ROADS.

Ordered that Ten Mile creek be declared a public water course and highway, and the road supervisor of Dist No 1 authorized to work persons liable to road tax on said waterway.

Ordered that the viewers report on the relocation of a portion of the Marshfield-Coquille road near J J Stanley's place be accepted, and that said proposed road be opened, provided the petitioners and the persons directly interested in the said road shall open the same under the supervision of the County Court at their own expense.

In the matter of the re-location of the Middle creek county road, it is ordered that the viewers report be accepted; J W Byers having filed a claim for damages it is ordered that W S Hall, James M Bright and I T Weekly be appointed appraisers of damages in said matter and that they meet at the Lee postoffice on the 17th dav of September, 1900.

In the matter of the location of the Norway-Arago road. Ordered that the viewers report be accepted, and W L Hayter and Fliza Clinton having filed their claims for damages ordered that A L Nosler, E W Hermann and Harrison Hartley be appointed appraisers of damages in said matter and that they meet at the Norway postoffice on Sept 17, 1900.

State of Oregon, } ss.
County of Coos. }

I, L. H. Hazard, county clerk of Coos County, State of Oregon, and ex-officio clerk of the county court of the State of Oregon, in and for the County of Coos, hereby certify that the foregoing schedule of expenses of Coos County Oregon, as audited and allowed by the County Court of Coos County, Oregon, is a true and correct extract from the proceedings of said court at the September, 1900, term thereof.

Witness my hand and seal of the the county court this 10th day of September, 1900.

{ SEAL. } L. H. HAZARD, County Clerk.

The Great Chinese Wall.

The Chinese wall is the most extensive fortification in the world. According to the surveys made within the last few years, this wall is 1728 miles in length, and it passes up steep mountains, down into gorges and ravines, crosses rivers, valleys and plains, seemingly regardless of obstacles. It is 25 feet thick at the bottom and 15 feet at the top, and from 25 to 30 feet in height with turrets or towers 35 feet to 40 feet high every 200 or 300 yards during its entire length. The exterior walls are of well cut granite blocks, the interior is filled with earth and stone, and the passageway is paved with bricks one foot square.

"What are all these people along the shore and in boats doing?" asked the maiden in the pale blue taffeta shirt waist. "They seem to be dragging the river," replied the interested masculine observer. "Good land! Does the river run so low that it has to be pulled along?"—Chicago Tribune.

R. A. Graham Still at Work.

R. A. Graham, formerly manager of the Roseburg & Coos bay railroad, is now in Portland where he is loading a vessel with wheat and flour for the Chinese trade. He has now three steamers engaged in this trade, having just loaded one with government supplies in San Francisco. Mr. Graham, has, we understand, still an eye on the Roseburg railroad and has hopes of completing it ere long. He believes that the death of C. P. Huntington, the S. P. Co's. head, removes one of the greatest obstacles in the way of this enterprise. Huntington was regarded by the eastern financiers as knowing all about this coast from a railroad standpoint, and he took pains to let them at the proper time to let the Roseburg & Coos bay R. R. alone, advice that they always heeded.

One of Mr. Graham's enterprises, the Beaver Hill Coal Co. of Coos county, which was thrown into involuntary bankruptcy a short time ago on the petition of four San Francisco creditors, has filed a schedule of their assets and liabilities in the United States court at Portland as required by law. The liabilities amount to something over $118,000; nominal assets upwards of $42,000. P. H. Phelan, of Marshfield, will probably be appointed receiver of the concern.

Mr. Graham is, to say the least, an active, energetic man, and if Roseburg ever gets a railroad to the coast, it is safe to say that it will be due to his effort.—Roseburg Review.

Return to Dawson.

Mr. W. T. Emery, who came home from Dawson City last week, will leave tomorrow night on his return there. He will take with him two carloads of veal calves, and some idea of the exorbitant frieght charges made by the lines going there may be gained from the fact that their transportation will cost something over $60 per head. The first 40 miles of the railroad from Skagway was built at an expense of $3,000,000, and it is said the railroad company realized the full amount of their investment during the first year of its operation. Trains now run to below the White Horse rapids and connect with steamers from there to Dawson, obviating all the former hardships of travel. A heavy business is still being done over this line and the gold output is immense. Although business opportunities are much less favorable than a couple of years ago, Dawson City has been building up wonderfully the past summer. Most of the Douglas county people are doing well there. Mrs. B. D. Bradley, who was in poor health, lately returned to Portland and is now receiving treatment in a hospital.—Roseburg Review.

The Love of Two Girls.

There is a thrilling story of danger and of lost love in the October number of THE DELINEATOR. It is dated back in the romantic Acadian days by the master of Canadian ficton, Charles G. D. Roberts. A wounded ensign beloved by two girls is saved by both, solely because of the self renunciation of one, who goes back to die in order to delay his pursuers. It is a skilful piece of heart anguish done into words. * * * The same number has a picturesque Chinese article illustrated by several genuine photographes of Chinese women; a rare thing in the present rush of Chinese literature. THE DELINEATOR is quite up to-date in the eighty or more sketches of present-day styles which are shown in its pages. For thirty years it has been trusted by American women for guidance in home management.

