Kodol
Dyspepsia Cure
Digests what you eat.
This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspepsias have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Dieting unnecessary. Pleasant to take. It can't help but do you good.
Prepared only by E. C. DeWitt & Co., Chicago. The 81c bottle contains 2 1/2 times the 30c size.
R. S. Knowlton.
Bring in your wood, potatoes, winter apples or grain on subscription to the HERALD.

Dairying in Oregon.
As a dairying state Oregon possesses advantages enjoyed by few other states in the Union. No section of the American continent is more favorably situated in reference to this industry. With an equable climate, vast ranges and a fertile soil that produces from two to three crops of hay and alfalfa in a season, Oregon's growing importance as a dairying state is not to be wondered at. The conditions for dairying could not be improved upon.

In many sections of the state, where this industry has obtained considerable of a foothold, the grass is green the year round, and no stall feeding is necessary. Within the past two or three years this industry has made remarkable strides. The dairy products are yearly increasing while their quality is improving. A campaign of education has resulted in the adoption of the most modern methods of manufacture, the improvement of herds and more successful and profitable marketing. Oregon's dairy products are improving year by year. Already her butter and cheese command the highest prices in every market.

Farmer's institutes and the fostering interest of transportation companies have combined to advance the dairying industry. While all dairying sections of the state are not yet blessed with the best possible transportation facilities, there is a constant improvement even along this line. C. H. Markham, who for several years has been the efficient general freight and passenger agent of the Southern Pacific Company, has done much to stimulate the industry through the Willamette valley. The good work done by Mr. Markham will not be permitted to lag by R. B. Miller, his successor, who is equally as interested in the industry and enthusiastic as to its prospects.

The county of Tillamook, though remote from rail facilities and with steamers that are far from satisfactory, is making perhaps greater strides in the dairying industry than any other county in the state. With all her handicap she will this year increase her cheese output by a quarter of a million pounds. Last year this county alone produced 1,000,000 pounds of cheese. There are now 45 cheese factories in the county, and the cheese output this year will reach 1,250,000 pounds. Similar, though perhaps not as great, progress is being made in other counties, and the indications are that Oregon's dairy products will this year be one-third larger than they were last year. Oregon will this year produce approximately 8,000,000 pounds of butter and 2,000,000 pounds of cheese. The value of these products will approximate \$1,700,000.—Evening Telegram.

AGENTS WANTED—To sell "McKinley's Dying Words," the latest, greatest and most pathetic copyrighted song of the day. Over 15,000 were sold in Chicago during first 3 days of publication. Regular 50 cent sheet music size for 25 cents a copy. Words by Howard Carleton Tripp, the celebrated lecturer, editor and author. Music by Charles E. Smith, the noted band leader and musical composer. A financial harvest can be made by energetic canvassers. Send 25 cents for sample copy and terms to agents and retail dealers. Address, **THE BEST MUSIC CO., Kingsley, Iowa.**

Church Insure Its Members.
The Third Baptist Church of Owensboro, Ky., is insuring the lives of twenty young men, who are its members, on the ten-payment-life plan for the benefit of the church. The church pays the premiums, and in the event of the death of any of the men the insurance goes to the church.—Insurance Press.

The National Livestock Association which meets in Chicago in the legislative line, among others, it expects to ask for the Federal official to look out for a shoddy which is manufactured and sold under the head of woolsens. It states that the manufacturers are using 35,000,000 pounds of shoddy annually which they usually sell as "poor wool." This is a deception which is most injurious to the sheep industry as well as to the assurers, and the stock men see no reason why such goods should not be properly inspected and stamped just as oleomargarine manufacturers are compelled to do.—The Northwest Pacific Farmer.

C. M. Phelps, Forestdale, Vt., says his child was completely cured of a bad case of eczema by the use of De Witt's Witch Hazel Salve. Beware of all counterfeits. It instantly relieves piles. R. S. Knowlton.

Southern Pacific Overland Held up South of Eugene.

