Church Directory.

Episcopal Church.—Episcopal services will be held at St. James church, Coquille City the third Sunday in each month. Wm. Horsfall, Pastor.

M. E. Church, South.—Preaching each and every Sunday at 11 a. m. and 7:30 p. m. Sunday-school every Sunday at 10 o'clock.

W. S. Holcomb, Pastor. The W. C. T. U. meets every Tuesday at 2 p. m. at the Presbyterian church.

Presbyterian Sabbath school every Sabbath at 10 a. m. Jesse Hall, Superintendent. Preaching each 2nd and 4th Sabbath at 11 a. m. and 7:30 p. m.

LOCAL ITEMS. Mrs. S. E. Wilkins returned from her trip to Bandon Thursday. Mrs. O. J. Sealey visited with Mr. and Mrs. Stewart Lyons last week.

See the beautiful Stereoscopic Views of Ernest Stauff at Lorenz's store. For a neat little home, garden lots and barn, at bedrock prices, call on the HERALD.

J. D. Bennett, the carpenter and contractor of near Gravel Ford, was in town last week. Mrs. Chas. Peterson, of River-ton, returned from Marshfield Wednesday, having been visiting relatives at that place.

Chas. Lorenz returned to Bandon Thursday while Mrs. L. extended her visit with her sister, Mrs. Fred Nosler at Bridge. J. C. Bridges, of Marshfield, who has been assisting in preparing the Baroda for sea, passed through to his home Wednesday.

J. R. Rochon, one of Marshfield's boss painters who has been doing some work at Beaver Hill, was in town Thursday, having finished his contract and being on his way home. The people at Bandon want to look out for J. C. Laird. He is going that way with his "Electric" lieutenant. We know Jack is all right, and have good reason to think his medicine is also.

J. D. Stewart, of near Langlois, Curry county, came up Thursday and purchased a fine set of harness from car boss saddle and harness makers, F. Long & Son. He returned Friday morning by the Favorite.

For rent near town—Five acres land with good new house and barn, orchard and convenient water. Also cheap 3 room house and 1 acre of ground. Apply at Real Estate office of B. D. Sanford, Coquille, Or.

Harry Backensto and Chas. Matheson are giving the front of G. A. Robinson's store the finishing touches with the paintbrush. It is an artistic piece of work and a large, beautifully lettered sign extends the entire length of the front.

Will Wilson got slightly knocked out while working on the wharf at the Prosper mill last week by falling partly through a hole. However he is able to be about, bringing his family up for a visit with Mrs. Wilson's parents as well as those of Mr. Wilson.

160 acres for sale. 1/2 of a mile from river. Enough red cedar to cut 1,000,000 shingles, good grazing and fruit land with fine bottom land garden of about 3 acres, and 100 young fruit trees set, few bearing. Fine coal on place. Would take good team as part pay, and give time on part. Inquire of the HERALD.

S. E. Johnson, Dr. K. A. Leep, B. C. Lehmonowsky, G. M. Short and Ross Deyoe, of Myrtle Point went to the bay Wednesday on business, taking their shotguns with them. After their business was transacted they tried a little duck shooting, and while they did not make a heavy killing, they bagged a respectable number. The principal flocks are to be found on the bay where it is hard to get in range of them. Not till they go to the sloughs and marshes for the purpose of feeding do the Nimmers make large records. These gentlemen all returned Friday except Mr. Short.

How's This. We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO. Proprietors, Toledo, O.

We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

WILLIAM PHILIPS DEAD.

The Indian Farmer of the Territory, Sailor, Ranchman, Traveler and a Man of Culture Succumbs to Typhoid Fever.

Mr. William Philips, aged 35 years, and a native of Scotland, died at El Reno yesterday. He came to visit his friend Mr. R. R. Hickox, a United States marshal of the territory, a week ago, and while here he became ill, and after every care and medical attention was given him he succumbed to typhoid fever. His relatives cannot be found, and Mr. Hickox, who has known him for fourteen years, is unable to locate any of his relations. The funeral will take place from J. B. Kerrick's undertaking parlors at 10:30 a. m. to day.

LED A ROMANTIC LIFE. Coming to this country from Scotland when a boy, Mr. Philips became a sailor and visited every English speaking port on the globe. His first service with the government was that of chief clerk in the Indian service at Chemawa, Oregon. After five years service he came East and was engaged on a ranch by T. W. Potter, the present superintendent of the Chemawa Indian School.

