fell in with a crash, throwing showers of burning embers in every direction.

The convention hall is well insured and will be rebuilt in time for use of the Democratic convention.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by R. S. Knowlton.

London is twelve miles broad one way and seventeen the other, and every year sees about twenty miles of new street added to it.

To Aid Boers.

Washington April 2.—Webster Davis, assistant secretary of the interior, has resigned to go on the lecture platform in the interest of the Boers. He says:

"It is purely a matter of sympathy on my part. I went to South Africa unprejudiced, visted both armies, saw much of the British soldiers and people, and also much of the Boers. After seeing what I did, I made up my mind that the cause of the Boers was just. I believe the Boers will win."

Davis was asked what course he would have the people of this country pursue in order to assist the Boers. He replied:

"We should let the world know that such an unholy war should stop, and stop at once."

Grants Pass Courier: W. H. Lee brought in a fine lot of gold and quartz this week from Mt. Sterling, to be melted for shipment. He had pieces which prospect as high as $300,000 to the ton, being over half gold, and $5000 rock was no rarity in his collection. It was not taken from a mere "pocket." He is developing a defined vein of remarkable richness.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

The total enumeration of the county is 3860. Notwithstanding this excess of over 100 pupils over last year, and the organizing of two new districts by the district boundary board, the high pro rata of a year ago is maintained.

Done at Coquille City this 4th day of April, 1900.

W. H. BUNCH,
County Superintendent.

King of Orchard Pests.

Orchardists will find interesting reading in the report of the experiments of Professor J. M. Aldrich regarding the codlin moth. Professor Aldrich has charge of the entomological department of Washington State University. In a pamphlet just issued he says:

"The moths emerge in May, at least a week after the blossoms have fallen from the apple trees, and some of them considerably later. They deposit their eggs singly on the young apples, and not rarely scatter them about on the foliage also. The eggs are small, difficult to find, whitish in color, and hatch in a few days. The young worm is extremely small. It makes its way to the fruit, if not already upon it, and begins active business by boring into the skin. Once under this protection, it can bid defiance to spray or anything else until it is full grown. It is a common habit of the first brood, however, to enter the apple in many instances at the calyx or blossom end in which case it feeds for a time upon the remains of the blossom before entering the flesh. Upon this peculiarity of habit most of the success of spraying depends.

"The spray must be put on while it is yet possible to get into the calyx cup. After the blossom falls, it is only a few days until this becomes closed by the little green leaves (sepals) just outside the flower. When this occurs, the time for effective spraying has gone by, since the poison cannot be placed in the one spot where the worm will be likely to eat it."

Respecting the banding of trees, Professor Aldrich says.

"This consists in placing one or more bands of cloth about the trunk of the tree to give the worms a place in which to spin their cocoons. Before they have completed their transformations, the band is taken off and the worms destroyed, after which it is replaced to capture later worms in the same way. It would seem hardly necessary to mention the fact that unless the bands are removed regularly and the worms destroyed, the process is a benefit to the insect; but so many reports have come to my attention of orchardists neglecting the bands that I wish to emphasize the point."

Probably the most important strike ever made in eastern Oregon was made by John T. English and Frank Nelson, mining men of Baker county, who stated they had found a solid mountain of nickel lying in Rye valley, about 20 miles southeast of Baker City, on the line of the O. R. & N. railroad, says the Blue Mountain Eagle.

Wild With Eczema

Fire Could Not Have Been More Painful.

"After spending two years in taking all kinds of medicines that were suggested for eczema, but without avail, my mother was induced to take Hood's Sarsaparilla. The result was wonderfully gratifying. Her limbs had been terribly lacerated by the disease, and there were times when fire could not have been more painful. She was, in fact, almost wild. Two bottles of Hood's Sarsaparilla completely cured her, and not a trace of eczema was left." E. W. DECKER, Gardiner, N. Y.

Eat Well, Sleep Well.

"Hood's Sarsaparilla has been a great blessing to me. I was weak, irritable, tired and nervous; had no appetite and was always sad and despondent. One day I got hold of a little book about Hood's Sarsaparilla. I looked it over and resolved to try a bottle. I was better before it was gone, so I kept on until I had taken five bottles. I can now sleep well, feel cheerful and can do all my work, including plain sewing, and I can walk two or three miles a day. I am 55 years old and now feel that life is worth living." MRS. EMMA SMITH, 68 E. Mitchell St., Oswego, N. Y.

Critical Period of Life.

"I took Hood's Sarsaparilla during the critical period of my life, and now, at the age of 60 years, I am strong and healthy. It is a great medicine for the blood. I find Hood's to be the best." MRS. H. POMROY, 22 Lansing Street, Auburn, N. Y.

You can buy Hood's Sarsaparilla of any druggist. Be sure to ask for Hood's and do not accept any substitute.