Eugene, Or., Oct. 23.—(Special to The Evening Telegram.)—The Portland-bound California overland train on the Southern Pacific was held up by two men near Walker's, a small station 15 miles south of here, at an early hour this morning. The robbers got away with the registered mail pouch, but nothing more. They blew open the express car with dynamite, but Express Messenger C. R. Charles refused to let them enter, and kept up a steady fire with a shotgun. It was due to Messenger Charles' nifty work that the hold-up did not net the perpetrators more booty. The passenger coaches were uncoupled at the robbers' orders and left behind, the front end of the train being run ahead several miles before the desperadoes attacked the cars. Consequently the passengers slept through it all, and did not know that a hold-up had occurred. After the robbers obtained the registered mail pouch they compelled the engineer to uncouple the locomotive and carry them on a few miles. They stopped at the outskirts of Eugene and ordering the engineer to go back after his train, disappeared.

Chicago Postoffice Robbed of Stamps Worth \$74,610

Chicago, Oct. 21.—A sensational robbery, which netted the perpetrators \$64,610 in stamps, was discovered here this morning, when the wholesale stamp department of the postoffice was opened for business. A rapid investigation developed the fact that the burglars had crawled under the flooring for about 300 feet, bored a hole in the bottom of the vault, taken the stamps and escaped, carrying away their booty in a wagon.

The work of forming an entrance to the vault had evidently been going forward with the greatest patience for many days. It is believed however, that the intention of the thieves had been to enter the cashier's vault, in which there was \$35,000 in money and stamps valued at hundreds of thousands of dollars. The bottom of the vault is of steel, half an inch thick. In this vicinity seven holes were bored, until a space of 18 inches square—just enough to allow the entrance of a man's body—had been so weakened that it was possible to take out the whole plate with little difficulty. A dry goods box stood over the hole thus made, and concealed the work of the robbers while it was in progress. When discovered today the finger marks of one of the burglars were still discernible on the dust of the box, which he pushed to one side.

So carefully had the job been planned that men working in other parts of the building had not the slightest inkling of the daring robbery being worked almost under their noses.

The Commoner.
(MR. BRYAN'S PAPER)
The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the HERALD together for one year for \$2. The regular subscription price of the two papers when subscribed for separately is \$2.50.

A Typical South African Store.
O. R. Larson, of Bay Villa, Sunday River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's Remedy. All testify their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by R. S. Knowlton.

To Forbid Winerooms.

Chicago, Oct. 22.—Mayor Harrison has submitted to the city council a message in which he urges that the committee on license prepare an ordinance forbidding the establishment and maintenance of winerooms or private apartments in any dram shop within the limits of the city of Chicago.

"Public morals suffer damage from the wineroom more than from any other cause," says the mayor. "It is not necessary to particularize the evils resulting from their toleration; the evils are self-evident, and firm steps should be taken to uproot them." The passage of an ordinance of this character, while working no hardship to any reputable saloon keeper, will unquestionably bring about salutary results of the most far-reaching character.

It is stated the committee will report such an ordinance as the mayor suggests. The passage of the measure would work a radical change in the regulation of the city's saloons.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure," which has been perfected after many years of close study and experiment by the inventor, The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

Wives Cure Your Husbands! Children cure your fathers! This remedy is in no sense a nostrum but it is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do Not Wait. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "Home Gold Cure" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skillful physicians when requested without extra charge. Sent prepaid by any part of the world on receipt of One Dollar. Address Dept. E849 EDWIN B. GILES & Company, 2330 and 2332 Market Street, Philadelphia. All correspondence strictly confidential.

(Bandon Recorder.)
S. C. Giles, of Myrtle Point, came down Monday and will have charge of the engine on the bark Baroda during operations of trying to float that vessel.

R. D. Hume is shipping lumber to Rogue river from the Coquille. The Del Norte sailed last week with a cargo and the Berwick this week. We understand that Mr. Hume is going to build about thirty cottages upon his land, near Wedderburn and have a colony settle upon it.

Captain Jorgensen came down from Parkersburg last Saturday evening to spend Sunday with his family. He has charge of the rigging of the new schooner Onward which he expects to have ready to sail on the initial voyage about the 1st of November, if the weather holds favorable. The hold of the schooner has already been filled with lumber preparatory to sailing. Captain Jorgensen will be master of the Onward.

