 On Wednesday evening Miss Rilla Dunham, of this place, got quite a fall while stopping with Mrs. Lavine, at section house down at the junction. As the family heard the train approaching, hurried out of the house to see which should come in first, and in the darkness Miss Rilla walked off the porch which is about ten feet high.  Uncle B. Harrison took Friday's train to Myrtle Point from whence he expected to proceed at once to the mountains where he will proceed in the work of the development of his mine on Rusty gulch. The old gentleman is quite sure he has a rich mine, but is experiencing some trouble in separating the gold from the sand, the gold being so fine. He finds the greater portion of this as fine as that found on the beach among the black sand. He showed us samples which it would seem, could be no finer. If some practical mining man with the necessary means to put in the required machinery would take hold with Mr. Harrison, there is no question that there would be big money for both.
