Report of viewers and surveyor of the Brummett creek change of C B W road filed and accepted and ordered opened.

L Harlocker and R C Dement instructed to investigate the matter of bridging road on R C Dement's premises on Coquill-Myrtle Point road.

Continued next week.

(Bandon Recorder.)

G. W. Stewart and son, Charles of Myrtle Point, have purchased the livery stable business of this place and took possession today.

A letter recived here, last week from J. S. Averill brought the information that he was at Manila, being quartermaster upon a ship playing between the Philippene Islands and San Francisco.

We are pleased to state that Robert Lowe, who has been suffering from paralysis for some time is gradually gaining the use of his limbs. By the assistance of an attendant he walkad down town last Monday and got aboard the steamer and visited Prosper returning on the evening boat.

W. H. Logan has finished Elbert Dyer's contract on J. H. Timon's coal bunkers and has the piledriver on the wharf here ready to commence building the extension which Mr. Dyer proposes adding to the wharf. The government permit has been secured and work will probably commence next week.

A full line of Buckingham & Hecht Boot and Shoes just arrived at the Emporium.

Dont fail to attend the Wizard Oil show tonight and every night this week, and they will make you laugh.

Don't wait until you become chronically constipated but take DeWitt's Little Early Risers now and then. They will keep your liver and bowels in good order. Easy to take. Safe pills. R. S. Knowlton

Mr. Gilbert, a gentleman from Salem, has arrived at Myrtle Point, and will erect a dryer of good capacity and on modern plans for Harrison Hartley, who will have about 3,000 bushels of prunes in his orchard this year.

Mr. Krewson is getting along nicely with his new house, the outside work being pretty well done. The building is 16x28, two stories high. This in addition to the former building will make this a very comfortable and neat home.

J. B. Fox having gotten his goods properly arranged in his new second-hand store building, it presents a very neat appearance and he is offering some fine bargains. If you need anything in his line, it will pay you to see his stock and get pices.

A petition is being circulated and numerously signed in Marshfield as well as liberal contributions being offered to have a state normal school located at that place. Coos county very much needs a thing of this kind and, is also deserving. It is to be hoped that they may succeed.

Norris Silver, Forth Stratford, N. H., "I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me was incurable. One bottle relieved me, the second and third almost cured. To-day I am a well man." R. S. Knowlton.

J. C. Gallagher, representing the Allen & Gilbert Co. of Portland (successors to The Wiley B Allen Co) has on exhibition in the Gilkey building next to furniture store a number of fine Pianos. Mr. Gallagher sold a great many Pianoes in Marshfield the past month and the general verdict is that he gives better value by far and easier terms than ever before offered. The reason why he can do this is that his firm is the largest Piano house on the Pacific coast.

A-O U W- Entertainment.

Coquille Lodge No. 127 A O U W. held an open meeting yesterday evening, and furnished an evening's entertainment to its members and their families and relatives. To say that the evening was a pleasant one gives but a feeble expression of the real fact. It is less than a month since this lodge was organized and it is not yet in good working order, but it now stands, as its merits demand, at the head of all other fraternal insurance societies. It claims no superiority over other societies, but yields not its place as the oldest and most firmly established of all. There was a good program consisting of music, vocal and by the orchestra and short address by Mr. John Hall, Judge J. W. Hamilton and Hon. Geo. M. Brown. After a social hand shake and a general movement to get acquainted, a grand march was called for led by the two brides and grooms Messrs and Mesdames Johnson and Fordyce, ending in a seat at the table where an extremely good lunch was served by the brothers of the lodge. This was an entertainment by the male members in which their families came to be entertained and not to do the cooking and wait on their male escorts. Only the highest encomiums of praise is given to the lodge for their success in this affair.
