Since the change in the rudders and wheel of Mr. McCloskey's new steamer, the Echo, she has much better speed and handles far better than he anticipated.

The delay of the engine for Coquille's electric light plant is all that is keeping us from having electric lights at present. It is to be hoped that its early arrival will relieve this suspense.

O. O. Buck, Coirne, Ark., says; I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. I recommend them. R. S. Knowlton.

A small sawmill to be driven by water power is being erected by S. R. Lushbaugh near Bridge. This, in connection with Mr. Nosler's store in this vicinity, will make these people quite independent in case the San Francisco strike is not too far-reaching in its nature.

James White Bryantsville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered 6 years. Doctors failed to help him. Get DeWitt's. Accept no imitations. R. S. Knowlton.

A report has gained circulation that no premiums for exhibits will be paid at the District Fair to be held at Marshfield beginning Aug. 27th. That is entirely erroneous as the state appropriation of \$900 per year can be used for no other purpose. This amount at least will be paid to exhibitors of livestock and for pavilion exhibits on that occasion, and reports to the contrary should not be credited as they are without foundation.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the "tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. R. S. Knowlton.

Charley Fetter, of Bandon, late of the battle ship Oregon, was called by telephone to Myrtle Point Thursday to take part in the Soldiers' Reunion at that place. In response he went up on the boats that day and in the evening he and his young friend, John Felcher, for three years his comrade on the same ship, who lives at Myrtle Point, gave exceedingly interesting talks in regard to the service of the "pride of the navy" during our late war with Spain.

Teachers at Bandon.

Beautiful Bandon by the sea. We teachers come to visit thee. The sun rolls high upon the beach We teachers go the same to reach.
"Pull off your shoes and have a wade," So said a pretty jolly maid. So off they go and "Oh what fun!" As up and down the beach they run.
The Prof. comes on quite unawares, What a broad smile he then did wear! He went right by as if to say, "Don't mind me for I'll go away."

The following extract from a letter just at hand, shows the confidence of school boards in the State Normal at Drain: "We want a thorough and strong teacher—lady teacher—one who has had several terms outside experience, as well as the advantage of your training department. If chanced that the president has such a teacher that he could recommend." Normal graduates are being sought and this fact is turning students towards the Normal. The Normal aids its graduates in securing positions. The TEACHER'S REVIEW CLASS will be found of great benefit to those needing review work for examinations. Address the President, Drain, Oregon.

Bold Burglars Carry Off a Fortune.

Vallejo, Cal., Aug. 6.—The Selby Smelting Works was robbed of \$340,000 last night in gold bricks. The robbers had evidently been working on the case for two or three months. They had dug a tunnel from outside the house, digging a shaft first about three feet deep. They then tunneled in under the vault and striking upward, bored a hole in the strong-room floor. The hole was in the shape of a manhole of a boiler. Part of the hole had been bored two months ago, it is thought, and the last one was bored last night. Through that hole they took the gold bricks and carried them to the shore near the tunnel east of the works, where they were evidently placed in a boat. In the hurry they left two of the bricks on the bank. During the night one of the workmen reported to his fellows that he heard a noise in the strong-room, and he thought it must be a ghost. The others ridiculed him for his superstition, but an investigation was made to see what caused the noise. The entrance to the tunnel was covered with a frame, over which the employees of the smelter passed repeatedly every day, but no one seemed to notice anything out of the way. The police of San Francisco and all the Bay cities are at work on the case, but so far there is not the slightest clew to the robbers. The work was that of skilled men, and evidently elaborate plans had been carried out without a hitch. The thieves got all the bullion in the vault, leaving behind only two bricks which they dropped on the shore in their haste. Only one day's accumulation of refined gold was kept at the works. Yesterday's run was unusually heavy, and the gold was to have been shipped back to San Francisco today. The tunnel that the robbers excavated was about 3 feet in diameter, and gave them plenty of room in which to work. It is supposed that the dirt from the tunnel was taken out at night and dropped in the bay. The first report stated that the tunnel was 200 or 300 feet long, but according to late advices, it is only about 10 feet in length. The shaft was started close to the wall, which was sunk below the foundation. From there it was only a short distance under the floor of the vault. It is thought that the men who committed the robbery took their plunder away in a launch, and made direct for San Francisco. There are plenty of other places, however, where they could have gone—either up the Sacramento river or to the shore of any of the numerous bays.

A WORTHY SUCCESSOR. "Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which, when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNUFFLES" is the only perfect CATARRH CURE, ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE." Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E-24 EDWIN B. GILES & Co., 2330 and 2332 Market Street, Philadelphia.

A nice garden lot of about one acre in a beautifully located and well sheltered place near the Bandon beach will be sold very cheaply if a buyer be found soon. For full information and terms call at the HERALD office.
