Dr. B. Daily, Our Candidate for Congress

On the Democratic and People's Union ticket in the 1st congressional district, was born in Ireland in 1856.

B. Daly came to this country when quite young; was raised in the South and educated in Ohio, being graduated by the Ohio Normal University July 23, 1886, receiving the degree of B. S. He studied medicine in the medical department of the University of Louisville, Kentucky, and was graduated by that institution with high honors. The doctor has served as a teacher in the Ohio Normal University.

He came to Lakeview, Oregon, in 1887; was elected to the house of representatives, in Oregon, in 1892. Was elected to the senate in 1896, from a strong Republican district, carrying his own county by 247 votes, when the county went Republican by 150 for state officers.

He has been mayor, councilman and health officer of Lakeview; has been a school director of schools of Lakeview for nine years, and is at present chairman of the board.

Dr. Daly has been president of the Agricultural Society of Lake county for ten years, and has been a regent of the Agricultural College at Corvallis. We receive good news as to Dr. Daly's chances. Mr. Tongue has failed utterly in many important interests of his people—notably those of our river and harbor improvements; and for several votes on national issues, including the tariff on Porto Rico, for which the late Republican state convention rebuked him and passed a resolution heartily endorsing U. S. Senator Joe Simon for voting against the same measure.

News of the Railways—Rock Island Announces Special Excursion Rates.

The Rock Island's proposition for cheap rate excursions to and from Colerado during this summer has been negatived by the Western Passenger Association. In consequence notice was served yesterday on Chairman McLeod by General Passenger Agent Sebastian, that the Rock Island will take independent action and put in effect a rate of one fare plus $2 for the round trip from Chicago and all intermediate points east of the Missouri river to Denver, Colorado Springs, Pueblo, Salt Lake City and Ogden. Tickets at this rate will be sold on June 20, July 9 and 17 and August 1. From Missouri river points the same rate will be made on the days following these dates. Tickets at this rate also will be sold from Missouri river gateways, Kansas City to Omaha, inclusive, on July 7, 8 and 9. Four special excursions also will be run by the Rock Island from Colorado points to Chicago and intermediate stations on June 23, July 12 and 20 and August 4. These excursion tickets, both east and west bound, will be limited for return passage to October 31. The Rock Island announces its intention of placing in service special trains for these excursions, leaving Chicago at 5 p. m. and making the run to Colorado with only one night on the road—Chicago Tribune.

Sam Jones remarked incidentally that the whole trouble in Kentucky is whisky. "Why," said he, "anybody will fight when he gets Kentucky liquor in him. If a rabbit were to take two drinks of it he would spit in the face of a dog."

THE CENSUS TASK.

Quite Seventy Millions of Persons to be Counted in Thirteen Days.

In thirteen actual working days, the census of the United States is to be taken. The law provides that the work shall be done between June 1st and June 15th, and as there are two Sundays in that period this year, there will be just thirteen days to devote to the task.

The vastness of this work is something hard to realize. There are some 40,000,000 people to be counted, and asked all sorts of questions as to birth, ancestry, nativity, age, education, work, social position, connubial condition, and all that. One would think that the simple counting of 70,000,000 people in thirteen days would be a huge enough task, to say nothing of doing the other work that census-taking in these days entails.

Not only in the United States, but in fourteen European countries, census-taking will be one of the big tasks of this year and next year. In Europe, however, they go at the task deliberately and in most of the places they do not go at it so thoroughly.

The last census of the United States cost $11,271,500, and the one this year will cost two or three million dollars more. In 1890 60,000 men were employed in the work, and this year there will be some ten thousand more, according to the estimate of Director William P. Merriam, former governor of Minnesota.

The questions that the enumerators will ask will be numerous, but they will not include some of those which were considered most objectionable in 1890. These are abolished, not because the people objected to answering them, but because they proved to be literally worthless as a basis for statistics on chronic diseases, for which they were designed. The questions this year will be:

1. Surname, Christian name, initial.
2. Residence, street, number of house.
3. Relationship of each member to the head of the family.
4. Color or race.
5. Sex.
6. Age at last birthday.
7. Day, month and year when born.
8. Are you single, married, widow, widower, or divorced.
9. Number of years married.
10. How many children.
11. Number of children living.
12. Sex of these children.
13. Where were you born? If in the United States, give state or territory; if of foreign birth, give name of country only.
14. Where was your father born? Your mother? (Same conditions as the foregoing.)
15. If foreign birth, when did you come to the United States?
16. How many years have you resided in the United States?
17. Have you been naturalized? How many years since you became a citizen?
18. What is your occupation, trade or profession? (This question applies to persons 10 years of age or over.)
19. How many months during the year are you employed?
20. How many months have you attended school?
21. Can you read?
22. Can you write?
23. Give the main facts concerning your education.
24. Do you own the house in which you live?
25. Do you rent the house in which you live?
26. If you own the house, is it free or mortgaged? (The same questions apply to farmers.)

