Being entirely cured of deafness, thanks to your treatment, I will now give you Gentlemen: — Being entirely cured of deafness, thanks to your treatment, I will now give joa full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost
my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who fold me that
only an operation could help me, and even that only temporarily, that the head noises would
then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and
to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you
heartily and beg to remain
