

A Menace to Shipping.

There is being a great deal said and rightfully too, against the practice of rafting logs from port to port on the high seas.

Several days ago we had the pleasure of an interview with Alfred McNevin of San Francisco, Cal., secretary of the American Association of Licensed Officers of Sailing Vessels.

While it is a fact that a few rafts have reached their destinations in safety, it is also a fact that a number have gone to grief and the logs scattered broadcast over the seas.

A. M. Crawford, the attorney-general of the state of Oregon, will be formally charged before the State Bar Association with the crime of perjury, and that body will be asked to take steps to have him disbarred.

The private secretary is a power for good or evil. Mr. Loeb, secretary to the President, recently placed Mr. Roosevelt in a most embarrassing position with regard to the Seawanhaka Yacht Club dinner.

The trans-continental railroad lobby is still doing effective work at Bogota. If they can defeat the Panama canal treaty they will prevent water competition and a consequent reduction of trans-continental freight rates.

The Pennsylvania railroad is cheerfully spending \$3,500,000 to construct a bridge across the Delaware at Trenton, which will save twenty minutes in the running time between New York and Philadelphia.

After reading the terms Columbia proposes for the Panama canal zone, one wonders why she did not ask for the state of New York, or some other trifle, as compensation.

Why don't Mr. Bryan go to the Philippines. He helped ratify the treaty purchasing the islands and now 10,000,000 standard silver dollars have been shipped to Manila.

The officers of the Census Bureau are going to appeal to all state legislatures to pass a uniform bill compelling the proper recording of deaths and births.

Alliance's Close Call.

The steamer Alliance which sailed for Portland Wednesday evening, returned Thursday in a leaking condition from the effects of striking white crossing out over the bar.

The steamer started out 6:30 p.m. It was foggy, the tide was running out and it was nearly low water.

At this point it is necessary to keep close in to the line of the submerged end of the trestle work which still stands.

It was too thick to distinguish the line of the jetty which usually serves as a guide, and the black buoy being gone it was difficult to get exact bearings.

She was held on her course and crossed out over the bar, when she was discovered to be leaking. The pumps handled the water without trouble, but Captain Hardwick thought it best to put back and ascertain the extent of his damages.

Here a lot of her freight was taken off. She will be loaded down by the head and taken to the beach near North Bend, where her stern will be placed as far up on the beach as possible.

There were about 90 passengers aboard and the conditions were all there for the worst disaster ever witnessed at the bar.

Closed.

The evangelistic meetings held at the Christian church by Evangelist Holmes and Handsaker, closed on Sunday night with a good audience. Mr. Holmes is a strong preacher, and the singing of Mr. Handsaker is first class.

The Southern Oregon State Normal School begins this year's work September 16th. A large working library has been added; the physical and chemical laboratory has been fully equipped; a new gymnasium building is being erected, and a large and handsome school building is nearing completion.

Don't think because your feathers are new that they are pure and clean. There is no time when they contain more animal matter or are quite so liable to microb organisms and impurities generally than when new.

SPECIAL OFFER

Two Papers for The Price of One

The leading young people's paper in America, containing each week from eight to twelve pages of four broad columns each, all beautifully illustrated with original and artistic half-tone engravings, in black and color.

Arrangements have been perfected between the publishers of Youth's Weekly and Herald which enable us to offer both papers at the price of the last named alone.

Coos Bay News.

The schooner C. A. Klose lately sailed from the Sinslaw with a cargo of 600,000 feet of lumber.

Marshal Nay, of Kentock slough is expected home from Alaska about the end of the month.

One of the Wickham boys caught eleven silversides, while trolling at the mouth of the Slough yesterday.

A vessel is expected at the Beaver Hill banks, in the near future, to load 500 tons of coal for a firm in Eureka.

C. D. McFarlin, of North slough, was in town Saturday. He has a good crop of cranberries this year, and will commence picking in a few days.

Among the sales of horses at Salem on Thursday last, we notice that W. McMullen, of South slough sold Grande Ronde to S. F. Williams for \$300.

Henry Laird came in from Eugene yesterday, via Loon Lake and Alleghany. He says the railroad surveyors are making good progress on the Umpqua, and the manner in which the work is being done indicates that the company backing them means business.

Attention! Singers.

All singers of Coquille are requested to meet at the Presbyterian church next Friday, October 2, 8 p. m., for the purpose of organizing a choral union. This is not a church, but a public association and all singers are invited to join the union.

Distress After Eating Cured. Judge W. F. Holland, of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so, and my nights were restless. I concluded to try Kodol Dyspepsia Cure, and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by R. S. Knowlton.