The wire haulers to be used in floating the bark Baroda have been put on the tug Columbia of Coos bay. The tug was down Sunday for the purpose of getting the cables in position, but the surf was too rough. Four anchors had been placed and buoyed, each 2 forming set. A double 6-inch, wire cable will be fastened to one set and a 7-inch, wire cable to the other couple. A boiler and logging engine, belonging to Elbert Dyer is being rigged up and put on board the Baroda to supply power, which is calculated at 500 horse power, or a dead lift of over 200 tons. The boiler was taken down Tuesday and the engine followed yesterday.

There are less than 1,630 men employed at the Mare Island Navy Yard. Without crowding the yards can readily accommodate 5,000 men.

There are now lying in the bay of San Francisco three army transports—the Sherman, the Grant and Dix. More or less necessary repairs on these will, it is estimated, be made at an outlay of \$1,185,000. Not a stroke of work has been done on these vessels, and the Sherman has been here, under contract to the Union Iron Works for \$385,000, since May 1st, at a cost of \$300 a day to the Government. The Logan will probably be repaired by private contract and the Kilpatrick, too.

The fact that these transports are allowed to remain here untouched, at heavy expense to the Government, while all facilities for doing the needed work on them are close at hand at Mare Island is a heavy factor in enabling the Union, Fulton and Risdon Iron Works to bring their striking machinists to terms. Thus the Government's refusal to use its own shipyards is being used by the employers to coerce their employees.

Millions upon millions are being given annually to private shipbuilders while the navy yards of the Government are kept in comparative idleness.

Every time the navy yards have had a fair opportunity to show what they can do the work has been done at less cost, of better quality and in shorter time than by any of the private concerns.—Examiner.

To the Unfortunate

Dr. Gibbon
This old reliable and most successful specialist in San Francisco, still continues to cure all forms of Gonorrhoea, Stricture, Syphilis, in all its forms, Skin Diseases, Nervous Debility, Impotency, Sexual Weakness and Loss of Manhood, the consequence of self-abuse and excesses producing the following symptoms: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, loss of confidence, diffidence in approaching strangers, palpitation of the heart, weakness of the limbs and back, loss of memory, pimples on the face, cough, consumption etc.

The Improved "Arlington" Self-Threading Sewing Machine
NEW HOME STYLE
LATEST BEST CHEAPEST

Shipped to anyone, anywhere, on 30 days' free trial, in your own home, without asking one cent in advance.

10 years' written warranty with each machine.

A strictly high-grade Sewing Machine, finished throughout in the best possible manner, with top of Lullie, Highest Arm—Space under the arm is 3 1/2 inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the end of the machine beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at double movement; positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not unravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 100 pound cotton without changing. Never gets out of order. Needle is a straight, self-setting needle, fits on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All foot motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: Cup runner and gatherer, one bladet, one shirring plate, one set of four hemmers, different widths up to 7/8 of an inch, one tucker, one under hander, one short or attachment foot, and one throat cutter. Woodwork of finest quality oak or walnut, Gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.

If you prefer thirty days' trial before paying, send for our large illustrated catalogue with testimonials, explaining fully how we ship sewing machines anywhere to anyone at the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the \$1.00 discount. Remember the coupon must be sent with order.

OUR GREAT OFFER. \$25.00 is our Special Wholesale Price, but in order to introduce this high-grade sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered. On receipt of \$18.50 cash and coupon, we will ship the above-described machine anywhere securely packed and insured, and guarantee delivery. A ten year written warranty sent with each machine. Money refunded if not as represented after thirty days' trial. We will ship C. O. D. for \$19.50 with privilege of twenty days' trial on receipt of \$10.00 as guarantee of good faith and charges. If you prefer thirty days' trial before paying, send for our large illustrated catalogue with testimonials, explaining fully how we ship sewing machines anywhere to anyone at the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the \$1.00 discount. Remember the coupon must be sent with order.

Or make your order through the Herald, without extra cost.
