The Coos Bay Railroad

Articles of incorporation of the Great Centrl Railroad Company were filed in the Multonomah County Clerk's office and with the Secretary of State yesterday by J. Thorburn Ross, John K. Kollock, and John E. Aitchison. The authorized capital is $10,000,000. The object of the corporation as announced is to acquire, construct and equip railroad, talagraph and telephone lines, together with convenient spurs, branch lines, cr aerial tramways as feeders in Oregon, Idaho and Utah, the termini of the main line being Salt Lake and a point on Coos Bay Oregon.

The new incorporation awakened considerable intrust in railroad circles and occasioned much speculation. Following so closely upon the publication of the story of J. B. Pengra's attempt to get a railroad line between Coos Bay and Salt Lake City, the immediate presumption was that this was the first formal move toward carrying out his scheme. This presumption was not borne out by Mr. Ross, who professed to have heard nothing of Pengra's enterprise. Mr. Ross says his dealings are entirly with Eastern men, but he would not say what reilroad influence, if any, they represented. The comment of a shrewd observer and man of experience in promoting development agencies ran in this wise:

"The manner in which this enterprise has been begun I think gives promise of results. If it were an empty promotion scheme, designed to draw money from the public, there would be hesitancy about exploiting it. But a company that really means buiness and is realy to carry out its plans without calling on the public to bear the burden can always do better by making its arangements before its plans are magnificently advertised. To my mind the interests behind these corporations are proceeding as if they ment to accomplish results. All preliminary matters have probably been settled as they could be up to this point. I rather expect to see something important develop on this line soon."

The opinion is freely expressed that the Salt Lake-Coos Bay scheme is supported by the Gould interests, and that the object is to get a Pacific outlet for the Missouri Pacific system .Through the recent acquisition of the Rio Grandes the Goulds get as far west as Salt Lake City, and the spanning of this gap from Salt Lake City to Coos Bay, as contemplated in the articles filed yestesday, would give the Missouri Pacific system command of the through route it so much desires, It is said that a survey has been made within the past year, and that somebody in the East has all the data necessary for proceeding with the construction of the railroad.

The name of Commissioner Herman, of the General Land Office, has been connected with the new project If this is the same project that Mr Pengra was promoting, Mr Herman is understood to have a quite prominent part in it He is a large owner of property in the Coos Bay country, and it is not deemed unlikley that he is interested in such a move for its development.

Coos Bay is one of the good harbors of the pacific. Vessels drawing 24 feet of water are said to have no trouble in crossing the bar, but extensive harbor improvements have been planned and would probably be carried out if the commerce of a great railroad were to seek an outlet there. There is plenty of room for wharves and an abundance of coal for fuel is at hand. Improvement of that port and development of the country to be penetrated by the proposed railroad would in nowise injure Portland, but would help this city through the quickening of the southern third of the state. —Oregonian.

Russian Peasants Orginaze Revolt.

Viena, May 7—Advices from St. Petersburg report a Peasant revolt in the district of Konstanti, Russia.

The rebels destroyed a hundred farms and threw one million pounds of sugar into the Dneiper river.

The troops engage the insurgents and seventy-six persons were killed and two hundred wonded. Subsequently the leaders were arrested and given three hundred strokes whith the knout. Thirty-six died from the flogging.

Spanish Nevy in a Scrap Pile

New York, May 6.— A representative of an American company has purchased the wrecks of the Spanish warship Almiranta Oquendo and Viscaya, and they will be broken up and sent to Philadelphia as scrap iron, says a Santigo, Cuba, dispatch to the Tribune. The vessels will yield about 30,000 tons, and the government will receive $1 a ton.

May Change Church Laws.

New York, May 1.—Deep interest has been aroused among the Methodist ministers of this city, by the recent meeting of ministers in Chicago, when it was urged that the church laws prohibiting dancing and kindred amusements ought to be modified to meet modern ideas of the people at large. That a large number of Methodist ministers of this city believe that the church laws against dancing, theaters, card playing, etc., do more harm than good, is apparent. There is a large number of the conservative element among the ministers, however, who think that a relaxation in church disciplin would work to the detriment of morals. Rev. C. L. Goodsell, of the Hanson Methodist church, in Brooklyn, said:

"I think the sentiment is such at present that a general conference might amend the chapter on amusements in the church law so as to eliminate the prohibition against such diversions as dancing and card playing, which can, of themselves, be conducted in the most innocent manner."