Girl's Essay on Boys

The New Century Journal gives the following as an essay recently written by a little girl:

"Boys are men that have not got as big as their papas, and girls are women that will be young ladies by and by. Man was made before woman. When God looked at Adam he said to himself: 'Well, I think I can do better if I try again:' and then he made Eve. God liked Eve so much better than Adam that there has been more woman than men. Boys are a trouble; they wear out everything but soap. If I had my way half the boys in the world would be girls and the rest would be dolls. My papa is so nice that I think he must have been a little girl when he was a little boy."

But 276 convicts are in Oregon penitentiary at present. At no time since 1885 has the number of inmates been so small, with the exception of 1888, when the average was 265.

Charles Whitted, Marshfield, driver.
W. S. Bunch, North Coos River, farmer.
Charley Smith, Marshfield, farmer.
Chas. E. A. Seistrem, Lake, farmer.

Dead Naval Heroes to be Brought Home for Burial.

Washington, Sept. 7.—The officials of the navy department are making arrangements for bringing home to the United States for interment the remains of officers and enlisted men of the navy and marine corps, who died or were killed in action, ashore or afloat, and were buried outside the continental limits of the United States since April, 1898. Careful research shows that there are 105 cases of this description, including five officers, 57 enlisted men of the navy, and 43 enlisted men of the marine corps.

It is the purpose of the navy department to have these remains interred at this places in the United States selected by the next of kin. Where no preference as to place of interment is expressed by the next of kin the bodies of all brought home from the Philippines, China and Porto Rico points will be interred at the National Cemetery, near San Francisco, and all unclaimed bodies brought home from the West Indies and Alantic points will be interred in Arlington cemetery, near this city.

It is suggested that persons interested in the disposition of these remains communicate with the Bureau of Navigation, Navy department, Washington, D. C., before September 21 next, if possible, for information and instruction.

A WONDERFUL CURE FOR DIARRHOEA.

PROMINENT VIRGINIA EDITOR Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORAL.

From the Times, Hillstille, Va.

I sufferdd with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that Ihad almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taken a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life. —O R. MOORE. Sold by R. S. Knowlton.

Don't Tobacco Spit and Smoke Your Life Away.

Passenger—Guard, have I time to say good bye to my wife at the barrier? Guard—I dont know, sir, How long have you been married? —Glasgow Evening Times.

Second Time on Earth

No Boils Nor Carbuncles Now—A Good Blood Medicine.

"I became convinced of the merit of Hood's Sarsaparilla when I took it myself as a blood purifier. So, when my husband had boils and carbuncles I urged him to take Hood's and the result was that when he had used but one bottle the boils had nearly all disappeared. He continued the use of the medicine and after taking two bottles he was completely cured, and, as he expressed it, felt as if he was on earth for the second time. He has never had any boils since. We take Hood's as a spring medicine and gladly recommend it." MRS. A. E. STATSA, Yonkers, N. Y.

Scrofula from Birth.

"I have found Hood's to be the greatest blood purifier I ever took, and I have tried many medicines. I was a sufferer with scrofula from birth. My eyes were so badly affected I would be almost blind for a week at a time. My neck began to swell so that I could not breathe freely. Medicines failed to do me any good until I began taking Hood's Sarsaparilla. Today I have excellent health and my eyes give me very little trouble. I owe it all to Hood's, which I recommend to all suffering from any disease of the blood." MISS KETTIE MCGUIRE, Silver Creek, Ky.

That Tired Feeling.

"I cannot say too much for Hood's Sarsaparilla as a remedy for that tired and worn out feeling one has in the spring. As a strength builder and appetite creator it has no equal." MRS. L. B. WOODARD, 285 Ballou Street, Woonsocket, R. I.

Hood's is Peculiar to Itself.

A $65.00 Machine For $18.50 Cash with Order and Coupon

The Improved New High-Arm Self-Threading "Arlington" Sewing Machine

NEW HOME STYLE — LATEST BEST CHEAPEST

Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.

10 years' written warranty with each machine.

$19.50 AND Coupon, if sent C. O. D. or on trial

A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority.

STYLE No. 56. "ARLINGTON."

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—Space under the arm is 5¾ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ½ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.

DON'T PAY HIGH PRICES FOR SEWING MACHINES BUY DIRECTLY OF MANUFACTURERS AND SAVE AGENT'S AND DEALER'S PROFITS

OUR GREAT OFFER. $20.50 is our Special Wholesale Price, but in order to introduce this high-grade sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered. On receipt of $18.50 cash and coupon, we will ship the above-described machine anywhere securely packed and crated, and guarantee delivery. A ten years' written warranty sent with each machine. Money refunded if not as represented after thirty days' test trial. We will ship C. O. D. for $19.50 with privilege of twenty days' trial on receipt of $1.00 as a guarantee of good faith and charges. If you prefer thirty days' trial before paying, send for our large illustrated catalogue with testimonials, explaining fully how we ship sewing machines anywhere to anyone at the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the $1.00 discount. Remember the coupon must be sent with order.

Coupon No. 2070 Good for $5.00 If sent with order for Arlington Sewing Machine No. 55

Or make your order through the Herald, without extra cost
