Mr. Mulkey is introducing a strong commercial course in this school, of which several of our young people are taking advantage, and the progress they are making would do credit to an institution of learning in a large city and of many years' experience. Mr. Mulkey is an adept at instructing along this line, and while the school is not crowded, it is able to give more time and greater attention than if the school were crowded. There are a number of young men and ladies in this section who should by all means, embrace this opportunity to properly prepare themselves for a future business life.

Halloween passed off very nicely in this city, the boys not being very ostentatious in their pranks. Two practical jokes were played, one being on our city marshal. Early in the evening while Marshall Goodman was down town a gang of small boys were near his home a lady slipped out of his house and kindly asked the boys to desist from making so much noise, as Mrs. Goodman was not well and it would disturb her, whereupon they hurried to town and told Lee his wife was very ill and he lost no time in hurrying the doctor to his residence, to find that he was subject of a joke. Then a little later a young man gave a lot of boys a pointer as to where a good opportunity awaited them. While they were arranging for the fun he prepared himself with a shot gun, heavily loaded with blanks, and about the time the boys got well under way at their funny business he opened fire, and great was the scrambling getting out of the way.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

The entertainment given on Saturday evening in this city for the benefit of Miss Edna Alford proved a grand success in every particular. The amount raised for her was \$160.40 above all expenses. A portion of this was placed in her hands, and the balance forwarded to the head banker, Women of Woodcraft, at Portland, with instructions that it be turned over to her when needed. The Circle took an active part in this matter and did themselves proud in behalf of one who was in need of immediate help. Miss Alford started for Portland yesterday, accompanied by J. W.
