Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. EILERS PIANO HOUSE

THESE ARE THE HOUSES EILERS BUILT.

The Chickering, of Boston
The Weber, of New York
The Kimball, of Chicago.

THESE ARE THE PIANOS THAT EILERS BUILT THESE HOUSES WITH.

Not, however, the only pianos; there are some twenty-five different pianos for sale at the houses that Eilers built, all of them of sterling, substantial merit and all of them guaranteed by us. Among them are the Hobart M. Cable, the Hazeltine, the many toned Crown, the Vose, the Emerson, and many others, every one a first class make. Further, we sell pianos cheaper and on better terms than any other house in the Northwest, because, having these four houses that we have built up by industry and fair dealing, we handle pianos in immense quantities and therefore receive concessions that house doing a small business cannot, and these advantages we offer to you in the shape of lower prices on high grade instruments than any other house can.
