This is the largest hog we have known to be killed in Coos county.  
C. F. Allen, quite well known in this county, having done considerable blacksand mining near the mouth of the river, came up from San Francisco Wednesday, and soon drove a bargain with our townsman H. F. There is no question but there are great quantities of gold in these sands, and that there can be some means found to separate it there is no question. We wish the gentlemen emboldened success.
