LOCAL ITEMS.

Golden Crown at Perry's store. W. J. Lichty, of Lee, was down Wednesday. Dominick Biaska, of Arago, made us a call on Wednesday. T. W. Clark, of the Bandon Woolen Mill, made our city a between-boats visit on Wednesday. Mr. and Mrs. M. H. Tyrrell, of Arago, were in town shopping Wednesday. Uncle John Hamblock, of near Parkersburg, was up to town Wednesday. Anyone in need of the services of a first class printer will do well to drop a line to M. G. Pohl, Myrtle Point. Miss Anna Clausen of near Riverton, who has been in California for some time, returned by the last Mandalay. Two nice safes came up from the city by the last Mandalay, one being for our druggist, R. S. Knowlton and the other Perry's Store. Hundreds of satisfied patrons testify to the superior fitting of spectacles. Write. I will call M. G. Pohl, the Myrtle Point Optician. Capt. Thomas White, of the Dispatch, is up from his late tussle with the pneumonia, and made friends of the upper river a visit last week. P. Hazeltin, formerly of near Riverton, returned by the last Mandalay from a sojourn in California. He has not as yet got located. H. H. Stauffer, one of northern Curry's enterprising wool and mohair growers, spent several days in town last week. We acknowledge a very pleasant call. W. A. Goodman, the house mover and foundation repairer, is finding plenty to do of late, having set the M. E. church, South, over on a new foundation and since has raised the Lone Star and placed new under-pinning under it. R. E. L. Bedillion, of the Tupper House, at Bandon, went to Marshfield Monday of last week to meet Mrs. Bedillion as she returned by steamer from a visit to San Francisco. They passed through town Wednesday, on their way home. L. A. Lee, son of Mr. and Mrs. J. F. Lee, of Riverton, who arrived from an extended trip to Alaska recently, was up to town Wednesday. He is enjoying an exceedingly pleasant visit with the folks at home, his sister, Mrs. James Martin, of California, incidentally dropping in on the old folks at home at the same time. James Whetstone, of this city, who has held the position as filer at the Bay City mill for several months past, came over Tuesday and made his family a visit previous to starting to San Francisco for medical treatment, having been suffering internal disorder for some time. We understand a surgical operation may be necessary. We sincerely hope he may be successful in securing permanent relief. WANTED 5 YOUNG MEN from Coos county at once to prepare for positions in the Government service—Railway Mail Clerks, Letter Carriers, Custom House and Departmental Clerks, etc. Apply to inter-State Corres. Inst., Cedar Rapids, Iowa.

Look Out For Fever. Biliousness and liver disorders at this season may be prevented by cleansing the system with DeWitt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. R. S. Knowlton.

Lady Henry Somerset, who is to the work of temperance in England what Miss Willard was to it in the United States for many years, is now on a visit to this country in this interest. She has a warm personal following, and her meetings are crowded. Yet the truth is that temperance work is no longer following in the channels dredged by the eloquence of John B. Gough and kept open by the vigorous methods of Frances E. Willard. It has drifted into industrial channels, and has there made a bold stand against inebriety. Total abstinence is required by many railroad companies and manufacturers as essential to their services, while others make dram-drinking while on duty cause for peremptory dismissal. The old methods of whooping up the public at open temperance meetings, the organization of lodges under various names, with the total abstinence pledge as a condition of membership, temperance lectures, were useful, and, indeed, powerful promoters of temperance in their day. But they have been succeeded by the practical trend of affairs that makes it impossible for drinking men to hold responsible positions in modern industrial and transportation business. The falling off in attendance upon the old means of temperance advancement does not betoken indifference to temperance principles or political collusion with the liquor traffic. It merely indicates a shifting of the forces that make for sobriety.—Oregonian.

During their several years residence in the Coquille City, Merchant and Mrs. Pierce were regarded as being among our very best people, and Coquille residents will find them a valuable acquisition to their population. Mr. Pierce is a live, energetic and with all, a thorough reliable business man, progressive and public spirited, and one whom it is a pleasure for us to recommend to our neighbors of the north. He and Mrs. Pierce will always be found ready to write in any and every move for the benefit and advancement of the city of their abode, and are just the kind of folks who very soon gain for themselves an enviable position in any community where they choose to locate.—Ferndale Calif. Enterprise.

The problem of forest preservation is one of the most important with which we have to deal. The continued fertility of our farm lands depends directly upon the conservation of the forests, and the wasteful methods of the average lumberman, of the pulp mills and the necessities of the present coal famine do not help matters in the least.

The Agricultural Department is introducing new and useful plants into this country all the time. At present much attention is given to plants adapted to the arid sections of the west, and date palms, bamboo, Egyptian cotton—"real mace" as the advertisers say—and a species of alfalfa that it is hoped will grow in alkaline soil, are receiving attention.

Forty Year's Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds and skin diseases. Beware of counterfeits. R. S. Knowlton.

There is more catarrh in this section of the country than all other diseases and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials Address, F. J.