Frightful Mine Disaster in Utah.

Salt Lake, Utah, May 2.—A special to the Deseret News from Scofield at 10:30 this morning, says:

At this hour 201 bodies have been recovered. It is now known that between 300 and 400 men entered the mines, and it is also known that the great majority of them have been killed. The appalling nature of the disaster had not fully dawned on the people of this place last night, as the company kept the grief-stricken wives and children away from the scene of operations.

All night long lights were kept burning in every home in Scofield, and the moans of mothers and piteous cries of many orphans are heartrending. The two camps have always been conspicuous for the large number of married men employed. This fact makes the disaster more appalling and far-reaching in its results. Several families have been robbed of all their male representatives. In the Hunter family seven are missing. Among the dead are about 20 young boys who acted as couplers and trap boys.

Oregonian: A peculiarity of the Oregon registry law is that no opportunity is afforded for registration for the November election after the books have been closed for the June election. Every one, therefore, who wishes to vote for president this fall, must register before May 15. The only provision under which voters not registered can vote in November is the section authorizing "swearing in" of votes, which is uncertain, and at best troublesome.

The case of the State vs. Percy Allen, for rape upon one Hulda Pope, under the age of 16 years, is set for trial at 10 o'clock tomorrow (Wednesday) morning.

The Coquille railroad subsidy cases were thrown out of court bodily this morning. The late ruling of the supreme court in the Nosler case, a syllabus of which was given by us last week, was the petard that "hoist" the petty bluffing litigation from our docket.

His Allegiance.

New York, May 2.—A special to the Herald from Washington says:

Rev. Dr. Girimond, President McKinley's newly appointed consul to Sancos, Brazil, said:

"I shall be subject to the pleasure of the president of the United States and to the pope of Rome. Should either desire me to resign I will do so immediately. In the discharge of my duties, the state will come first and the church second. I am a Catholic priest, and have never denied it."

The District Fair.

A complete understanding has been consummated with the members of the board of directors for the Second Southern Oregon Agricultural and Horticultural Society, to the effect that the fair will be held in Marshfield this year.

It should be understood, once for all, by those who are claiming that the state appropriation of $600 goes to horse racing and horsemen that this is false. Not one dollar is allowed to be spent in that manner or for that purpose.

The race track grounds are sadly in need of repair and many improvements are necessary to place the grounds in suitable condition for this exhibition. Negotiations are on with a prominent circus management to be present here during fair week, which will greatly add to the entertainment of guests.

A meeting of the board will be held in Roseburg on the 16th to appoint committees, designate their duties, and ratify all proceedings up to that time.

Prominent speakers from Coos and outside will address the people on one day of the fair on agricultural and horticultural advancement in this district, and kindred subjects.

The people of Coos county should not throw cold water on this effort, but wish it success and help make it such; and by all means not mistake their position in society and business circles by blocking the way to a public enterprise by peculiar and arbitrary notions of their own. Perhaps you never saw a fair or a circus; if you have, there are others that have not and are anxious.

The society has obtained the Odd Fellows hall for the Fourth of July and will use the proceeds of the dance and the races to complete the repairs and improvements on the grounds and to secure a suitable pavillion.—Marshfield Sun.

Milk hands are scarce and dairymen on Coos river are paying as high as $35 per month for good milkers.

Miss Eulalee Tyrrel, who has been attending school at Monmouth, returned to Marshfield last week, and will teach school on Coos river this summer.

G. W. Canning has purchased the Home Bakery, and now having the entire trade of Marshfield and vicinity is prepared to serve his customers with a better article and at still lower rates.

S. L. Morse, deputy U. S. marshal, of Portland, has been in this section the past few days serving papers in the case brought by the Farmers Loan & Trust Co., of New York, to foreclose their mortgage on the Coos Bay, Roseburg & Eastern railroad.

