Opp. U.S. Patent Office, Washington, D.C.

BOARD OF TRADE.

We are glad to see our esteemed contemporary taking a vigorous hand in the Board of Trade question. It is a subject which has frequently been stirred up in these colums. All live cities have organizations of this kind and unless we expect to perish of a dry rot we should have one also. The necessity for it does not admit of an argument and the longer the matter is delayed the farther in the rear we shall be in all those substantial things which build cities, improve a country and put people on a level with their wide awake progressive neighbors. As has been repeatedly said in these columns within the past six months there is no more opportune time for this business than now. People expect Coquille, as being the capital town of the county, to be right up square abreast with any other city in the country and as far ahead of them as it is possible for us to get. Thousands of new settlers are coming west this spring and many are already in Oregon but we do not see any of them in Coquille because we are doing nothing to let them know where we are or what nature has bestowed so lavishly on this part of the state for the betterment of mankind. We want more ranchers and dairymen, more lumbermen, more home builders; and we want Factories too, everyone of which brings more population, more trade for our merchants and less sending abroad for things which could be manufactured at home. For instance we have an abundance of rare woods here for furniture and a furniture factory is one of the crying needs of Coos county. We sell lumber to San Francisco and San Francisco makes it into furniture and sends it back to us in part at least to be sold and the buyers pay the freight both ways on what could just as well be made here, sold at a profit and still be much cheaper for the purchaser. And this is true of many other things. Manufactories make cities. They bring population and business and these things are what a city must have or "perish by the wayside."

There's a whole lot more to be said on this subject and we are going to keep right on harping about it until something is done.

Again we say let us have a Board of Trade. ROBERT ROLAND.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Caugh Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr. Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. For sale by R. S. Knowlton.

The Best Time to Prune Cherry Trees.

Mr. S. B Fay, of Dayton, Oregon writes us from Hood River as follows in reply to inquiry as to the best time and manner of pruning cherry trees:

"Prune them in July after gathering the fruit. They will not gum if pruned at that time. If your trees are growing too tall and straggling, cut them back and shape them as you wish. If too thick, thin them out."

Mr. Fay has made the business of pruning fruit trees a lifelong specialty and has had many years' experience in Oregon. Few men are as well qualified to give advance on this subject.—Rural northwest.

Dairy Commissioner Bailey made some apparently rash promises to secure the annual meeting of the National Association of Dairy and Food Commissioners for Portland this year. He is gratified to find that his confidence in the willingness of the transportation companies to do thier share in making good his pledges were well founded. The members of the association will be given every opportunity to see Oregon under most favorable circumstances. Enterprising citizens of such places as Albany, Corvallis, Astoria and Hood River will also help to make things pleasant for the visitors, as they journey around the state. The meeting takes place in July.—Rural Northwest.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. De Witt's Little Early Risers cure such cases. M. B Smith, Butternut, Mich., says "De Witt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea."

The Initiative and Referendum amendment to the constitution on which the people vote next June is really very simple. It gives the the legistature the new power to refer any law to the people, to take effect only if it is approved by a majority vote. It also leaves with the legislature power to declare that a law for the immediate preservation of the public peace, health or safty shall take effect the day it is passed. This would include the general appropriation bill, salaries of public officers, and similar fixed charges of government. Any other law, including practically all special appropriations, must be referred to the people when it is demanded by five per cent of the legal voters (which would be about 4500 signers at this time), if the petition is filed within ninety days after the last day of the legislature. A petition for the Referendum cannot be for more than one law. A separate petition is necessary for each law on which a vote of the people is demanded.

Any proposed law must be submitted to the people, independent of the legislature and the governor, if it is petitioned for by eight per cent of the voters, which would require about seven thousand signers in Oregon. This petition must be filed with the Secretary of State not less than four months before the general election at at which it is to be voted on. This is the Initiative.

The principal use of the Initiative is to allow a hearing before the people to the agitators and advocates of new ideas in government, and thus do away with the excuse for new political parties. It is a cheap and convenient method of testing the popularity and growth of alleghany reforms.

