J. W. Bennett interviewed.

Coos county has held the record as the heaviest producer of butter and cheese for several years past, and if the expectations meet with no reverses, within five years, the output will equal that of Humboldt county, California, which enjoys a National reputation.

"I attribute the interest which is being taken in the founding of creameries in the interior of the state to the phenomenal success of the industry in the Coast counties, particularly Coos and Tillamook."

"Coos and Tillamook counties are to Oregon what Humboldt county is to California—the most favored by natural advantages for the production of milk."

"The rich river bottoms along the Coquille river and the tributaries of dairying, and the lands along the foothills, which were once thought worthless, are found to be exceedingly valuable for furnishing green pasture at the season when the higher bottoms are exhausted for want of rain."

"Large bodies of these valuable lands, particularly along the Coquille river and in the Ten-mile country, are still covered with brush, which, as the profit of dairying attracts immigration, will soon be covered with red clover, for which they seem to be most adapted."

"The dairymen of Coos county are progressive and are stocking their farms with herds of the finest breed. Many own separators, and utilize the fresh skim milk to good advantage in the raising of calves and swine."

"The Fruit and Poultry World is the name of a new paper which circulated its first issue on Wednesday, July 18th. It is a neat publication of 16 pages, and as its title infers, devotes its columns to horticulture, agriculture and poultry."

"The Fruit and Poultry World: The Southern Oregon Poultry Association is now under good headway and the meetings are becoming interesting. On June 30th a meeting was held at which time the constitution and by-laws were adopted, matters of interest to the feathered world discussed and interesting program arranged for the next meeting."

"The postal department has under consideration a plan whereby the names of postoffice holders shall be placed upon stamps where sold. This idea is to provide means of identification when stamps are stolen from any postoffice, and also to prevent bootlegging any postoffice, a practice in some of the smaller towns of the country."

"Prince Tann has been killed by his own men and general disorder reigns through the Boxer camps, and the sincerity of the Chinese government will soon be ascertainable."

Pekin Ministers on the Way to Tien Tsin.

Washington, July 27.—Minister Wu was quite elated this morning when he was informed by a representative of the Associated Press, that it was reported the surviving members of the Diplomatic Corps were being conducted to Tien Tsin by troops of Jung Lu, Commander-in-Chief of the Chinese forces.

The alleged departure of the Ministers from Pekin has led to a reassertion of the belief that the story is part of a deep-laid plan by China to conceal the date of the massacre at Pekin, the suggestion being that Chinese officials will claim that the Ministers left Pekin under a strong escort, but were ambushed and massacred by Boxers en route to Tien Tsin.

New York, July 27.—Many of the Chinamen of this city, who fear that revenge will be taken on them for the outrages of the Boxers in China, are arranging to leave the city, but they are not going to China. The Island of Cuba is the haven of safety which they have in view, and inducements for them to go there are not wanting.

Berlin, July 27.—A dispatch received here today, dated Tien Tsin, July 24, says: A messenger who left Pekin Sunday, July 15, brought today to the customs office here news that Prince Ching's soldiers had been fighting Prince Tung's troops and had been defeated. The foreigners were defending themselves in the Northern Cathedral near the Forbidden City.

Washington, July 27.—The United States Government has absolutely refused the Chinese proposition to suspend military operations against Pekin in return for a truce at Tien Tsin of the

The Dead of 1846.

Houston (Texas), July 22.—Colonel J. W. Scully of the Quartermaster's Department, U. S. A., has gone to Mexico to disinter and bring back for burial in the San Antonio government cemetery the bones of American soldiers who fell in the battle of Buena Vista, fought near Saltillo, Mexico, in 1846, between the Americans, under General Taylor and the Mexicans, under Santa Anna. The remains of about 700 Americans lie where they were buried on the battlefield, but a new railroad will go squarely across this spot and this has caused the American government to act.

Gold From Alaska at Seattle.

Washington, July 22.—A letter has been received by the director of the mint from the United States assay office at Seattle, reporting that during the first eleven days of the present month gold arrivals there from Alaska amounted to \$4,400,000. Several millions are reported to be in transit.

