J. H. Roberts, of Myrtle Point, made a trip down the river last Friday.

Thomas Wilson, a thrifty and enterprising farmer at Myrtle Point, was a business visitor in Coquille last Friday.

J. H. Matheny, of Myrtle Point, was an attendant brother at the celebration and thanksgiving exercises of the Odd Fellows in this city last Thursday.

Sheriff Danham has not selected his deputies yet, the efforts of his friends the enemy at cabinet making to the contrary notwithstanding; that will be done in due time.

The Odd Fellows made a fine display at their anniversary celebration last Thursday. The procession was a good one and handsomely bedecked with regalia and jewels.

Port Orford Tribune: One day last week George Forty, Thomas Lane, Chas. Crew and R. Krueger started out in a boat for a fishing excursion to the rocks down the bay. When a short distance off Battle Rock their boat encountered a breaker and was capsized. Fortunately all succeeded in reaching shore, and the most serious loss was Forty's Winchester rifle.

A FOLLOWER OF MEASLES.—In many instances a persistent cough follows an attack of measles. In speaking of this Mr. Walter B. Beel, editor of the Elkin (N. B.) Times, says: "Three weeks I had an attack of measles which left me with a bad cough. I took several doses of Chamberlain's Cough Remedy and the cough has entirely disappeared. I consider Chamberlain's medicines the best on the market." For sale by R. S. Knowlton.

Johnny Snyder, who has been for some time past on the sound, came down recently for the purpose of placing the machinery in the new river steamer belonging to his brother, Alex Snyder, Capt. Thos. A. White and J. C. Moomaw. The machinery has not yet arrived, but will be here in due time and this model boat, the Favorite, will soon take a run on the river, entering the business field with good men at both helm and throttle.

Do you want to buy a cub bear? If so, apply to Henry and Tommy Owen, sons of the Rev. T. J. Owen, living on the Quick ranch at Lampy creek. On Saturday, two weeks ago, the boys went out to drive up a cow and stumbled on a bear's nest. They took possession of the two cubs, mother being absent at the time, carried them home and returned later to see what they could do about capturing the mother, but she did not show up.

The colored work in Biggle Berry Book is an immense aid to berry growers. It shows the leading berries true to size, shape and color. They were first carefully painted by an experienced artist, and then reproduced by lithography at a cost of over one thousand dollars. Aside from the color work there are scores of reproductions made directly from photographs of berries, so that the reader may have an accurate idea of them. The price is 50 cents, by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

County Clerk Hazard is preparing for housekeeping. He is looking for Mrs. H. very soon, who is now on her return from southern California, and after a brief visit with friends at Berkeley will resume her homeward trip. Misses Addie and Mary Hanson, formerly residents at Parkersburg and popular young people in this section, will accompany Mrs. Hazard and visit awhile in this valley. Mr. Hanson, the father of the young ladies, was a few years since prominently connected with the Coquille Mill & Tug Co. at Parkersburg.

Government Work Along Our Coast.

Says the Evening Telegram: Captain W. W. Harts, United States engineers, states that all work under his supervision, is now proceeding smoothly, although in a few instances recently there has been slight interruption from storms.

At Coos bay a storm carried away three and a half of the jetty, but these will be replaced immediately, and may be in now. The tramway has now been extended about 350 feet, which is about one-half the entire projected length of the jetty.

In a day or two the government dredge, now at Coos bay, will be towed to Coquille. There is a big obstruction of rocks at the mouth of the Coquille river, which has given trouble for years, as the obstruction reaches almost to the low-water level. The work of removing it will be undertaken immediately, and prosecuted until completed. It is not expected to take a very long time.

The Coquille south jetty has been extended more than half the projected length, and the rock carried to the full height.

Gary and Frank Swan have been in from Douglas county on a week's visit.

Miss Maude Weekly gave a fine birthday party on the 16th. About 45 guests were present. A magnificent midnight supper was served, and music and plays were in order until near the morning dawn.

M. J. Krantz sold quite a band of cattle to Cass Hermann, realizing a good price.

Hobson Bro's have sold their entire band of sheep for \$3 and \$3.50 per head.

Milt Epperson wants to sell his band of sheep—about 110 head.

Grant Harry's ship-keel camp is getting out a fine lot of ship-keels and floating them down the river.

UNCLE NICK.

(Coos Bay News.)

Sheriff Gage was in town Saturday serving papers in suits against the Beaver Coal Company.

J. O. Bingham, late freight agent at the depot, is no longer connected with the railroad office.

Parties from North Coos river report that dogs are running deer there all the time. A deputy game warden will make a sneak in that section before long and somebody will get fined heavily.

The mail arrived very irregularly last week, being away behind time nearly every day. Pack horses were reported as having fallen off the grade on two occasions, but what caused the other delays we did not learn.

While making a landing at the government wharf, near the jetty, on Friday last, one of the scows, which was loaded with coal, in tow of the Comet, struck against the corner of the dock and sank. The scow was not one of those used for rock, but was a small one and badly decayed. It had 30 tons of coal on board, which remained on the sunken scow and was recovered.

The Portland Telegram lately accredited Coos county with 32 coyote scalps since last October. The Coquille Bulletin says "Coos county has no 'varmints' of that kind within her boundaries." Well, there are a few coyotes left yet along the sandhills between the entrance of the bay and Tenmile. A few years ago a person could stand on the wharves at Empire, any calm night, and hear the coyotes barking on the sandhills opposite town. There were a good many of them, but they have been thinned out until their numbers are few.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

If ever in Coos county politics the band of the bosses was visible to the rank and file in the old parties, it was so at their late county conventions, and just wait and see the sparks fly! Even the candidates themselves don't know where they're at, and in some cases the pledges were broken at the start.

Our streets were quite lively last Friday with country people on shopping business, largely by ladies who were selecting summer hats, millinery and dress goods. Other branches of trade would be more lively if merchants were more solicitous to invite patronage by liberal advertising.

The Great Presidential Campaign of 1900. New York World (Thrice-a-Week Edition)

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in a dollar a year journalism: It is issued every other day, and is to all purposes a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and the Coquille City Herald together one year for \$2.15.

The regular subscription price of the two papers is \$2.50. No Other Paper Gives the clubbing offers that you can get with the Herald. Now it is the OREGONIAN which will give for 1 year as a premium to Herald subscribers. Pay up arrears and send in \$3 for 1 year in advance to the Coquille City Herald and we will send you the Weekly Oregonian for 1 year as a premium, fully paid up.
