He is setting this feature of the art down to perfection, and spares no pains in seeking the most beautiful views of our county for his subjects.

The Pending Deal

M. J. Kinney, an Astoria capitalist, accompanied by T. V. Ward of Michigan, arrived on Coos bay Monday morning and were in Marshfield with R. E. Shine, manager of the Southern Oregon Co., Monday afternoon. It is generally understood that these gentlemen are at the head of the corporation that has an option on the S. O. Co's property in this county. They both express themselves as being favorably impressed by Coos bay but declined to make any statement for publication in regard to their business here.

Mr. Kinney at one time owned the M. J. Kinney cannery at Astoria, which was, before it burned about six years ago the largest salmon cannery in the world. He also owns the controlling interest in the Clatsop Mill Co. at Astoria.

He left Marshfield on the Flyer Monday on his way back to Astoria. Mr. Ward expects to remain in Coos county about a month looking over the situation here.

The citizens of Empire City are in a very cheerful frame of mind over the prospects that the big mill may pass into the hands of people who will operate it. It will be a good thing, not only for Empire but for the whole bay, if the S. O. Co. sells out to some one who will do something with the property.—Mail

Wants Others to Know "I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. Dangerous if Neglected Burns, cuts, and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Which Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Which Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hart, Yanketown, Ind. "After using many remedies, I tried DeWitt's Which Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. R. S. Knowlton.

Ed. HERALD: The roads are still down side up and are yet very much in need of that much-talked-of plank. What will the people do for better roads? The county court can't and won't get out and make good roads, nor will they advance their theory upon which to build, nor even comply with the wishes of the people in purchasing a portable mill and planking the level mudholes. Don't it make an eastern man smile to start out north from Myrtle Point? I should say so. What did he say? Why, he said "those Oregon mossbacks haven't got git-up enough about them to make good roads. They have traveled in the old rut so long they don't feel the need of good roads."

To build roads is the only way we can ever have an outlet, and to have roads they will not volunteer and do. Last Monday W. T. Brady, after telling the people we would meet at J. P. Taylor's and volunteer and fix a bad piece of road, Brady told me yesterday that not one man showed up, and it was a pleasant day, too. "People will talk, you know," but talk don't build roads. Pass a law for a 10-mill road tax and then do.

Rev. Scott came up to Dora from Myrtle Point and preached Grand-ma Seaford's funeral sermon at the Doracemetery on Tuesday, April 29. Minar! & Fulsom and Daniel Miller rafted quite a lot of logs down to the mills on the last rise in the river.

Mollie Caldwell came up and opened school at Pleasant Hill on the 5th. Minnie McCloskey also commenced a term at Gravel Ford on the same date.

They docked at Dean & Co's wharf where they will take on board the boiler and machinery for the boat, which was brought down by the alliance. A lot of groceries and other freight for Rogue river will be taken on board, when the boats will proceed to their destination. It is not a very safe looking outfit to go to sea with but we suppose the men understand their business.—Daily Coast Mail.

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions. The Commoner's regular subscription price is \$1 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the HERALD together for one year for \$2.