Chicago, July 30.—A special to the Record from Peoria, Ill., says: George Shimson, a Persian student who has been attending college in Illinois for several years and is passing the summer in Peoria, today received a cablegram from his home at Oromiah, Persia, stating that his brother had been captured by Mohammedans, and that there has been a general massacre of 300 Christians in Oromiah. The letter states that the feelings of the Mohammedans against the native Christians is growing, and that there have been several hand-to-hand battles with fatalities on both sides. Mr. Shimson's father is a native missionary, and this fact adds to the wrath against him and his family.

[Myrtle Point Enterprise.] Mrs. Ernest Davenport, Joseph Davenport, wife and daughter, Miss Mary, and Miss Alice Lawson of Humboldt county, Cal., arrived at this place last week and are the guests of Mr. and Mrs. Garret, near this place.

Guy Rose, who left this place about a month ago, intending to go to Cape Nome, return to this place Wednesday from Portland, having concluded that Cape Nome was no place for him.

Leonard Bro's Circus.

Yesterday Coquille City was greeted with the first circus worthy the name ever passing through this city. We have been so isolated and the numbers of our people so small that anything of the circus order could not venture in, however, from what Mr. Leonard told us, they were pleased with our people and satisfied with the support received at their hands.

As to the merits of the show, it came up to, and even beyond, our expectations. We could not here say too much for Prof. Hunter with his troupe of trained dogs. There were some ten or a dozen of the little fellows with a marked intelligence and training that shows the skill of the Prof. as a dog instructor.

The eight or ten acrobats and clowns were well up in their profession, doing all the acts you will see in the circus ring, spiced up and sand-strewn with the funny business of the clowns, one Master Beit Monroe, supposed to be the youngest in the ring, being but seven years of age. The Leonard brothers themselves take part in this part of the performance, and are human wonders in strength and activity, while the Morrison brothers are not excelled in their line. The slack wire performances by Jules Korto were of the highest order, going far toward making the show a complete success.

James Hatcher and wife were in from Fairview yesterday trading.

Mrs. Helm, mother of our new comer, Robert Helm, of near Arago, is in from Portland on a visit. She visited last week with Bro. Bryan's family in this place.

H. W. Daubman returned Saturday from the bay, having sufficiently recovered to be brought home. He goes out on the streets by spells, and was able to take in the circus.

W. C. Chase, of this place, who went to see his father, at Denver, Idaho, who is in bad health, some two weeks ago, returned yesterday evening, having come in via Roseburg. He reports his father in a somewhat improved condition, but by no means entirely recovered, having suffered a second stroke of paralysis.

Spent a Good Farm Doctoring.

Mr. A. N. Noell of Asherville, Kansas, says he spent a good farm doctoring himself for chronic diarrhoea but got no relief and was afraid that he must die. He chanced to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was permanently cured.

Will Cox arrived from Sumpter, Oregon, last Friday. He tells us he left Will Peart in the Green Horn mountains with a grand prospect ahead. Mr. C. had backed Mr. Peart and another miner for several weeks but during that time they made no find, but immediately afterwards, struck a quartz ledge that assays over \$50 to the ton.

Dr. S. L. Leneve, and wife will leave tomorrow morning for San Francisco, accompanied by their son J. W. Leneve, wife and son, Master Lonsen. J. W. goes on business and will be gone about three weeks, when he and his family will return but Grandpa and Grandma will go for an indefinite sojourn in California, possible for the winter. We hope the old people will be benefitted by the trip and return ere long to spend many happy years with their children.

Krupp is steadily adding to his vast establishment at Essen to meet the demand for war material in armor, guns and projectiles. The latest improvements consist of a lot of new buildings covering four and a half acres at a cost of \$875,000.

The army worm has shown itself in great numbers in the clover fields and potato patches around Dayton. Sumpter, Oregon, claims a population of 2500. Eight months ago she had only 250.