C. C. A. Notes.

One week more and school opens in the Academy. We confidently hope for a good opening. Everything indicates as much up to date. Last year we had Everett Hatcher and a little sister. This year we have promise of five from the same family. This is true in a measure of other families who were represented last year.

The painting has now been nearly completed. Only a few days are necessary to complete it. The roof has been repaired and we hope to be rid of any further trouble in the line of leaky roofs. The foundation has been straightened up and new steps will be added to the main entrance.

Word just received from Miss Lauterette hints that she may not be present the first day, but will arrive as early thereafter as possible. Her work in the music department will be awaited with much interest. Those interested in her line of work will have the kindness to wait a short while. You may however make your wishes known to the superintendent, or ask any questions as you like. As far as possible we shall be pleased to give the desired information.

Parents interested in the work of any grade whatever need not hesitate to inquire about the course of study. We may have all the grades from the primary up. If necessary we shall place a teacher over the first seven grades. We have an excellent teacher in view should this become necessary. We also know of a good place for a young lady to work for her board. Whoever wants such an opportunity should apply at once as such openings are few in number.

We also have rooms both furnished and unfurnished to rent to such as wish to board themselves. Only a few such are in sight so persons interested should make their wants known soon.

A few persons also have applied for boarders male or female. We now hope to be able to accommodate all who apply.

These notes are the last that will reach the reader until the school has opened its doors. Until then we request those who are thinking of coming to think fast. School will keep whether you come or not but the "more the merrier." We may also say the more the better work will be done.

Several of our fellow townsmen have kindly assisted us in painting the building. They have our thanks. There are a few citizens we have not yet solicited but we hope we shall not slight them. We also thank them in advance. Every dollar wisely expended in beautifying school buildings enhances the value of every species of property in the town. It is a plain business proposition that money thus given is not thrown away. We hope by another issue to name one or more speakers for our contemplated lectureship. We hope to make this a profitable feature this year.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There is nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism, and Neuralgia and expels Malaria germs. Only 50c and satisfaction guaranteed by R. S. Knowlton, Druggist.

Soldiers Subject to Aches and Pains.

I Have My Share—I Find Relief in

Dr. Miles' Anti-Pain Pills and Nerveine.

"I can cheerfully recommend Dr. Miles' Anti-Pain Pills as first-class in every respect. They have done wonders for me. I was a soldier in the late war and an subject to and have my share of the aches and pains from the hardship that usually falls to the lot of the soldiers who saw service. Anti-Pain Pills never fail to relieve the rheumatic twinges, headache or other pains. A number of old comrades in this vicinity who have used Dr. Miles' Restorative Tonic, Nerveine and Nerve and Liver Pills speak highly of their virtues in every respect. My health is greatly improved, thanks to your Restorative Nerveine, with the exception of an old wound which troubles me somewhat." -TIMOTHY J. LYNETT, 4th Regt. Maryland Vol. Inf., The Dallas, Texas.

Rheumatic twinges, headache, and the pains of a disordered stomach are frequent reminders of the strain and hardships of an army campaign. In all such cases the nerves are affected too seriously to right themselves, and prompt treatment is necessary. The best treatment consists of Dr. Miles' Restorative Nerveine, which restores vitality to the nerves and helps them to throw off various disorders which bring about pain and suffering. There is nothing so good for the stomach and bowels as Dr. Miles' Nerve and Liver Pills. They act directly upon the nerves of the digestive organs, specially restoring them to normal activity. All druggists sell and guarantee first-class Dr. Miles' Remedy. Send for free book on Nerve and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Dr. John L. Kellett, President and manager of the California Co-operative Medical Co., arrived from the north via Roseburg on Sunday evening on his return to Eureka, California. The Dr. had with him over \$2000 of orders for his medicines, and reports everything in a flourishing condition with the company, and the prospects are good for large dividends in the future.

The entertainment given last Friday night by local talent for the benefit of the Presbyterian church, was a success in every way. The receipts amounted to more than \$63.00, and netted above expenses about \$46.00. The program was an excellent one. The large audience which filled the Masonic hall, seemed to appreciate every number on the program. Special mention cannot be made, for in that case about all the numbers rendered would deserve mention. The members of the Presbyterian church wish to thank each and every one who assisted on the program or who in any other way helped to make the entertainment such a success, and the HERALD'S kindly aid is especially appreciated.

The Largest Mail Order House in the West.

The new fashion catalogue of mens' womens' and childrens' apparel, household supplies, etc., issued by Weinstein, Lubin & Co., Sacramento, Cal., is the handsomest book ever sent out by them. Many of the illustrations are works of art. The book is free, and valuable to have, whether one cares to buy or not. Weinstein, Lubin & Co. do the largest mail order trade in the west. That is proof that their goods, prices, and service are of exceptional merit.
