We also wish to express our highest appreciation of the kindness and co-operation of our friends.

As we go to press we learn that Fred Leniger has just purchased the general merchandise business of F. T. Sanderson, on Front street, this city. Mr. L. is quite well and favorably known in this section, having lived here for a year or so, and taken to himself one of Coos county's native daughters, and now settles down to business in dead earnest. We bespeak for him a liberal patronage at the hands of our people.

G. C. Welch, of Lamprey creek, who purchased the Waddington place, was up yesterday. He informs us that his family, mother and brother are feeling well and satisfied with their new surroundings. It will doubtless be but a short time till there will be quite a town started at that point, and then it will not be long before these new comers. There is already some talk of the establishment of a postoffice there.

There are several cases of fever in town somewhat resembling typhoid, but we think of a milder character, and at the present time all afflicted with it seems to be improving nicely. Mr. Clark has been east on a business tour, and succeeded in securing an order from a Detroit, Michigan, firm which, with the coast business the institution has already worked up on a permanent basis, will take at least a year to fill. Mr. Clark is the right man and in the right place when it comes to conducting a business of this kind. While in the east Mr. C. took in the Pan-American exposition at Buffalo, which he pronounces great. As he returned by the northern route, he found it necessary to run down to San Francisco to place an order for wool necessary to meet the demands of his present orders, and returned overland via Roseburg. Mr. Clark had a pretty busy time of it, having started about the first of this month, making all these points and transacting an enormous amount of business in so short a time.
