Another Billion Dollar Combined.

Chicago, April 29.—A billion-dollar packing trust is among the possibilities if the United States government should succeed in maintaining its contemplated injunction proceedings, says the Tribune.

The prediction is made in La Salle's reef financial circles that large packers who may be made defendants in the Federal Court will be forced formally to combine if the prosecution against them under the Sherman anti-trust law is successful.

The combination would be along the lines followed by the United States Steel Corporation, and would be made to comprise practically all the beefpacking companies in the country.

In the formation of such a combination, continues the Tribune, all the powers now denied the packers, with one exception, could be legally consolidated. The single exception, in the opinion of corporation lawyers, would be the adoption of an arbitrary and unreasonable schedule of prices.

Many attempts have been made to form such a corporation, but all have been unsuccessful. During the lifetime of P. D. Armour, the question of the promotion of a huge packing company, to include all the Chicago firms, was discussed, but Mr. Armour stood firm against all such proposals. It is estimated that at one time the project went so far as to be considered by the heads of all the large Chicago firms, but the question of the allotment of capital stock is understood to have been the rack on which the plan went to pieces.

It was hardly necessary for the Washington correspondents to announce that the Senate would not act hastily on Cuban reciprocity. When did the Senate act hastily on anything?

The President is doubtless convinced that there is rough riding in plenty in the House.

Those Boer piece delegates are moving as though they had all summer to do their work.

Boiled down—Hon. Chauncey Depew's advice to the young men of the county is. Get a wife.

California had an earthquake shock, but it had no connection with Chinese exclusion legislation.

One swallow can not bring a summer. Nor will one revolt bring the abdication of the House committee on rules.

The king of Chicago's Chinatown is dead, but the chinks who were his subjects are very much alive; ditto the new king.

There is danger that the need of the "poor Cubans" will be entirely forgotten while the politicians are using the reciprocity bill for a punching bag.

Perhaps it was J. Pierpont Morgan's experience as commodore of the New York Yacht Club that gave him the ambition to boss the whole sea.

China is loudly protesting and talking of violated treaties, but Chinese exclusion will be continued all the same, and be extended to all our possessions.

An Associated Press man at Rome has "scooped" the U. S. government by announcing the arrival of a member of "the American mission of the Pope."

London preachers have so much trouble to fill their churches that some of them are holding "smoking services," at which men are permitted to smoke pipes or any old thing.

Admiral Dewey said, replying to the toast, "The Navy," at a banquet of the Sons of the Revolution: "Today the navy is composed of officers well fitted to sustain their nation's honor on the seas and of the finest body of seamen in the world."

Don't Start Wrong

Don't start the summer with ailing, cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "charges on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that I acted so safely and quickly. R. S. Knowlton.

Shot at Roseburg.

Roseburg, May 1.—Thomas C. Owens, aged 23 years, who lived at Myrtle creek was fatally shot here this morning by Policeman Frank Reed, and died within five hours.

Owens was heading his way on the train and was mistaken by Reed for the man who had stolen an overcoat at Eugene.

When ordered to stop he ran. Reed fired at the ground but the bullet glanced and struck Owens in the head, inflicting a fatal wound. Reed surrendered.

Miss Faith Stewart, a rescue worker among the denizens of slum Portland, is in a dying condition at her home, East Sixth and East Mill streets, as the result of a brutal and murderous assault made upon her last Sunday night by five men in the Bad Lands district. Since her terrible experience she has been only semi-conscious most of the time, and has suffered terrible agony. She can speak but a few words at a time. An attendant today said she was sinking rapidly. Her assailants have not been captured. The police are working on the case.

Lumber Mill Strikes Settled.

The difficulty between the Millmen's Union and Jones Lumber company has been settled. An adjustment was reached last night, Mr. Jones agreeing to recognize the union in the future. Practically all the demands set forth in yesterday's Telegram were acceded to, and this morning the mill was again running at full blast. Both sides report themselves satisfied with the outcome.—Telegram.

Like a Drowning Man

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nocona, Tex. "I took quantities of peppin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles an sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. R. S. Knowlton.

Tornado in Texas.

Dallas, Tex., April 28.—A telephone message from Morgan, Tex., says a tornado passed over Glenrose, a small town in Somerville County, between 5 and 6 o'clock this afternoon, killing five persons, injuring 40 more and demolishing much property.

ANNOUNCEMENT.

In another column of today's issue appears the advertisement of the wonder book of American publications—the acme of the compilers and printers' art, where mechanical excellence, literary perfection and the zenith of accuracy of detail are combined in a volume of over 600 pages that sells at the popular price of 25 cents.

We refer to the 1922 New York World Almanac and Encyclopedia, better known as "The Standard American Annual."

And so it is. It is more to Americans than is "Whittaker's" to the British.

By special arrangement with the publishers of the World Almanac we offer it in connection with one year's subscription to this paper at \$1.65.

The New Features enumerated in the advertisement published today are alone worth the price of the book. Besides the features announced there are more than 1,000 facts touched upon.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, CRYSTAL

ENTIRELY CURED OF DEAFNESS, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the hard noise would then cease, but the hearing of the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

WERMAN, 738 Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.

the Improved "Arlington" Sewing Machine

NEW HOME STYLE LATEST BEST CHEAPEST

Shipped to anyone, anywhere, on 10 day trial, free trial, in your own home, without asking one cent in advance.

10 years' written warranty with each machine.

A strictly high-grade Sewing Machine, finished in the best possible manner. It possesses all modern improvements, mechanical construction is such that it is combined with great strength, thus insuring ease of running, durability and long life.

It is possible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all kinds of material. Always ready for use and universal for speed, durability and quality of work. Notice the following points of superiority:

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold.

Higher Arm—space under the arm is 2 1/2 inches high and 9 inches long. This will admit the largest fabric, and even quilt. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Elasticity in design, open end, entirely self-threading, easy to put in or take out; button holds a large amount of thread. Stitch Regulator is on the head of the machine, beneath the fabric winder, and has a scale showing the number of stitches to the inch, and can be changed from 12 to 20 stitches to the inch. Feed is double and extends on both sides of needle, never fails to take needle through heavy stuff at same movement. It prevents the operator from winding too tight. Light Running—Machine is easy to run. Does not fatigue the operator. Needle is a straight, self-sharpening needle. Set on one side, and cannot be put in wrong. Needle Bar is reced, made of a hardened steel, with oil cup at the bottom to prevent oil from getting on the fabric. Adjustable Footings—All footings are case-hardened steel and easily adjusted with a screw driver. All footings can be taken up, and the machine will just as efficiently finish an extra set of attachments in a velvet lined metal box.