Several other ministers voiced similar expressions.

The Rural Northwest.

Owing to the fact that the eminent scientist, Dr. Koch, not long ago came to the conclusion that there is no evidence that the germs of tuberculosis can be transmitted from animals to man, there has been some tendency to relax the warfare waged against milk cows affected with tuberculosts. Some of our most eminent American specialists have not accepted Dr. Koch's conclusion. So many cases have been reported which tended to show that the germes do pass from animals to man and vice versa that extreme caution is the only safe rule to follow. In the dairy department of this issue we republis an article from a California paper which raises a strong presumption of the transmission of tuberculosis from a cow to human beings with fatal results. Not long ago Prof. Pernot of the Oregon Agricultural College reported a case which raised an equally strong presumption of the tuberculosis from human beings to fowls.

The Watsonville, Colo., correspondent of the Fruit World reports that there are 8441-2 acres of strawberries tribtary to Watsonville as a shipping point. The California Fruit Canners' Association tried to induce the growers to agree to consign all their fruit to four lading commission houses in San Francisco to be offered for sale with the minimum price of 21-2 cents pound, the surplus at the close of each day to go to the Canner's Association at 11-2 cents. As the growers would be out of pocket on all the berries that the commissioners would get under this proposition they declined to enter into the contract. There is talk of the growers establishing a cannery of their own at Watsonville.

Idaho newspapers report that Hon Edgar Wilson of Boise has sold his famous apple orchard to a company made up of New York fruit dealers who have organized under the name of the "Wilson Fruit Co." The price paid for the orchards was $19.000. It contained 2,600 Jonathan apple trees, 800 Rome Beauties, 700 Ben Davis and 300 winter pears. The company also bought from Mr. Wilson 312 acres of raw land, and have already planted winter apple trees on 8C acres of it.

A California orenge grower who has recently returned from Europe reports that he found California naval oranges selling at retail cheaper in northern Scotland than in New York. It is not uncommon to find articles of American origin selling cheaper in Europe than at home as a result of the much smaller margins made by merchants in Europe than by those in the United States.

Like a Drowning Man

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S Marsh, well-known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol I felt an improvement at once and after a few bottles am sound and well." Kodol is the onle preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. R. S. Knowlton,

Massachusetts has just fixed "old home week" by law, making it begin with the last Sunday in July of each year. Maine, New Hampshire, Vermont and New York have similar laws, the subject being to have all returned to the old home country at the same time so that there may be a general reunion.

The British war loan of $160,000,000 has been floated, the issue being over subscribed forty times, and $25,000,000 of it comes from America.

United States Commissioner of Patents Allen issued 764 patents for the week ending April 29th, the largest number in any one week since the foundation of the patent office.

Gen. Sir Robert Stewart, British officer in charge of mule purchases in this country, says: "Mules will continue to be shipped to South Africa as long as the 'almighty dollar' rules America."

The Baltic Mills Company, of Hartford, Connecticut, is being prosecuted by the government, under the law against the employment of alien contract labor, the offense being an advertisement for help in an English newspaper.

Governor Dole, of Hawaii says that white labor on the plantations of the islands is out of the question at present, and as the Porto Rican laborers have not provsd a success and Oriental labor is excluded, the labor situation is unsatisfactory.

Woman sued a London doctor because he had led her to acqure the morphine habit by prescribing the drug for medicinal purposes. The case was dismissed, the court holding that doctors cannot be held responsible for forming the habits of their patients.

The authorities at the National Zoological Park at Washington, D. C., have forbidden the feeding of peanuts to the animals. Unlimited peanuts have given the elephaut indigestion and all of the monkeys have been kept in a constant state of biliousness by the diet.

The Maryland legislature adjurned last week without passing the most essential piece of legislation before it, that of providing for the tax levy for the support of the government. As a result an extra session of two hours had to be called by the governor, and this correction of a simple oversight cost the state $12,000.

The closing of the great gambling resorts at Spa, Ostend and other places in Belgium points to a moral awakening in that country, as such institutions are not generally frowned on in Europe. The closing also means a large cut in the income of King Leopold as these resorts paid large bonuses into the private royal treasury.

