The Commoner.

(MR. BRYAN'S PAPER)
The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions. The Commoner's regular subscription price is \$1 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the HERALD together for one year for \$2. The regular subscription price of the two papers when subscribed for separately is \$2.50.

Remarkable Cure of Croup—A Little Boy's Life Saved.
I have a few words to say regarding Chas. Peabody's Cough Remedy. It saved my little boy's life and I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Joel Dement, Inwood, Iowa. For sale by R. S. Knowlton.

For Sale by Tender.
I will receive bids for my house and 1/2-acre plat in Nottley's addition to Coquille City. For particulars apply at the HERALD office.
THOMAS TAYLOR,
Keswick, Cal.

FOR SALE OR TRADE—The large and commodious furniture factory near the little church, equipped with good engine, planer, hand saw, two large lathes, edger, sandpapering machine and other articles too numerous to mention. Will sell at a bargain or trade for city property. Inquire of J. W. Krewson, Coquille, Oregon.

The Future of Oregon.

Oregon stands on the threshold of the greatest development in her history. Probably no man grasps the truth of what her future is to be, Kansas, in her growth, jumped in population from a quarter of a million to a million in the span of a few years. Nebraska saw a similar unexpected and marvelous growth. The conditions that quickly transformed them from thinly to densely populated states are now working in Oregon. There is scarcely a doubt that within a year or two after the Lewis and Clark Exposition the population of the state will approach if not pass the million mark.

In the middle west and western East, an epidemic of immigration is on. The movement is distinct and unmistakable. It is the result of various influences, not the least of which is that land values are active and opportunities to well situated. Witness is born by every newly arrived homeseeker of the vastness of the tide of humanity that is surely moving to this Western Coast.

At this favorable moment, there is promise of ultimate building of an Isthmian canal, a work that every man in the Nation understands will give immense impetus to commercial conditions on the Pacific Coast. The opening of China the completion of the Siberian railway with its possible revolution in transportation, the traffic with the gold field of the North, and an increase in trade with the Orient all this, East eyes believe means a giant stride in commercialism on the Pacific Coast and they are hurrying hither to establish themselves for the present that is to come. Aided to this is the 1905 fair at Portland. No influences in all the favorable influences will do more to fill Oregon with new home makers. The low railroad rates, the national character of the occasion, the natural bent of the well to do, to see such shows the display of unrivalled products, the information disseminated, the glamor, the enthusiasm all will be the climax and greatest of all influences for an Oregon boom, the advance guard of which is already here.—Corvallis Times.

Children Especially Liable.
Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes James Mook, N. Webster, Ind. "The sores were so bad she could not eat or five dresses a day." R. S. Knowlton.

FOR SALE—A first-class, fireproof safe, of the Hall pattern, with two sets of double doors, weighing 5,000 pounds, as good as new, for \$150. Inquire at the HERALD office.

ARE YOU DEAF? ANY HEAD NOISES?
ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, MARYLAND.

Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. I had a deafness of the ears, which began to trouble me about five years ago my right ear began to ring, and this kept on getting worse, until I had my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent eye specialist of this city, who told me that only an operation could help me, and even this only temporarily, that the deafness would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain, Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
