 At the special school meeting in this district Saturday afternoon, called for the purpose of voting on the question as to whether or not higher grades than the eighth shall be taught in our schools, there was not a very large attendance, there being but 29 votes cast. In this, as in many other instances, our people showed their good judgement by voting for the higher grades, there not being a dissenting vote. This is the proper thing for our larger districts to do, as there are a great many of our young people who will now get the benefits of these grades who would not be able to go away to attend high school in other parts of the state or elsewhere.

Stricken With Paralysis.

After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. First, there will be the regular Sunday school study and services, and following this a short and pointed talk on the lesson by the pastor. This lesson talk will take the place of the usual morning sermon. The communion will be enjoyed by all who wish to participate, after dismissal of the above mentioned service. This service will be a feast for the devout soul. The evening service will be held as usual, beginning at 7:30 o'clock. Theme: "The Signs of the Times." In this sermon the present trouble between capital and labor will be noticed in the light of scripture.
Good News.
 On Friday the 20th Sept., 1901, Mr. J. C. Gallagher had another shipment of Pianos, (beaties) from the Allen & Gilbert Co. of Portland.
