LOCAL ITEMS.

The steamer Arago went to sea Wednesday.

Miss Letta Pope, of Fishtrap, was in town Thursday.

James Byers, of the North Fork, was in town Wednesday.

Hersey, the grocer, keeps the finest and freshest vegetables to be had.

For all kinds of turned, scroll and other fine work in wood, call on our new furniture man, Mr. Lantz.

Mr. Hicks, the photographer, who now occupies the Wilkins gallery, is making three dozen stamp photos for 50 cents.

The Women of Woodcraft will give a grand ball on Saturday, February 16th. The Fire Department Band will lead the grand march.—Coast Mail.

Millions of people are familiar with DeWitt's Little Early Riser those who use them find them to be famous little liver pills. Never gripe. R. S. Knowlton.

You should remember that the public is cordially invited to call at the cigar factory of Emil Lewin and see just how the work is done, by whom and what kind of material is used.

T. F. Tennission, our woodman, is supplying some of the best fuel to be found in the town. He gets the best of timber, takes the sap off and furnishes his customers something that will burn.

A nice garden lot of about one acre in a beautifully located and well sheltered place near the Bandon beach will be sold very cheaply if a buyer be found soon. For full information and terms call at the Herald office.

Walter Colvin has leased the shingle mill of the Clayton Bro's located on Fishtrap creek, and will conduct the business on his own account the coming year. Walter is quite a mechanic and an all around genius and we expect good results to come from his efforts.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results Children like it. R. S. Knowlton.

Uncle Alex Snyder, of Pleasant Valley, accompanied by his estimable wife, who has been suffering considerably of late from rheumatism, went to Bandon Thursday where they will visit with the families of Capt. Levy Snyder of the tug Triumph, and Chief Engineer Alex Snyder of the Favorite.

Krewson & Goodman, the contractors and housemovers took their outfit up to J. C. Laird's place Thursday where they will move a building recently occupied as a dwelling several hundred feet, putting it in close proxinity to his large barn where it will be occupied as an individual creamery this season when it comes to enterprise, Jack is never left to bring up the rear. With a very few more improvements, Mr. Laird will have a dairy farm equal to any in the county.

Our friend and former townsman, Andrew Perkins, well and favorably known throughout the county, arrived by the last Mandalay and visited relatives and friends on the lower river till Thursday, when he comes up to this place to greet friends. It is two years since Mr. Perkins visited this section, which time he has spent in different parts of Oregon, Washington and California. He is now spending a two-month' vacation from his present position on a Puget sound tug, on which he holds a position as second engineer.

Coos Bay News.

P. C. Levar, of the Coast Mail, returned from Salem, overland, yesterday. He reports all kinds of mud on the Coos Bay wagon road.

W. H. Noble & Sons are getting out a large order of piles for the Southern Oregon Co. It is rumored that the company's wharves at Empire will be repaired this summer.

J. E. McGilvray, representing the Pacific States Telephone & Telegraph Co., was on the Siuslaw lately, endeavering to make arrangements to put in a telephone line between Acme and Marshfield, touching Florence, the life saving station, lighthouse, Gardiner, etc, a distance of about 70 miles, and requiring about two miles of cable.

The Alliance, on last trip from Portland, brought down 220 tons of freight for Marshfield and the railroad depot. She also had a few tons for North Bend. The Alliance is building up a big freight and passenger trade between the bay and coast ports, and we hope that the rumor, regarding her going on the Alaska route this spring, is without foundation.

A petition was circulated in town last week by Capt. Edwards, asking the legislature to appreprate $6,000 towards building a wagon road from Alleghany, at the forks of the North fork of Coos river, to Scottsburg, via the Loon Lake country. This is certainly a worthy project, and undoubtedly is deserving of state aid. The building of the road would open up a rich section in the Loon Lake district, and hundreds of families would find homes in that section.

R. S. Knowlton the druggist, will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, billiousness constipation and headache. Price, 25 cents. Sample free. R. S. Knowlton.

Theron Fromm killed a panther last week which measured ten feet.

A camp of Woodmen of the World is to be organized at Wedderburn.

The Leneve Hall has been treated to a neat and substantial stairway, ascending from the street—a long needed improvement.

John Fitzhugh passed down to Corbin City last week, and will be employed during the spring in surveying and building a railroad from the mill to some convenient shipping point, the exact terminus of which is not yet definitely known.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected untill I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. S. Edwards, Publisher of The Review, Wyant, Ill. For sale by R. S. Knowlton.

The Oregonian.

Takes the market news of San Francisco by wire prints it daily and distributes it in Coos county 24 hours ahead of the Bay City papers. It also serves the arrival and departure of vessels at all Pacific coast ports. For this part of the country its columns "Domestic and Foreign ports," is the best shipping guide. Besides giving the movements of steam vessels between San Francisco, Coquille river, Coos Bay and Portland, it notes the arrival and departure of sailing schooners at and for their ports. The Oregonian is the only Morning Daily coming in here which advertises Coos county abroad. The Weekly Oregonian gives all the news of our state and 64 colums of general telegraphic news of the world each week. It will be sent in connection with the Herald for only $2 per year Here is your chance for County, State and National News.

From Our Oregon Friends.