The residence of J. A. Dubell, near Alleghany, was completely destroyed, contents and all, by fire Sunday evening. Neither house nor its contents were insured and the loss falls quite heavily upon Mr. Dubell. The fire caught in the roof by a spark alighting in the moss.

Ernest Stauff showed us a proof of a photogaph of the Marshfield schoolhouse this week. The view was taken just at the adjournment of school and includes all of the pupils as well as the grounds. This unique picture will be finished the latter part of the week and can be had at the Red Cross Drug store.

To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or $1. Cure guaranteed. Booklet and sample free. Address Sterling Remedy Co., Chicago or New York.

Special Notice.

One N. Nelson, claiming to belong to the Salvation Army Corps at Astoria, has been visiting in this section and soliciting contributions for funds for several charity institutions in which that faith have taken hold. He is declared by the brethren here to be a fraud, neither having authority nor being familiar with the rules of that society. It would be well not to grant him any contributions. The papers he shows are fraudulent and not in accord with those giving authority from the Salvation Army, for that body never sends people out that way.

Coos Bay News.

Wild pigeons have made their appearance, and are destroying the plum crop in the South Coos river orchards. The McKnight place has received an unwelcome visit from them.

B. F. Savage has received an appointment as enumerator of precincts on North Coos river and on Tenmile, under the census bureau. C. A. Woodward has the appointment for North and South Marshfield.

The Arcata and Del Norte were obliged to turn away passengers at San Francisco, bound for Coos bay, last week. Travel has been on the increase for some time, and the accommodations are insufficient.

There was an absurd rumor in circulation last week, to the effect that R. A. Graham would take charge of the railroad on Monday, and would start up the Porter mill the first of the month. Such rumors cause very little comment here; they have grown so old that they have whiskers on them. The latest is that the sack is coming across the English channel in a balloon.

(Port Orford Tribune.)

While in the city, A. Adolphsen purchased 300 acres of valuable timber land on Elk River, from the Port Orford Cedar Company, and will move his Dairyville mill to his new purchase in the near future.

Wm. Kirk returned per steamer Saturday from a several months' visit in Ireland and England, the former being the land of his nativity, but which he had not seen for 40 years. In all his rounds, Billy found no place that suited him better than Curry, and he is glad to be back again.

R. D. Hume is expected to arrive up from the city by the next steamer. He is reported in better health than for a number of years. He is arranging to engage extensively in pea canning at Rogue River, in connection with his salmon canning business, which will add considerably to the number of people on his pay-roll.

(Myrtle Point Enterprise.)

L. M. Strong is teaching the school in the Rackleff district, below town.

N. P. Peterson, of Ferndale, Cal., who owns the Dixon place adjoining town, is on a visit to this place.

Wm. Hartley, of the South Fork, was selling strawberries in the local market Thursday, the first of the season.

Mrs. Retta Marshall, who left this place last Friday to join her husband in Oklahoma, died at Marshfield Monday morning. She had been in poor health for a number of years and came to this place from Stillwater, Oklahoma, with Mr. Folsom's family about two months ago in the hope of benefiting her health.

Second Time on Earth

No Boils Nor Carbuncles Now—A Good Blood Medicine.

"I became convinced of the merit of Hood's Sarsaparilla when I took it myself as a blood purifier. So, when my husband had boils and carbuncles I urged him to take Hood's and the result was that when he had used but one bottle the boils had nearly all disappeared. He continued the use of the medicine and after taking two bottles he was completely cured, and, as he expressed it, felt as if he was on earth for the second time. He has never had any boils since. We take Hood's as a spring medicine and gladly recommend it." MRS. A. E. STAYSA, Yonkers, N. Y.

Scrofula from Birth.

"I have found Hood's to be the greatest blood purifier I ever took, and I have tried many medicines. I was a sufferer with scrofula from birth. My eyes were so badly affected I would be almost blind for a week at a time. My neck began to swell so that I could not breathe freely. Medicines failed to do me any good until I began taking Hood's Sarsaparilla. Today I have excellent health and my eyes give me very little trouble. I owe it all to Hood's, which I recommend to all suffering from any disease of the blood." MISS KETTIE MCGUIRE, Silver Creek, Ky.

That Tired Feeling.