The expense to the public treasury, if the amendment is adopted, will be but a trifle—only the cost of printing the questions on the official ballot. No special elections can be had unless ordered by the legislature. The whole expense of getting up the petitions falls on the signers, the public treasury pays none of it.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by R. S. Knowlton.

An umbrella-renting company is starting in business in New York, Boston, Chicago and other cities, and the system is to extend over the country. One pays $1 for an aluminum tag, good for one year. When caught in a shower the tag is redeemable for an umbrella at the nearest station. When the rain is over the umbrella can be returned to any agency and a tag reissued. It is proposed to have the agencies as common as tobacco shops.

The oldest steam-engine in use is at Rutherglen, Scotland, where it has continuously hauled coal out of a mine since 1809. The valves are worked by hand. An engine of the original Watts make was recently taken out of service at a London brewery, where it had been in use for 102 years, and sent to the museum at Sydney, Australia.

New York will celebrate its Three-hundredth birthday in 1909, that many years having elapsed since Hendreth Hudson sailed, one September day, up the river that now bears his name. A bill has been introduced in the legislature providing for commemorative ceremonies.

The Russian battleship "Retvizon", or Redbird, said to be the most powerful vessel of its class was last week formally turned over by the Cramps of Philadelphia to the Russian navy. A crew of 170 Russian sailors took her in charge.

The bone of a great auk's wing has just been found in Florida, showing that this bird, now extinct, must have existed that far south, although it was not previously known to have lived south of massachusetts.

A consular report from China directs American manufacturers of bicycles to send ladies' wheels to that country as the long robes that the men wear make the drop-frame models the most convenient.

The Lexington, Ky., grand Jury may have been a little late in getting its opinion of the get-rich-quick investment or debenture companies before the public, but it's very emphatic.

Galveston, Texas, has voted $1,500,000 to build a sea wall to protect the city from such tidal waves as those which wrecked it.

From the Coos Bay News.

A number of miners arrived from Seattle, Saturday, to work at Beaver Hill.

Eight sailing vessels crossed in over the bar on Wednesday last, six of them sailing in under pilotage of the tug Columbia.

A spark from No. 1 engine started a blaze in the rear of the offices at the depot, Friday afternoon. Prompt action prevented conflagration.

The first home-raised radishes and lettuce of the season were for sale at Pioneer market yesterday. They were from Harry Graves' garden, north Front street.

Soundings on the bar last week showed that the South spit is cutting away, thus making the channel wider. The depth of water on the bar was 24 feet at low water.

News was received by wire on Wednesday last of the death of Capt D. R. Dale which occurred at Oakland, Cal., the previous evening. Capt. Dale had been connected with the management of the Chambers property, on the Isthmus, for many years, and was well known and highly respected in this community.

(Port Orford Tribune.)

Miss Carrie Guerin was thrown violently from a runaway horse in Dairyville last Wednesday. She was badly bruised but not seriously injured.

James Burnapp, an old resident of Curry county, expects to move with his family to Empire City soon, his present home near the mouth of Floras creek being too much isolated from churches and schools.

The British sealing schooner Vera lay in our harbor for a day or two last week. She departed Saturday, leaving one of her hunters ashore, and in the evening one of her boats with four men returned, the men claiming to have become lost from the schooner while out hunting. They are not worring as to the whereabouts of the vessel, and evidently are not anxious to be picked up by her.

Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds De Witt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but De Witt's. Beware of counterfeits "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S Fuller, English, Ind. "It would not heal and gave me much troubl. I used all kinds of remedies to no purpose until I tried Dewitt's Witch Hazel Salve. A few boxes completely cured me" R. S. Knowlton.

(Bandon Recorder.)

Henry Goetz started for Roseburg Friday morning expecting to be gone about ten days.

S. D. Barrows went to Parkersburg last Sunday and will file saws during the construction of the new schooner now under way there.

The Episcopal Guild will give an entertainment in Munck's Hall, Saturday evening, May 3, to which the public is cordially invited.

Thomas Langlois got word last week that his son, Clark Langlois, was dangerously ill of Typhoid fever. He is in a hospital at Pittsburg, Pa., and at last accounts was slightly better. Chester Langlois of Sixes, another son, had the misfortune to sustain the fracture of a leg a few days ago. He was taken to Port Orford and is doing as well as is possible with a broken limb.