L. P. Murry, B. H. Burns, N. Plyler, Bert Pinney returned from their hunt Friday, and report having had a very good time. They secured 23 deer and one bear. These were the parties who had the race with Henry Lorenz, Geo. Moulton, Claude Fox and Johnson for the cabin in which they wished to camp, which race was called a draw. The latter named parties secured 21 deer and one bear, there being a difference of but two between the parties, while a member of each fired simultaneously at a fox which they brought in and they did not know which to give credit for its capture.

A friend (?) of Mr. Futrell says he can do nothing. In the small amount of time given to the work of canvassing he has taken more than 100 orders for the books he represents—"Life of Moody" by his son, the only one worthy the name, and "South Africa," etc. He was delayed in getting his first order by the fact that the publishers decided to add about 200 pages so as to get in the whole war. The books are now on the way. Let those who were to receive in June and be ready Reader, send in your order for an August delivery, else you may miss getting the book.

Married.

At the home of the bride's parents at Riverton, July 25, 1900, at 8:30 p. m., Mr. Chas. Cessna and Miss Flora Urquhart, daughter of Mr. and Mrs. Duncan Urquhart, were united in the holy bonds of matrimony in the presence of about 150 invited friends and relatives.

The occasion was one of the most enjoyable of the season. Everyone seemed to be having a good time when all were silenced by the organ sounding forth the wedding march when the participating parties marched in led by the flower girl, little Reta McCormac, who strewed the happy couple's path with many beautiful flowers; she also carried the wedding ring upon a silver tray, said to be 115 years old.

Under a beautifully decorated umbrella, prepared by the skillful hands of Mrs. Martin, Mr. Ed Price and Grandma Nosler, stood the bride and groom, dressed in the most beautiful attire, supported by Miss Mamie Price and Mr. Elson Peterson, while they were pronounced man and wife, by Rev. C. A. Stine, of Coquille, who then introduced them to their many guests who warmly greeted them and wished them a long, prosperous and happy life by a hearty hand shaking, after which all repaired to the dining room where a sumptuous table was spread, and of course is needless for me to say that this was immensely enjoyed.

Mr. and Mrs. Cessna received many valuable presents given by the following named persons:

Mr. and Mrs. W. D. Roberts, Mr. and Mrs. C. Peterson, Mr. and Mrs. E. B. Price, F. P. Winter, Lizzie Leggett, Mrs. B. Vowell, Mr. and Mrs. Airey, Mrs. D. Campbell, Mrs. Craine, Mrs. J. McLeod, Miss Ray Marsden, Mr. and Mrs. M. B. Smith, Grandma Nosler, Mr. and Mrs. J. H. Timon, Mrs. O. A. Kelly, Mr. and Mrs. A. Urquhart, Mrs. Jos. Ferry, Mr. and Mrs. J. E. Martin, Mr. and Mrs. J. F. Lee, Mrs. Stordavant, Mrs. Fugb, Miss Belle McLeod, Mrs. Cheney, Mrs. Ed Price, Miss Annie Frost, Mrs. E. Fouts, Mr. and Mrs. McCormac, W. Stewart, Mr. and Mrs. W. A. Benn, Mr. and Mrs. F. G. Kelly, Miss Belle Hazelton, Johnnie McLeod, Mr. C. A. Peterson, Everett Kay, Elson Peterson, Chas. Cessna, Miss Mary Dickson, J. Windall, A. Stewart, B. Kay, Mr. and Mrs. Jas. Vowell, Mr. and Mrs. Jas. Martin, Mrs. Banton, Mrs. Duncan Urquhart, Mamie Price, Miss Annie Clause, Miss Etta Banton, Allen Urquhart.

Mr. and Mrs. Cessna will take their departure Monday for their new home at Beaver Hill where Mr. Cessna has a house all furnished.

F. P. Herrmann, of Myrtle Point, returned Monday from a trip to Bandon. Miss Edith Howell having become somewhat tired out turns her school on Cunningham over to Miss Irma Lukens. Tom Drane and wife and Jas. McGuffin and wife came up yesterday shopping, and stayed overnight with friends here. Wm. Campbell, the coal expert of Newport, expects to do some prospecting in the vicinity of Riverton in the interest of some capitalists next week. Miss May Haft left for her home in Curry county by steamer today. Her younger sister, Clara, will come up to attend school, and will make her home with her sister, Mrs. H. T. Schweers, just north of town.