President Roosevelt has asked for $40,000 to renovate the White House and the item has been added to the sundry civil bill. The East room will be brought up to date by making it "Colonial" and arranged so that it can be used as a state dining room. A full set of new china will be provided, the present service being made up of a lot of odds and ends.

England and Germany have lodged protests with this government against the Philippine tariff law allowing rebates on goods shipped to America, as it has the effect of bringing all Philippine hemp to this country, whereas large quantities formerly went to the two protesting nations, whose rope industry is now being destroyed.

Don't Start Wrong

Don't start the summer with alingering cough or cold. We all know what a "summer cold is". It's the hardest kind to cure. Often it "hargs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H "I never found anything else that acted so safely and quickly. R. S. Knowlton.

W. SINCLAIR.
Coquille, Oreg.

Can Spain Verify It?

Indianapolis, May 6.- Mrs. D. M. Parry, wife of President Parry, of National, Manufacturers' Association who recently returned from Cuba, in a paper read here before a local society yesterday, stated that the impession prevails at Havana that the United States government will not allow the wreck of the Maine to be raised for fear the claims of the Spahish that the explosion was from the inside will be verified. She said:

"The Spaniards always claimed that the magazine of the vessel exploded from some accidental cause and that the iron structure of the vessel would be found to be twisted outward, caused by the inside exploded foace. We never permited the Spaniards to participate in this investigation; though they begged to be allowed to join in the investigation that the honor of their nation might be shown to be guiltless of such an atrocious crime, this privilege was denied them.

"It is said that the Government has quite a knowledge of these facts, and rather than be placed in the humilliating position before the world of having b gun a war without cause, the Main will be permitted to remain at the bottom of Havana Harbor."

A university for women has been established in Japan. The three courses cover domestic science and Japanese and English literature. In the boarding department the girls live in clubs and take turs cooking, etc.

ANNOUNCEMENT.

In another column of today's issue appears the advertisement of the wonder book of American publications—of the achme of the compilers' and printers' art, where mechanical excellence, literary perfection and the zenith of accuracy of detail are combined in a volume of over 60 pages that sells at the popular price of 25 cents.

We refer to the 1902 New York World Almanac and Encyclopedia, better known as "The Standard American Annual."

And so it is. It is more to Americans than is "Whittaker's" to the British

By special arrangement with the publishers of the World Almanac we offer it in connection with one year's subscription to this paper at $1.65.

The New Features enumerated in the advertisement published today are alone worth the price of the book. Besides the features announced there are more than 1,000 facts touched upon.

Read the announcement and send in your subscription.

STATE OF OHIO, CITY OF TOLEDO, } ss
LUCAS COUNTY,

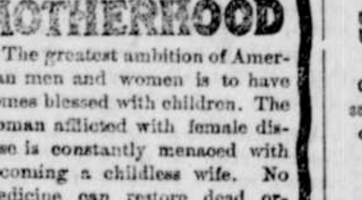
Sold by Druggists. 75c.
Hall's Family Pills are the best.



MOTHERHOOD
The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.
WINE OF CARDUI
148 Market street,
Memphis, Tenn., April 14, 1901.
In February, 1901, I took one bottle of Wine of Cardui and one package of Thedford's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again. Mrs. J. W. C. SMITH.
For advice and literature, address, giving symptoms, "The Ladies' Advisory Department", The Chattanooga Medicine Company, Chattanooga, Tenn.

ARE YOU DEAF?

ANY HEAD NOISES?
ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:
BALTIMORE, Md., March 30, 1901.
Gentlemen: — Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation.
Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.

A $65.00 Machine For $18.50
Cash with Order and Coupon
The Improved New High-Arm "Arlington" Self-Threading Sewing Machine
NEW HOME STYLE LATEST BEST CHEAPEST

$19.50 AND Coupon, if sent C. O. D. or on trial
STYLE No. 55. "ARLINGTON."
Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.
10 years' written warranty with each machine.
A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority:
The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—space under the arm is 5½ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ⅞ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.
DON'T PAY HIGH PRICES FOR SEWING MACHINES BUY DIRECTLY OF MANUFACTURERS AND SAVE AGENT'S AND DEALER'S PROFITS
OUR GREAT OFFER. $[illegible] is our Special Wholesale Price, but in order to introduce this [illegible] sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered.
