Schroeder's Shinglemill Burned. The shinglemill of W. H. Schroeder, of Arago, which was just recently rebuilt, has again been consumed by fire. The mill had only been running a short time, having sawed but about 300,000 shingles, when on Saturday night, by some mysterious manner it was set on fire and was beyond control when discovered. There is evidence which points to incendiarism in this as well as the former burning of the mill and the store, the three fires having occurred within a year. This is certainly a deplorable state of affairs and an effort to capture the culprit should be made. E. C. Whitley, of Fairview, was among our business visitors yesterday. We thought last week that the prospects were good for the steamer Dispatch to gain a new mate in addition to her crew, but from present indications it would seem she lost the old one instead. George Miller, of the North Fork, came down Friday with a wagon load of produce. He informed us of a mishap which occurred on the way down. As he was coming over the North Fork-Norway road he met Miss Chandler's horse on horseback, on one of the narrow grades, and as she was turning toward the edge of the grade, he having stopped his team as close to the hill as he could get, the young lady's horse lost his footing and went over the grade, falling about 30 feet. Luckily for the young lady, she struck the branches of a myrtle tree which separated her from the horse, causing her to fall clear of the animal and doubtless prevented her being crushed. The animal was considerably bruised and lame, but Miss Chandler seemed at the time to be entirely uninjured. The finest strawberries at Rich's on Tuesdays, Thursdays and Saturdays. They are choice.