One year ago he left this position, took civil service examination of Indian farmer. Mr. Hickox said in speaking of the deceased, "He was a perfect gentleman, possessed a good education, and was an interesting character. For a man of his age he was well informed on every subject."

A telegram was sent to Colonel Randlett the Indian agent, at Anadarko, and Mr. John P. Blackman of the agency was sent to take charge of the body.—El Reno Daily American.

Arthur Bartelle is the owner of one of the most remarkable curiosities ever thrown up by the sea, being a petrified revolver, which was picked up on the beach near Battle Rock, last week, by two boys, Blanchard Caldwell and Marion Zuzawit. It is an old-fashioned Colt's five shooter, such as was in use fifty years ago, and is in a leather sheath. The entire pistol, with the exception of a small portion of the top part of the sheath, with a piece of the belt and the protruding end of the stock, is encased in solid stone while the protruding wood and leather is petrified. The metal part on the end is in a perfect state of preservation. The relic is evidently a memento of the memorable siege of Battle Rock, fifty years ago, when the brave little band of nine men, after some ten days of continuous fighting, and holding hundreds of hostile Indians at bay, escaped at night, after throwing all their belongings into the sea, to prevent them falling into the hands of the Indians. It is more than probable that the owner of this revolver, being without the means of loading it, consigned it to the briny deep with other valuables. Although heavily encased in stone, the pistol still remains its shape. Mr. Bartelle was immediately offered \$20 for the relic, but refused the offer.—Port Offered Tribune.

New York, Oct. 19th, 1901. EDITOR HERALD. As a good deal has recently appeared in print regarding the consumption of sugar in this country, the various sources from which it is obtained, the amount of duty paid thereon, etc., the following facts and figures will, we believe, be of interest to your readers:

"The total consumption of sugar in the United States last year was 2,219,847 tons, and based on the average increase of 6.34 per cent during the past 19 years, the consumption this year should be 2,360,585 tons. Of this quantity 1,000,000 tons in round figures will come from American sources, say Louisiana being able to produce 350,000 tons, United States beet factories 150,000, Hawaii, 350,000 and Porto Rico 150,000, all being free of duty, leaving 1,360,585 tons to come from other sources and on which duty is paid. The average duty assessed is \$36 per ton, or a total of \$48,981,060. The price of all the sugar consumed, however, being enhanced to the extent of the duty of \$36 per ton or a total of \$84,981,060, it is evident that \$36,000,000 additional is paid by the people in order to provide the Government with 49 millions for revenue, of which the Government is not now in need. If the duty is taken off Cuba sugar, the benefit of 85 millions goes to the people.

"On October 8th, the quotation for Cuba Centrifugal sugar 98 test, free on board Cuba was 1.96 per lb., duty on same amounts to 1.685—equivalent to 86 per cent, ad-valorem."

Yours truly, WILLET & GRAY, (Sugar Statisticians) Publishers of the "Weekly Statistical Sugar Trade Journal."

Slight damages to the track near the junction on Tuesday by the work train, caused Wednesday's passenger train an hour or so delay.

A WORTHY SUCCESSOR.

"Something New Under the Sun." All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE, ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD IN THE HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E849 EDWIN B. GILES & Co., 2330 and 2332 Market Street, Philadelphia.

COOS BAY NEWS. It is said that work on a steamer, of about the size as the Mandalay, will soon be commenced at North Bend.

Seven vessels were loading at the Bay City mill, last week. Ernest Stoff secured a good picture of the busy scene.

Three schooners were loading at the depot, Friday. Two were taking lumber from Johnson's mill, at Coquille, and one from Lyons.

The barge W. H. Wheeler, in tow of the tug Geo. H. Vosburg, arrived here Sunday from San Francisco and took on 200 tons of coal at the Beaver Hill barge. The barge was built for carrying lumber from the Nehalem river to San Francisco, and is towed both ways by a tug. She carries a cargo of 600,000 feet on light draft. The coal is to be used as fuel for the tug.

Canal Treaty a One-Sided Affair. New York, Oct. 30.—According to the Tribune's London representative the London Chronicle does not altogether like the news which it has received from Washington that Sir Julian Pauncefote has received full power to sign the new canal treaty. The Chronicle looks upon the treaty as a one-sided affair and says it is a simple task in diplomacy to give everything and obtain nothing in exchange.

The Children's Friend. You'll have a cold this winter. Maybe you have one now. Your children will suffer too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup." R. S. Knowlton.
