Tongue Pleased Beyond Expression.

At the close of the recent session of congress Representative Tongue said:

"I am pleased beyond expression at the accomplishments of this session. The final enactment of the Indian war veteran bill, for which I have been working ever since I took my seat, is particularly gratifying. The creation of the Crater Lake National Park, another problem of long standing, was also accomplished after hard work. Oregon, I believe, fared as well in the river and harbor bill as any state in proportion. The permanent improvement of the mouth of the Columbia, and more particularly the opening of the Upper Columbia, are matters for congratulation. Other matters of local interest, coupled with the passage of the irrigation bill, the isthmian canal bill and the Chinese excusion act give our people much to be thankful for".

Another Battle With Officers.

Seattle, July 4.—Tracey the fugitive convict-murderer, yesterday killed Deputy Sheriff Raymond, Policeman E. E Breese, and wounded Deputy Sheriff Jack Williams, and Guard Neill Rawley. The latter died this morning.

For the first time since his outbreak at the Oregon Penitentury, Tracey came face to face with his pursuers yesterday, and the result was two men killed and two wounded, one of whom died this morning. The convict was engaged in two battles during the day, and each was attended with bloodshot and disaster. The entire community here is aroused, and every effort will be made today to eradicate this bloodthirsty brute from the face of the earth. Conditions have come to such a pass that Sheriff Cudihee has felt it necessary to request Governor McBride to call out the militia.

There was a very enjoyable celebration took place at Riverton on on the 4th, the people of that place showing the true patriotic American spirit in the right way. Rev. F. M. Sanderlin, of Bandon was the orator of the day while Dr. F. G. Kelly read the Declaration of Independence. Owing to the dampness in the grove resulting from the recent mists, the exercises were held in the church building, while the bountiful dinner was spread in the school-house, where a grand repast was enjoyed by a large crowd. Everything passed off exceedingly pleasantly, there being nothing of any kind to mar the pleasantness of the occasion, there not being no intoxicated person on the grounds, a thing that would, if truthfully said, be a credit to any community

Road Supervisor T. S. Evernden, of the Middle Fork, is doing some of the finest road work at the present time that has ever been put on this road at any point. He is throwing up the grades in a shape to throw off the water, and is putting in drains and culverts to take the water away as it runs off the road, and those supposed-to-be formidable mudholes have been cleaned out, good rock filling put in and a smooth dressing of gravel put on top, making this piece of road something like it should be. There is no question but this could be done with a great portion of Coos county's roads at a for less cost than we imagine, making travel possible at all seasons of the year.

Smoke helmets, constructed like the helmets worn by divers and supplied with air from a pump, recently proved a great success in Liverpool. Firemen wearing them and armed wit electric torches were able to enter a basement filled with flame and smoke and extinguish what promised to prove a disastrous conflagation.

The expert accountants of the Treasury recently completed the examination of the accounts of Disbursing Officer Geo. W. Evans of the Department of Interior. The examination revealed the fact that Mr Evans had disbursed in the past eighteen years, $176,000,000 without the loss of one cent to either the government or himself.

A French artillery officer has invented an appliance which, when applied to a rifle or rapid firing cannon, will entirely eliminate the sound, flash and smoke even of black powder. authorities say that the general use of the appliance will still further revolutionize modern warfare.

Columbia University has established a chair of Chinese, although Minister Wu does not occupy it, as it was rumored he would It is be believed that the acquirement of this Oriental language will prove invaluable to men seeking the Chinese trade.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies" Mr. Kelly is a well known citizen of Henderson, N. C. For sale by R. S. Knowlton.