New South Wales has a new compulsory industrial arbitration court of which great things are expected. Whether the expectations are realized will depend upon the nature of the decisions of the court.

When a Tennessee flood starts on a town-swiping jag it can do almost as much damage as a full-grown earthquake.

W. SINCLAIR.
Coquille, Oreg.

The name of Lieutenant Charles Carroll Wood, grand-nephew of Jefferson Davis and great-grand-son of President Zachary Taylor, appears first on the roll of honored dead on Canada's memorial statue to her soldiers who fell in the Boer war. The monument is in Halifax.

Gen. Greeley, Chief of the United States Signal Service, has asked for bids of supplying a system of wireless telegraphy between Nome and St Michael's, a distance of 104 miles from Norton Sound. Bidders must prove the efficacy of their apparatus by a sixty mile test along the Atlantic coast.

Electricity made the best showing at the dinner where the "captains of industry" met Prince Henry. There were more representatives of electrical achievements, and the industries represented, such as are lighting, incandescent lighting, electric traction, telegraph, telephone, etc., are among the most useful and indispensable of modern civilization.

Good For Rheumatism.

Last fall I was taken with a very severe attact of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatism cures. I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by R. S. Knowlton.

ANNOUNCEMENT.

In another column of today's issue appears the advertisement of the wonder book of American publications—of the achme of the compilers' and printers' art, where mechanical excellence, literary perfection and the zenith of accuracy of detail are combined in a volume of over 60 pages that sells at the popular price of 25 cents.

We refer to the 1902 New York World Almanac and Encyclopedia, better known as "The Standard American Annual."

And so it is. It is more to Americans than is "Whittaker's" to the British

By special arrangement with the publishers of the World Almanac we offer it in connection with one year's subscription to this paper at $1.65.

The New Features enumerated in the advertisement published today are alone worth the price of the book. Besides the features announced there are more than 1,000 facts touched upon.

Read the announcement and send in your subscription.

$100—Reward—$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,
F. J. CHENEY & CO.,
Toledo, O.
Sold by druggists, 75 cents.
Hall's Family Pills are the best.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:
BALTIMORE, Md., March 30, 1901.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my Hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation.
Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost.

The Improved New High-Arm Self-Threading "Arlington" Sewing Machine
NEW HOME STYLE
LATEST BEST CHEAPEST

Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.
10 years' written warranty with each machine.
$19.50 and Coupon, if sent C. O. D. or on trial
STYLE No. 65. "ARLINGTON."

A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. **Highest Arm**—Space under the arm is 5¼ inches high and 9 inches long. This will admit the largest skirts, and even quilts. **It is Self-Threading**—Absolutely no holes to put thread through except eye of needle. **Shuttle** is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. **Stitch Regulator** is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. **Feed** is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. **Automatic Bobbin Winder**—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. **Light Running**—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. **Stitch** is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. **Tension** is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. **The Needle** is a straight, self-setting needle, flat on one side, and cannot be put in wrong. **Needle Bar** is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. **Adjustable Bearings**—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. **Attachments**—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ⅞ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. **Woodwork** of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.

DON'T PAY HIGH PRICES FOR SEWING MACHINES BUY DIRECTLY OF MANUFACTURERS AND SAVE AGENT'S AND DEALER'S PROFITS

OUR GREAT OFFER. $24.50 is our Special Wholesale Price, but in order to introduce this high-grade sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered. On receipt of $18.50 cash and coupon, we will ship the above-described machine anywhere securely packed and crated, and guarantee safe delivery. A ten years' written warranty sent with each machine. Money refunded if not as represented, after thirty days' test trial. We will ship C. O. D. for $19.50 with privilege of twenty days' trial on receipt of $5.00 as a guarantee of good faith and charges. If you prefer thirty days' trial before paying, send for our large illustrated **catalogue with testimonials**, explaining fully how we ship sewing machines anywhere to anyone at the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the $5.00 discount. Remember the coupon must be sent with order.
