PRESIDENT MCKINLEY SHOT BY ANARCHIST.

Wounds Considered Not Necessarily Fatal.

ONE BULLET EXTRACTED-- PATIENT RESTING COMFORTABLY.

Indications Are That There Was a Plot to Kill the President, and That the Conspiracy was Hatched Up in Cleveland. Mrs. McKinley Receives the News Bravely.

Buffalo, Sept. 6.—An attempt was made to assassinate President McKinley today on the grounds at the Pan-American Exposition, and it is feared that his wounds are fatal.

The president was walking into Music Hall at about 4:10 p. m., to hold a reception, when a well-dressed stranger stepped up and shook hands. He then fired two shots from a revolver concealed in his left hand under a handkerchief. Both shots took effect, one in the breast and one in the abdomen.

The assassin was placed under arrest. He is a Polish anarchist, Alfred Neiman, of Detroit.

Buffalo, Sept. 6.—Mrs. McKinley received the news of the attempted assassination of the president with the most exemplary courage and the danger of her prostration under the shock seems to be averted.

Buffalo, Sept. 6.—The first bullet fell from the wound on the breast bone after President McKinley was placed on the operating table and the president picked it up and handed it to Mr. Ellis.

Buffalo, Sept. 7.—Physicians' bulletin at 9 a. m.—The president passed a comfortable night. No serious symptoms developed. Dr. Hamster, the Baltimore stomach specialist, saw the president and after a careful examination gave it as his opinion the wound will not prove fatal. The president rallied satisfactorily after the operation for the removal of the bullet and sewing up of the holes in the stomach. His pulse is 146, temperature 102, respiration 23.

The assassin identified as Fred Czolgosz, unmarried, a German Pole, aged 29 years, is a disciple of Emma Goldman, and does not believe in our form of government. He intended to kill the president. He is not insane, and he insists that he committed the crime alone and without accomplices. The police believe that he had an accomplice. Another man walked between him and the secret service guard when the shooting took place.

Chicago, Ill., Sept. 7.—Six anarchists have been arrested here as accomplices in the attempted assassination of President McKinley.

Milbourn House, Buffalo, Sept. 8.—At 2 o'clock this (Sunday) morning it was announced that the president was sleeping peacefully. The physicians left the bedchamber to rest themselves and the nurses were the only ones awake. The sleep into which the president had fallen is regarded with favor.

Up to 4 a. m. no bulletin has been issued. It is understood, however, that the condition of the president is unchanged.

The latest, direct by wire, is that the president is resting nicely.