M. P. Summerlin, of the Fairview district, who has been for some time engaged in mining in Trinity county, California, returned Friday. He tells us that George Wood, son of the venerable Jack Wood, of the North Fork, is to start for home about the 1st of August, and we learn that Jack started about the 4th of this month to see him, expecting to give the boy a surprise. We fear he will be the most surprised of the two.

Martin-Lee Wedding.

A very nice wedding took place at Riverton on the 17th day of July, as announced by numerous invitations sent out in the names of friends of this happy young couple. As the hour approached quite a large crowd of well-wishers had congregated to witness the ceremony, and promptly at 8:30 a beautiful wedding march pealed forth from the organ under the skillful touch of Mrs. W. A. Benn. The bride: party, consisting of the bride, Miss Elora Urquhart and groom, Chas. Cessna, bridesmaid, Miss Nina Tension, groomsmen, James Lee, brother of the bride, and flower girl, little Miss Maggie Hanley. The bride was attired in white silk with orange blossoms. The brides' maid wore light blue or gardenie. While the solemn and impressive ceremony was performed, by Rev. C. A. Stine, of Coquille, the party stood under a canopy of roses. After the ceremony, a beautiful luncheon was spread, and all present thoroughly enjoyed a hearty repast. There were many valuable and beautiful presents received by this young couple from their numerous friends, as well as congratulations and well-wishes of the entire community, the HERALD included.

Chas. Cardwell has been helping in Thurman's shop a few days while Mr. T. was called away to Bandon.

Geo. Pike took his logging team to the lower river last week and will haul for the camp of the Anderson boys.

HEART WEAKNESS.

Is your heart weak? Do you have the symptoms of heart weakness? If you have, you should be careful. The heart is the most vital organ of the body. It is the engine that propels the muscles and sends sustenance to the nerves and brain and to all the organs of the body. A flaw in its mechanism is a calamity and a life to serious results. Weakness denotes the presence of a flaw. It is a forerunner of something more serious that is to occur. See that it is strengthened and do not allow the weakness to continue. You are the engineer. Look to your engine. See that it is strengthened. HUYDAN will make the heart in a few days a strong and hard. Do not delay too long. Remember that danger is ahead and gain the use of HUYDAN now.

HERE ARE THE SYMPTOMS:

- 1. THROBBLING IN THE TEMPLES WHEN LYING DOWN. HUYDAN will cause the throbbing to cease.
2. RINGING IN THE EARS—due to an excessive amount of blood in the head and brain. HUYDAN stops the ringing and buzzing in a short time.
3. ALTERNATE PALPLENES AND FLUSHING OF THE CHEEKS. HUYDAN will restore the circulation of the blood to its normal condition and keep a constant, healthy color in the cheeks.
4. PALPITATION OF THE HEART AND IRREGULAR BEATING. Owing to the weakness, there is often a fluttering and the heart is occasionally stopped. HUYDAN, by strengthening the heart muscles and the nerves that supply it, will stop the palpitation and fluttering and cause the heart to beat regularly.
5. THROBBLING IN THE STOMACH REGION. This is due to the aorta, the large vessel which carries the blood from the heart, becoming distended. This throbbing and pulsating disappear shortly after the use of HUYDAN. The remedy is at hand. It is the wonderful HUYDAN. Thousands have been cured of Heart Weakness by its use. If HUYDAN will cure you, procure HUYDAN from your druggist. It is sold in all druggists for 50c per package, or 4 packages for \$2.00. If your druggist does not keep it, send direct to the HUYDAN REMEDY COMPANY, San Francisco or Los Angeles, Cal. Consult the HUYDAN DOCTORS FREE. You may call and see them and have a free consultation. If you cannot call on the doctors, write to them for advice. It will be given free for the asking. Address HUYDAN REMEDY COMPANY, No. 816 South Broadway, Los Angeles, Cal. Cor. Stockton, Market and Hill Sts., San Francisco, Cal.
