The Populist ticket, as far as it goes, is a clean one and merits your support. They are all true men, free from demagoguery or office-seekers, belong to no ring and are pledged to no dupes.

They stand on the principles of the party, are in favor of reforms and the general good—special privileges to none.

County Superintendent Bunch replies to "Dona Ana," on his strictures against the conduct of the teachers' examination. We give the space to Prof. Bunch, for his reply, and think that "Dona Ana," even while using his usual, long-time, non-de plume, by which he is well known, did not specially do so to hide his identity. We rather think he will follow up his inquiries and try to establish his position.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNN, Dorr, W. Va. This remedy is sold by R. S. Knowlton.

Mr. North knows what he is doing, and seemed willing to take the chances, and we hope that it will be up to his expectations in profit to all parties interested and assist in a more rapid development of our splendid natural advantages. Mr. North knows we have the best dairying section—aside of rapid and prompt transit—in the whole country.

The usual grumble and unfair criticism of the India Benefit Fund entertainment, as it has been in the past against every other effort to promote charitable, moral or public interests, is full-fledged and getting in its contemptible work. It is now insinuated that little or none of the money raised by last Saturday night's entertainment will get to the sufferers—that it will be absorbed by the participants as expenses incurred and pay for service, despite the fact that these friends gave their time and talents out of their own pockets. We have been long surprised that our people will harbor such characters in the community—they should just be let severely alone to be discouraged and starved till they die out, or pull out or hang themselves. That element is not needed in any community.

While you are having your attention called daily to a subject it is the best time to have all the needed information about it. While you are reading the daily reports about the suffering Beers, you ought to learn all about how South Africa was settled—first by the blacks, then by the Portuguese, Dutch, English, Germans, French, Italians, etc., influences combining and conspiring which led to present conditions. These conditions did not arise in a single day, nor year, but have been growing for decades, if not for generations. As it was with us, our constitution, our government, our nation have been a growth, so also there. As it is interesting and helpful to study this growth in one, so in the other. Be sure to get South Africa, by J. C. Ridpath, L. L. D., and Prof. Edw. S. Ellis, A. M., greatest living historians. The publishers have delayed the publication so as to get in the war record, so instead of 600 large quarto pages, there will be about 700.

THE TUPPER HOUSE, Bandon, with the Gallier Bros.' at the helm, has now a large and rapidly increasing patronage. It is a very inviting place for commercial men, families and visitors at the famous Bandon Beach, and this summer will greatly increase its popularity. The HERALD, today, publishes its card.

F. E. Hicks, of Arcata, Humboldt county, Cal., is a visitor in this city and will assist Mr. Erickson, the photo artist at the Wilkins gallery, for the time being. Card to the Voters of Coos County from Capt. H. W. Dunham.

Capt. H. W. Dunham, Populist candidate for sheriff, sends us this card for publication, which explains itself to the voters of Coos county. His employment as engineer on the government dredger occupies his time and precludes his personal canvass of the county to see individual voters, hence, he speaks to all at once in this card and trusts his interests to the people!

A CARD. Owing to circumstances, it will be impossible for me to visit the different precincts, but my record here for the last 27 years is familiar to the most of you, therefore I submit myself for your suffrage. Respectfully, H. W. DUNHAM, Populist Candidate for Sheriff.

The India Relief Entertainment.

The entertainment, given by our people in behalf of the India Relief Fund at Masonic hall, last Saturday night, was a most gratifying success, both as to artistic and pleasing musical and literary numbers and appreciative attendance. The hall was comfortably filled, bringing to the fund a total of something over \$72. A little over \$65 was taken in at the door, and the balance was sent in by friends who were unavoidably hindered from being present by sickness or other essential cause.

THE PROGRAM Was well given, varied and edifying, and included the following numbers:

Leach, with Miss Birdie Noshler as piano accompanist; recitation, "The Murderer"—Mrs. Goodloe; vocal solo, "Swinging with Teresa"—Miss Grace Skeels; recitation, "Farmer Stebbins at Ocean Grove"—Mrs. Shellbarger, of Bandon; instrumental duet, "Tally Ho March"—Mrs. M. Mrs. Ennis, of Bandon, joined her husband, Rev. R. Ennis, at this place today in search of a house. If they do not succeed here, they will move to Myrtle Point and make Presbyterian headquarters.

Your doctor says take care of yourself and take plain cod-liver oil, but you can't take it. Only the strong, healthy person can take it, and they can't take it long. It is so rich it upsets the stomach. But you can take

SCOTT'S EMULSION

It is very palatable and easily digested. If you will take plenty of fresh air, and exercise, and SCOTT'S EMULSION steadily, there is very little doubt about your recovery.

There are hypophosphites in it; they give strength and tone up the nervous system while the cod-liver oil feeds and nourishes.

A Sad Suicide. The Roseburg Review of the 3d inst. says: Early Wednesday morning the community was startled by the news that Miss Agnes Jones had committed suicide by hanging herself in the barn of her father, Geo. W. Jones, at some time during the night, at the family home at the northern edge of this city.

Miss Jones was fully dressed when found and it is thought she did not remove any of her clothing on lying down when she went to her room. She was a young lady of most exemplary character and of modest, retiring disposition, and much loved by her friends who with the family are inexpressibly shocked and grieved by her tragic death.

Another Precinct Heard From—More Nuts to Be Cracked by Pvol. Bpnh.

Gravel Ford, May 7.—I would respectfully ask W. H. Bunch, nominee on the Republican ticket, why a certain young lady teacher has been writing orders to parents requesting them to buy Prince's arithmetic books for her pupils, when, as I understand, the state board recommends Fish's as the book to be used in our schools? If he has a good plea of authority as said teacher has for using said Prince's books, he has good authority.

No. 2. If the voters of Coos county will investigate school matters, we think M. O. H. will be our next school superintendent.
