In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid." R. S. Knowlton.

D. J. Taylor, of near Gravel Ford, came near being burned out last week. He had set fire to a stump near his house some time since which burned nicely, and as he thought, had gone out, but it seems the fire followed a root which ran in the direction of his house, and approaching near the surface of the ground, igniting some dry grass and the like, and only for the timely efforts of A. H. Wagner and Samuel Stout, his home would have been destroyed.

On Saturday as the James Bros pulled out from Parkersburg with the steamer Venus, it seems that the key in the crosshead of her engine had worked loose and came out, thus freeing the arm from the piston, allowing that part of the machine to go against the upper cylinder head with terrible force, causing it to break, as well as carrying a piece out of the side of the cylinder with it, which will cause the boys considerable delay and expense. They have hopes that the foundry at Marshfield will be able to cast the cylinders for them, as this would doubtless relieve the delay considerably.

Good News.

On Friday the 20th Sept., 1901, Mr. J. C. Gallagher had another shipment of Pianos, (beaties) from the Allen & Gilbert Co. of Portland. Judge E. D. Sperry Located.

Judge E. D. Sperry, wife and daughter, of Lakeview, this state, arrived in town on Thursday with a view to locating and have already made their choice for a home and purchased and are moving in. They have purchased the property here of T. A. Walker and H. W. Dunham, and are doubtless here to stay. We heartily welcome these people among us, though they are strangers, for we have every evidence of their being good and desirable citizens. We give the following from other papers, the editors of which are their acquaintances:

JUDGE SPERRY AND FAMILY DEPART.

On Monday morning last Judge Sperry and family left Lakeview, where for twelve years he has been engaged in the practice of law, and started for Coquille City, Coos county, where he will locate and resume the practice of his profession.

The state of Mrs. Sperry's health makes a change to a lower altitude necessary.

Many regrets were expressed as the carriage bearing the Judge rolled out of sight. For many years he has been one of our prominent citizens and himself and family will be missed by many friends.

Lakeview has lost a good lawyer and an honorable citizen, while the people of Coquille City have cause to congratulate themselves upon the advent of an able and upright lawyer as the Judge is well known to be; and a highly accomplished musician as is Mrs. Sperry. Success attend you Judge, the good wishes of Lakeview go with you.—Lake County Rustler.

Judge E. D. Sperry and family left Lakeview last Monday for their future home in Coquille City, Coos county, Oregon. They leave behind them numerous friends in Lakeview who wish them health, happiness and prosperity in their new home. Judge Sperry is a lawyer of ability and a safe counsellor. His geniality and polished manners, coupled with his splendid legal attainments, should find him ready practice of his profession and many warm friends.—Lake County Examiner.

Judge E. D. Sperry and family of Lakeview arrived here yesterday en route to Coquille City where they expect to locate permanently. The judge has many friends in Klamath county who wish him unbounded success in his new home.—Klamath Republican.
