

Church Directory.

Episcopal Church.—Episcopal services will be held at St. James church, Coquille City the third Sunday in each month.

LOCAL ITEMS.

W. T. Knight, of Riverton, visited this place Friday. S. B. Catlip, of Coos river, was over on this side returning Friday.

A. Farris, of Bear creek, came up Friday on business at the courthouse. Mr. and Mrs. R. J. Coke, of Marshfield, came over by Friday's train for a visit with friends here.

Mr. and Mrs. Frank Morse, our electric light people, will occupy the Martin building recently vacated by Attorney Chase.

A rare chance for business—small capital or security—man with family preferred, Apply to J. C. Watson, Coquille City, Oregon.

W. A. Goodman, of this place, late of the firm of Krawson & Goodman, horse movers and contractors, will take charge, as superintendent, of the county infirmary and farm.

The Herald has just listed some of the best dairy ranches and town property in Coos county. Intending purchaser should examine our list and get prices.

The piles that annoy you so will be quickly and permanently healed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. R. S. Knowlton.

Our former townsman, D. R. Toy, of Myrtle Point, went to Bandon on business Wednesday and returned Thursday. He greeted many friends between boats each day.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits, be sure to get DeWitt's. R. S. Knowlton.

Messrs Finn and Curran, late of Wisconsin, took their departure Friday for their home. While they have made no purchases, it is highly probable that they may yet interest themselves with us in the near future.

A nice garden lot of about one acre in a beautifully located and well sheltered place near the Bandon beach will be sold very cheaply if a buyer be found soon. For full information and terms call at the HERALD office.

Miss Winnie Taylor, a sister of Mrs. Dr. Culin, who will be remembered by many having visited here on a former occasion, arrived by the Mandalay and will spend some time visiting her sister and other friends.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I ever came in contact with and I have used many other preparations. John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. R. S. Knowlton.

The State Normal at Drain has not been able to supply one-half the teachers called for since January. Trained teachers are demanded. The Normal is meeting with success in its various departments of work and its students are securing high grades in country and state examinations. Review classes will be organized at the opening of school in September for those desiring to prepare for the next examination. Candidates for certificates are asking for reviews and the school will meet the demand. Catalogue will be ready June 25th. Address the president for it.

The Cost of Milk.

A great deal has been written upon the cost of milk and will continue to be written, for so much depends upon the price of foods, their combination in proper form, the ability of the cows and the ability of their owner as well.

The first year, 100 pounds of milk cost 60 cents, while the price of feed stuffs was about the same as now, and the yield of the herd averaged very fair, namely, 6,000 pounds of milk, or 180 pounds of butter fat.

The second year the cost was about the same, 61 cents per 100 pounds of milk; but in the third year it was reduced to 38 cents per 100 pounds, with the same cows, and prices of feed stuffs the same.

The only difference was that they had calculated the percentage of protein, and selected the food stuff where this was sold the cheapest. He did not care for carbohydrates, fats, etc., as protein is the only essential part to look after.

The cows require on an average, two pounds of protein per day. Seventy per cent of a pound is used for maintenance by a 1,000 pound cow, and, in round numbers, it requires 1.1 pound to make one pound of butter fat.

He now divides his herd for feeding into sections: one gets 2.25 pounds protein, one 2 pounds, one 1.75 pounds, and one less than 1.5 pounds. The cows give from 30 pounds down to 15 pounds of milk per day, and the amount of protein is calculated accordingly, as giving the 15-pound cow 2.25 pounds will not increase their yield.

When feed stuffs were higher than ever, the cost of producing 100 pounds of milk had only been 37.6 cents. Ensilage is the foundation feed used, and the grain feed consists of 5 parts bran, 5 parts corn meal and 2 parts of new process gluten meal (which contains 37 per cent protein), and the rations are from 5 pounds to 9 pounds of this mixture.

It generally takes 3 pounds of ensilage and half-pound corn fodder for every pound of grain feed. If a cow's flow of milk drops off for some cause or other, he increases it by feeding roots, besides the grain for a time, and then holds it by grain alone.

Incidentally he mentioned a cow which failed to breed for four years, which gave 300 pounds of butter fat the fourth year, and seems to intend to keep up that gait.—Hoard's Dairyman.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Old miners say the quality of the coal in mine No. 2, at Beaver Hill, is far superior to any coal ever mined on the bay. It is firm and hard, and when development work is finished, and mining proper is commenced, it will be taken out in large blocks, insuring its handling and shipment with but a trifling loss.

The Alumna was towed to sea Sunday by the tug Columbia, bound for Cape Town, South Africa, direct. Her cargo consisted of 930,000 feet of lumber from the North Bend mill, and she was drawing 18 feet of water. It was the intention to take a cargo of a million feet, but owing to the fact that she will be off Cape Horn in the middle of winter, and will undoubtedly experience some heavy gales, it was decided to cut down her deckload.

The South Marshfield panther, after being in hiding for the past few weeks, has again made his appearance. Yesterday, while Willie Curtis was getting some wood in the gulch near by, his cousin Cliff went a short distance from him, and heard something growling in a large alder tree. He plainly saw the panther, which jumped from the tree, alighting on the ground within a few feet of him.
