She was lying at the dock and at high tide her gunwale caught on top of a short pile, and as the tide went down she tilted, filled with water and went down. She has been raised and is ready for her trips as good as ever. Dr. J. W. The Coquille creamery had its pay day for April to day. About one thousand dollars were disbursed among its patrons. This price paid for butter fat, and are making about 600 pounds of fine butter for day. This is the largest amount of milk and best price ever paid at this season of the year. The number of patrons at present is forty, twenty-seven of whom have separators and deliver cream instead of milk. These speak well for the new management.

Death of Nolan Ingram. Died at his home near Gravel Ford 11:30 P. M. Monday, May 12 Nolan Ingram aged 29 years, 5 months and 4 days of the dread disease consumption. Airey at the North fork church and the interment was made in the cemetery at that place. Gravel Ford loses one of its best young men who will be sadly missed at home and in our community. We may sleep, but not forever. There will be a glorious dawn; We shall meet to part, no never. On the resurrection morn. From the deepest caves of ocean, From the desert and the plain, From the valley and the mountain, Countless throngs shall rise again. We may sleep, but not forever. In the lone and silent grave, Blessed be the Lord that taketh, Blessed be the Lord that giveth. In the bright, eternal city, Death can never sever come; In his own good time he'll call us. The house was well filled and all duly appreciated the performance. The cash-draw was something most beautiful as well as the tableau, while the Spinsters Convention was presented in a most laughable manner. The Rebeccas always do what they undertake in good shape and we will look forward to the time when they come again. Attention Comrades. Memorial Service, at the M. E. Church; Coquille City, May 25th 1902 Sarmon by Comrade A. Dahuff. Text Jeremiah 47:6. 7. Every body welcome. Wont Follow Advice After Paying For It. In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by R. S. Knowlton.

Standon Recorder. Charles Hall, of Marshfield was in town Sunday. He took the south bound stage for Rogue River Monday where he has gone to take charge of construction work on a sawmill. Lee Barrows, of Bullards, was in town Saturday with a smile on his face something after the pattern of the main sheet of canyas on a schooner. We were at a loss to account for the pleasant expansion until Lee remarked that it was a boy born May 9th. Captain Burns with his force of men succeeded in moving the Baroda about 35 feet further seaward Monday night but no progress was made the following night. It is not likely that further progress will be made until the moon tides of next week, and possibly not before the new moon tides June 6th. Captain Burns thinks that if another 35 feet is once gained that he will then be ready to have the tugs again with good chances of success. "A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Haller, of Mt. Crawford, Va. This Remedy is for sale by R. S. Knowlton.
