How to Prevent Croup.

It will be good news to the mothers of children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy free as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant to take. For sale by R. S. Knowlton.

SPECIAL OFFER

Two Papers for The Price of One

Young People's Weekly

The leading young people's paper in America containing each week from eight to twelve pages of four broad columns each, all beautifully illustrated with original and artistic half-tone engravings, in black and colors.

YOUNG PEOPLE'S WEEKLY has reached its marvelous success and attained a circulation of over 210,000 copies a week, because its contents interest young readers. Its popularity extends to thoughtful parents who recognize in it one of the best aids in keeping young folks in healthy touch with the active world, giving them a taste for clean, vigorous reading, and presenting truths in their most attractive form.

Its fiction is wholesome, its comment on current events is helpful to young people, its editorials are inspiring. All its departments are conducted in a way that has proved most helpful to their readers. All its writers are skilled in interesting and devoted to uplifting young people.

YOUNG PEOPLE'S WEEKLY is also a paper for the family, and interesting to old and young alike. It is the largest, handsomest and best paper of its class published.

OUR SPECIAL OFFER.

Arrangements have been perfected between the publishers of Young People's Weekly and Herald which enable us to offer both papers at the price of the one named alone. Send us \$1.50 for one year's subscription to the Herald and both it and YOUNG PEOPLE'S WEEKLY will be mailed to you regularly for 52 consecutive weeks. This offer applies to both new subscribers and present subscribers who renew their subscriptions before February 1, 1903, paying for same a full year in advance at regular rates.

Are you aware there has been a marked growth, not only in Coquille City, but in the whole Coquille Valley during the past year? Yes. Then why not purchase property and get the benefit of the raise in values? Before buying it will pay you to investigate my list. R. D. Sanford, Coquille Oregon.

Dr. G. D. Elgin and Uncle Bob Lowe came down out of the mines in the mountains of Curry county to Myrtle Point on Wednesday. Uncle Bob, while yet very tottery from his stroke of paralysis, is in good health, while the doctor is "just as young as he used to be."

George Hall, present owner of the Divulbia and other valuable claims in that locality, came down out of the mountains on Thursday. He reports everything moving along in good shape. He is running his live-stamp mill regularly right along on ore that is paying about \$20 per ton, and working eleven men.

The Commoner (MR. BRYAN'S PAPER)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the HERALD together for one year for \$2. The regular subscription price of the two papers when subscribed for separately is \$2.50.

A Magazine Thirty Years Old—The Christmas (December) Number of THE DELINEATOR is also the Thirtieth Anniversary Number.

To do justice to this number, which for beauty and utility touches the highest mark, it would be necessary to print the entire list of contents. It is sufficient to state that in it the best modern writers and artists are generously represented. The book contains over 230 pages, with 34 full-page illustrations, of which 20 are in two or more colors. The magnitude of this December number, for which 728 tons of paper and six tons of ink have been used, may be understood from the fact that 91 presses running 14 hours a day, have been required to print it; the binding alone of the edition of 915,000 copies representing over 20,000,000 sections which had to be gathered individually by human hands.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and get the best. It always cures. For sale by R. S. Knowlton.
