While going to Port Orford on the Copper Queen Monday evening Thomas O'Toole, the engineer, had quite a close call. The sea being rough all the hatches and port holes were necessarily closed and Thomas being down in the engine room lay down on the bunk, and was almost asphyxiated with gas from the engine and was unconscious when discovered by Capt. Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering, than any other medicine in use. It can always be depended upon. For sale by R. S. Knowlton.

The labor problem deserves more careful study than most people are willing to give it. The fearful economic waste engendered by the rapidly increasing number of strikes would bankrupt a nation less wealthy than the United States.

Drain Normal.

The third commencement of the Normal under the present management occurs Thursday, June 11th. The year has been the most prosperous of the three, and the attendance the best.

In February we sent a large class before the county board of examiners, all of whom passed with good margins. One state certificate resulted.

Calls for teachers have been greater than before and have far exceeded the supply.

The review class will be continued; it has been a boon to many.

We have a business course unsurpassed in the state. It is fascinating, thorough, and practical.

Our graduates succeed as teachers.

Every department of work is strong, and our students are of the best.

Drain is still a state school, supported by state appropriation, issuing diplomas that have a meaning in Oregon. No sham work is done. For information address J. H. Oacutt, President.

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy. Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change, and after using two bottles of the twenty-five cent size, was permanently cured." Sold by R. S. Knowlton.

\$10,000.00 TO BE DISTRIBUTED.

The St. Louis Republic Offers Fourteen Splendid Rewards to Subscribers.

An interesting announcement appears in that great metropolitan newspaper, The St. Louis Republic, in the form of a profit sharing offer to any one now a subscriber or willing to become a subscriber of The Republic. A big sum of \$10,000.00 is to be paid in rewards for good judgment and skill. It is possible to earn all the way from \$10.00 up to \$5,000.00.

The Republic's subscribers are invited to estimate upon the number of admissions to the World's Fair grounds upon the occasion of the grand dedicatory ceremonies, April 30, 1903, of the Louisiana Purchase Exposition. The subscriber whose estimate comes nearest the official record will receive \$5,000.00; the next one will get \$2,500.00, and an additional sum of \$2,500.00 will be divided in rewards ranging from \$1,000.00 down to \$10.00, among those whose estimates most nearly approximate the official record of admissions. More estimates may be made by extending a subscription beyond one year, or organizing clubs and inducing others to subscribe.

Complete information as to the conditions of this contest, together with blanks will be found in the Daily, Sunday and Twice-a-week editions of The Republic from April 2 until April 29, 1903, or will be mailed to any one upon application.