"I cannot say too much for Hood's Sarsaparilla as a remedy for that tired and worn out feeling one has in the spring. As a strength builder and appetite creator it has no equal." MRS. L. B. WOODARD, 285 Ballou Street, Woonsocket, R. I.

Hood's is Peculiar to Itself.

Treasurer's Notice.

NOTICE is hereby given that all County Warrants endorsed prior to July 1, 1895, will be paid on presentation at my office in Coquille City, Coos county, Oregon. No interest will be allowed after May 1, 1900.

County Treasurer.

(Bandon Recorder.)

C. B. Owen, who had charge of the Mizpah some time ago as captain, was in town Sunday.

Bandon cannot afford to let the 4th of July pass over without a celebration and it is time to begin thinking about it.

W. V. Cope, of Floras creek, was in town Monday night, having come up to look after some business matters. Mr. Cope intends going to Cape Nome and will start from Portland about the 26th of this month.

The Firemen's ball came off on scheduled time and was a success financially, and as the general claim of having a good time is heard from those who attended, it is very good evidence that the boys succeeded in giving a good dance and that their efforts were appreciated. The fire department looked quite swell dressed in red shirts with white collars and cuffs.

We visited the schooner Zenith yesterday to note the progress of her completion and found Captain C. B. Owen, Peter Anderson, Fred Hoffman and John Danielson busily engaged in pushing the work to a finish. The Zenith is a staunch little craft, having a length over all, 58½ feet; breadth of beam 16½ feet, and six feet depth of hold. Messrs Anderson and Hoffman think that they will have her ready to start for Cape Nome in about ten days. Her capacity has not been calculated yet, but she will accommodate about 14 persons on the trip and the complement of passengers lacks two or three of being full. Following is a list of those who will sail on her as present arrangements have been made: Captain C. B. Owen, Peter Anderson and son William, Fred Hoffman, James Dunlap, of Norway, John Berry and son, of Myrtle Point, Lee and Wm. Doak, of Parkersburg and A. McDonald, of Myrtle Point.

The ancients believed that rheumatism was the work of a demon within a man. Anyone who has had an attack of sciatic or inflamatory rheumatism will agree that the inflamation is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth the many times its cost. For sale by R. S. Knowlton

LA GRIPPE

Is now reaping a rich harvest. It is drawing thousands within its relentless grasp. Medical statistics compiled by the best physicians of the world show that over 60 per cent of the cases of acquired CONSUMPTION are due to LA GRIPPE. The consumption develops owing to the weakened state of the lungs produced by the disease. There are also other points of weakness. Refer to the numbers on the chart. Study each one carefully. Familiarize yourself with them. If you have an attack of La Grippe begin the use of HUDYAN as soon as the acute symptoms have subsided. HUDYAN will bring about the restoration to perfect health.

THE PARTS AFFECTED ARE:

1. THE MUCOUS MEMBRANE LINING OF THE BACK PORTION OF THE NOSE—It becomes inflamed and thickened, and a Chronic Catarrh is the result. HUDYAN will reduce the inflammation, produce a perfect circulation of blood and leave the mucous membrane in a perfectly healthy condition.
2. THE EAR DRUM, THE MUCOUS MEMBRANE OF THE EAR—It becomes inflamed and thickened, giving rise to almost total deafness. Hudyan will prevent the spread of the inflammation. The drum will not be affected and hearing will be unimpaired.
3. CHRONIC TONSILITIS OR CHRONIC SORE THROAT—From the same cause as the two preceding. HUDYAN will prevent its coming on.
4. WEAKNESS IN THE HEART—HUDYAN will strengthen the heart nerves, equalize the circulation of blood and cause the heart-beats to become strong and regular.
5-6. A WEAKENED CONDITION OF THE LOWER LOBES OF THE LUNGS, LEAVING THEM PRONE TO ATTACKS OF PLEURISY, PNEUMONIA AND CONSUMPTION—By its effect on the blood and nerves HUDYAN will cause the lung tissue to become strong and healthy and able to throw off the germs of the much dreaded pulmonary diseases.
7. LUMBAGO, OR WEAK BACK—HUDYAN will strengthen it almost immediately.

HUDYAN will cure all of the above symptoms and leave your whole system in a perfect condition of health. Go to your druggist at once and procure a package of HUDYAN for 50 cents, or six packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco, or Los Angeles, Cal. Remember that you can consult the HUDYAN DOCTORS FREE. Call and see the doctors.