The following we take from The Home Advocate, published by our friend and former townsman, H. B. Swafford, at Colusa, California:

Our old-time friend, T. J. Stillwell of Bandon, Oregon, writes us that great changes have taken place since we left there. The rocks overlooking Bandon harbor and the sea have been blasted down to fill the jetty at the mouth of the Coquille river. On the top of one of these rocks we preached to a little company of twelve persons one Sunday in 1882. Five nationalities, besides the aborigines of America, were represented in that congregation. This was the first Protestant sermon ever preached at Bandon. There are now several churches in this little city.

Mrs. Ellen Joice writes us that Mr. Geo. Bennett, or "Governor Bennett" as he was called, is dead. This big hearted friend took us in when we first went to Bandon in 1880, and made welcome the pioneer preacher from Texas. He gave Bandon her name and did much towards her development.

Rev. S. H. Shangle, our former presiding elder, Mr. W. S. Branch of Wilbur, Mrs. Mollie Edmunds of Bandon, Mrs. Catherine Strong of Myrtle Point, Mrs. Shuck of Lee, Mrs. Emma Hervey of Myrtle Creek, Mrs. J. P. Messer of Coquille City, Mrs. E. Wade of Grants Pass, Mrs. F M. Day and Mrs. Samuel Daniel of Murphy, Mrs. W. Stites of Williams and others from Oregon have cheered us from time to time with kind words of encouragemeut and approval of the Advocate. Also, with subscriptions, etc., in some instances. For all of which we are very thankful.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. R. S. Knowlton.

Nehalem Road Incorporated.

Articles incorporating the Portland, Nehalem & Tillamook Railway Company were executed in triplicate yesterday, and filed with the County Clerk of Multnomah county and the Secretary of state.

The capital stock authorized is $1,000,000, divided into 40,000 shares of $25 each, and divided into two classes, preferred and common. Portland is made the headquarters of the company, and authority is taken to build a railroad between Portland and Nehalem Bay and Tillamook Bay.

"I think I would go crazy with pain were it not for Chamberlain's Pain Balm," writes Mr. W. H. Stapleton, Herminie, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but Pain Balm is the best medicine I have got hold of." One application relieves the pain. For sale by R. S. Knowlton.

(Bandon Recorder.)

The Foresters are getting ready to give their annual ball on February 23 and will put on posters in a few days.

The Bandon Woolen Mills Co. made a shipment of eleven large bundles of goods to San Francisco by the steamer Mandalay last Tuesday.

Guy R. Clark, clerk at the Tupper House, went to San Francisco on the steamer Mandalay, from which place he will go to Oregon City where he has some business to attend to.

S. Mundy has a dozen blocks of timber on the wharf, some maple and the rest myrtle, which he got out at some up river point, to ship to parties in San Francisco who wish to use this kind of wood for veneering purposes.

A. M. Sumner and wife left for California last Tuesday, and will visit their son, Edward, at Healdsburg, where they will probably make their future home. Their many friends here wish them well but would be pleased to see them return.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Several years ago the Pennsylvania University sent an expedition into Asia to discover what they could from the ruins of a very old city, probably as old as Babylon. The work of this expedition has reaped a great reward, for they have discovered a large library of cuneiform inscriptions, the date of the latest one found being not later than 2280 B. C. They expect to find in this library at least 450,000 more tables These inscription speak of various subjects such as history, grammar, science, mathematics, and mythology. The people of that day knew more than is now commonly supposed and what may the discoveries yet reveal will be looked forward with great interest.—Young American.

The Southern Pacific railroad is abreast of the times with electric headlights for its engines. By merely touching a button the engineer sets the light into play. Each light is of 2000-candle power. It lights the track half a mile a head of the engine. Anything on the track can be seen sixteen telegraph poles ahead, far enough away so that the train could be brought to a halt before it reached the object even if under full speed. The engines are being provided with the new apparatus as fast as it can be supplied.—Castroville Enterprise.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, when absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. R. S. Knowlton.

Does this illustrate your experience? And are you worried for fear you are soon to be bald?

Then cease worrying, for help is at hand. You need something that will put new life into the hair bulbs.

You need a hair food, such as—

Ayer's Hair Vigor

It brings health to the hair, and the falling ceases.

It always restores color to gray hair. You need not look at thirty as if you were fifty, for your gray hair may have again all the dark, rich color of youth.

$1.00 a bottle. All druggists.

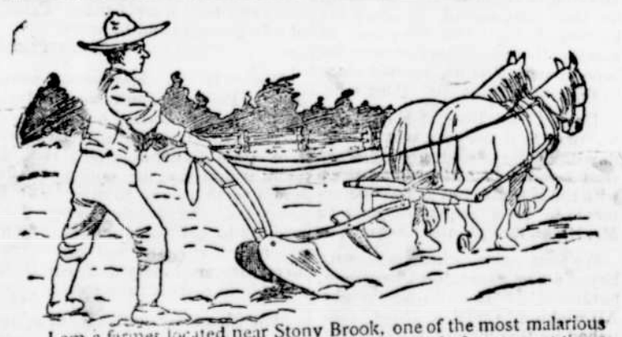
MONTGOMERY WARD & CO. Michigan Ave. and Madison Street CHICAGO



I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tabules, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tabules will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and have never enjoyed such good health as I have since last fall; in fact my neighbors have all remarked my improved condition and have said "Say, John, what are you doing to look so healthy?"

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, five cents a dose or twelve packets for 48 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.
