

Things that Must be Destroyed.

Considerable complaint comes from the upper river to the effect there are thistles growing in different portions of that section of the county that should by all means be destroyed. Following are sections one and two of the late road laws of Oregon bearing upon this subject which should be thoroughly understood by those on whose places these weeds are getting a hold and also each and every road supervisor in whose district they are liable to be found:

It shall be the duty of each road supervisor in each road district, in addition to the duties heretofore prescribed by law to ascertain from time to time and know whether or not there is in his district any weed known as the "Russian thistle," or the "Chinese thistle," or he shall, as he ascertains that there is any of such weeds, and before any thereof has shed its bloom or commenced to form the seed, notify the county judge of the county in which his district is situated, in writing, of the existence of such weed, and in a similar manner notify the owner or occupant of the premises upon which said weeds of thistles may be.

If such owner or occupant shall fail or refuse to destroy such weed, after being notified by the road supervisor of the existence of such weeds upon his land, then it shall be the duty of such road supervisor to go upon said land, calling to his assistance such help as he may deem necessary, and cause said weed to be extirpated from said land in the manner which to him seems the most effective and that will destroy said weed and its seed and prevent the same from in any way spreading to any adjoining lands. Upon the completion of said work, the road supervisor shall file with the county clerk an itemized statement of the expense of destroying said weed, verified by his oath, and when said statement is filed, the county clerk shall cause the same to be entered upon a lien docket prepared for that purpose, and the amount of said charges and expenses when so docketed shall constitute a first lien, prior and superior to all other liens and charges upon said lands or premises, except taxes. If said charges and expenses are not paid, and said lien discharged by the owner or occupant of said lands within six months after the same is docketed, it shall be the duty of the district attorney of the district in which said county is situated to bring a suit in the name of the county for the foreclosure of said lien; and the lands affected thereby shall be sold under execution for the payment and satisfaction of said charges and expenses, and of said lien and all charges touching the same.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger or serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. R. S. Knowlton.

Murdered By Brute in Human Form.

One of the most fiendish crimes ever perpetrated in Portland was committed last evening at Fifth and Flinders streets when A. L. Belding deliberately murdered his own wife, Frank Woodward, a bartender known as "Gyy," and Mrs. L. McCroskey.

Belding, after committing the fiendish murder, surrendered to the police and is now locked in a dark cell in the city jail. The brutal murder is said by Belding to have been caused by alleged illicit relations of Frank Woodward with Mrs. Belding who was staying in the house. The murderer offers no other excuse for his terrible crime, except to add that he had trouble with the whole family.

The entire family of F. Long, the saddler, were taken to Roseburg by R. J. Dean and Perry Robinson last week. They go to California for residence.

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try to Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring your stomach. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. R. S. Knowlton.

Poisoning in the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevents this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. R. S. Knowlton.
